

Fatty to Sexy 2

Chapter 2 She Is Back

Three years later.

On the soft bed, the beautiful woman slowly opened her eyes and stretched lazily.

The aches and pains in her body were accompanied by the sound of running water in the bathroom, where a figure could be seen shifting through the frosted glass.

She stretched again and said softly, "Paige, what time is it? Why do I hurt all over?"

Her voice was soft, which could make people's hearts tickle.

The bathroom door opened with a creak, and a man burst into her line of sight.

His pectoral muscles, sexy eight-pack abs, and perfect waistline were all visible as he wore only a snow-white bath towel.

A crystal bead of water slowly descended down his neck, the ultimate in seduction.

The coldness of his face and the chill that comes from his bones make people retreat.

"Who are you? Why are you here?" Jocelyn frowned and questioned, frightened and hurriedly wrapped up the blanket tightly.

The man stepped forward with flirtatious look and watched her from above, "Shouldn't you ask yourself?"

His eyes were so deep that one could not see his emotions at the moment, and a strong sense of oppression poured down from him.

At those words, Jocelyn's mind began to race, and suddenly realization dawned on her, and she was ashamed.

This was all her fault!

Drinking was really a mistake! So she was considered cheating within marriage?!

Although after two years of marriage, she didn't even know what her husband looked like.

But their marital relationship was real, and so was that agreement.

Last night she and Paige were drinking in a bar, and when they were too drunk to drive, they got a room together upstairs.

When the room was ready, Paige went up first, while she felt sick so she went downstairs to the bathroom alone.

Then she went into the room and felt thirsty so she drank the water on the bed and lay down with the light off.
