Chapter 741 Scent

"Some people say that it took most of the year's saving in order to see you, must wait until you..." Rosa added.

On the balcony, Ryan, who was still continuing to sip wine, took it all in.

Hearing Rosa's words, the man's good-looking eyebrows frowned slightly, "Got it."

Just at this time, it suddenly started to drizzle outside.

Many fans did not bring umbrellas.

Yet they remain in place.

Seeing this image, Ryan's heart immediately ached, he got up, casually changed into a black sports suit, took a black umbrella and went out the door.

They had waited here for no other reason than to see him.

As soon as he had satisfied them, they could also leave.

It was so cold and raining, he couldn't bear to watch the fans, literally at the door, waiting until dawn.

After leaving the door, Ryan held his umbrella, called a group of bodyguards and went straight to the black Mercedes Benz car he drove here.

He had the window half down and asked his bodyguard to drive the car, from one end of the road, to the other.

After that, she was back to the hotel.

Those fans waiting outside saw his face.

Although, he didn't say a word the whole time.

But the fans still knew what he was up to.

The girls, one by one, cried even more.

Chapter 742 Responsible for you

A top star in the entertainment industry, if in the middle of the night, is sent to hospital because of this.

Then the media, and the general public, must be generating a lot of speculation.

It is possible that people will even put a lot of unwarranted things on Ryan.

It's bad enough that even rumours like taking drugs can be created.

And many marketing numbers, and media platforms, will do anything to attract traffic, no one cares what the truth really is, all they care about is traffic.

After thinking about it, Rosa decided to contact a private doctor to Ryan's home to treat him.

Opening her phone contacts, Rosa began to rummage for a personal doctor to call.

However, just as she found the number, before she could call it out, Ryan pulled her into his arms.

The next second, he rolled over regardless and pinned her down.

She likes this man very much, yet is conscious of the gap between herself and this man.

Although, right now the opportunity to come into his life has come.

Yet, she didn't want it.

Because, she knew that Ryan would be embarrassed if he slept with a woman like her.

According to his temper, when the time comes, he will demand responsibility.

In time, he will be tied for life to someone he does not love.

Loving someone, sometimes, doesn't have to mean possessing them.

Since she is not good enough, she must always keep her head above water and not lose herself.

Ryan is the god of heaven, clean and spotless.

Now, if she takes advantage of the situation, she would be defiling the gods of heaven.

"Help me."

"Ryan, I don't need you to be responsible and I have a boyfriend. If you want to be responsible for me, doesn't that mean I have to abandon my boyfriend for you? "

"I'm not the kind of person, and I don't like you." Rosa said again, "So just stop messing around, okay?"

She knew very well the temper of Ryan.

He has always done what he said he would do.

Since he could say that, it meant that he was determined to be responsible for her.

And in order not to put so much pressure on him, so she had to make up such a lie.

Only then can he be unburdened.

He didn't like her at all, and since he didn't, what was the point of being forcibly tied together?

Her words filled Ryan's eyes with consternation.

Under the impression that she is single and has no boyfriend.

"You have a boyfriend?" Ryan asked.

The guilt he felt in his heart grew.

In that case, it would be like, not only did he sleep with a pure girl, but he cuckolded an innocent man.

"We were childhood friends and fought together in this city, I just didn't tell you before." Rosa added, "I love love my boyfriend, so Ryan, please, don't be responsible for me."

Ryan did not speak and fell into deep thought.

And Ryan, seeing Rosa's face of indifference, felt more relaxed.
"What should be given to you, I have already had it transferred to your name." Ryan said in a soft voice.
Hearing this, Rosa instantly panicked, "I said no."
Ryan, however, smiled gently, "No, I want to give you."
"I'll give it back to you." Rosa added.
"The closing costs are expensive." added Ryan.
"Even if it's more expensive, I have to give it back." Rosa's expression got more and more serious.
Although, for a girl from a small family like her, a big house and a luxury sports car are really a great temptation.
She did not, however, want to get it from Ryan.

She knew that Ryan was trying to make amends, but she simply didn't need to.

If it were true, what would she be if she slept with someone and then received those things from him?

"Stop it." he spoke softly, his voice carrying a bit of a compelling charm.

Zoe tone and nice voice instantly warmed Rosa.

However, she got herself under control, "What do you take me for? I said I don't need that."

"What else can I take you for? As a good girl, as a girl I'm sorry." Ryan said truthfully.

"I don't want it."

"Rosa, if you don't want it, then I will chase after you and be responsible for you." Ryan knew that Rosa had in mind, but since she suffered a loss at his place, he should make up for it.

And Rosa was standing in the crowd, with the crowd, looking up at him.
Although the venue was crowded, when Ryan actually started singing, there was no half-hearted noise.
His voice was the only one that echoed in the large world.
Rosa again was deeply enchanted by him.
She had been cheering and clapping along with the crowd.
"How can Ryan sing so deeply?"
"Ryan is the most handsome in the universe. I need a sedative and I need a tank of oxygen."
"Ryan, develop your career well, no love allowed."
"Sometimes I often wonder what kind of woman can sleep with such a man, and just thinking about those makes me sour."
The fans' words were so clear that Rosa could hear them clearly when she was in the middle of the crowd.
Especially the sentence, what kind of woman can sleep with such a man, immediately penetrated into the deepest part of her heart.

Last night, those crazy memories, once again feverishly, reflected in her mind.

It was like a movie replay that kept repeating itself in her mind.

Every scene made her heart beat faster.

However, for the rest of her life, it was destined to become only a great secret.

She can only sneak it in her mind when she's alone.

Looking around at the crazed fans, Ryan bowed deeply towards them. The sound of the music completely disappeared.

Seeing that it was her junior high school classmate Beatrix's phone, Rosa immediately pressed the answer.

Beatrix was her junior year tablemate and was a very nice girl.

Throughout her junior year, she has been close to this girl.

"Rosa, are you free next Monday night at eight o'clock? Our class is organizing a class reunion at the, hot pot restaurant above Grand Treasure Plaza in Flento City."

"Do you want to come? About half of our junior class will be here by then."

"What a coincidence that almost all the students in our class at that time are working in Flento City now."

Beatrix asked, with a bit of excitement between her words.

On hearing this, Rosa immediately recalled her trip around that 8pm next Monday night.

Next Monday, at 6pm, she's off work.

Thinking of this, Rosa said excitedly, "Okay."

"That's great, I'll see you then. I'll let you know the exact location."

"Okay."

"By the way, are you working as an assistant to Ryan? Many students in our class are his fans, so why don't you help out by bringing some of his autographed photos and so on?" Beatrix said, "I'm also a fan of his, I really like him."

"I'll see." Rosa changed the subject, "How have you been?"

Ryan has an inordinate amount of work to do every day.

How could she possibly bother him to do this for her?

"I'm fine, are you?"

"Well, I am good." said Rosa truthfully.

After a brief chat with the other side, Rosa simply hung up the phone and set a reminder for the class reunion in her own phone.

Off to the side, Ryan heard it all.

Once upon a time, when she was at school, Aurelia bullied her much because she wasn't good with words.

The manner in which Aurelia spoke to her at this point was unmistakably brutal and harsh.

It made Rosa uncomfortable.

However, in order not to spoil the atmosphere, Rosa held back.

She just smiled lightly and looked at Aurelia and said, "No, I really forgot to bring it."

Aurelia coldly snorted, "I don't believe it. It's that Ryan doesn't even put you in his eyes, so he rejected you, isn't it?"

Rosa shook her head, "No, he is very nice to me."

"How many stars in the entertainment industry can really be nice to their assistants? None of them, at all look up to their assistants." Aurelia said bluntly.

Hearing that, Rosa was instantly more displeased.

Although, it is true that many other celebrities are not very nice to their assistants.

But Ryan, no.

He never looked down on anyone.

It's OK to slander her, but it's not OK to slander Ryan.

Rosa's temper all of a sudden came up, "Aurelia, stop your nonsense, Ryan is nice to me, to other staff, and he does not look down on me."

"Are you so agitated because I've poked your nose in?"

"Is your life not as good as it could be right now?"

Aurelia continued speaking bluntly.

"Haha, get more than me? Why don't you ask Rosa to do it now? Do you really think it's easy to get tickets for a top-notch concert like his?"

"A person who can't even get an autographed photo, will Ryan give her many concert tickets?"

Aurelia rolled her eyes.

The girls around her, who had taken the benefit, also gave Rosa a blank stare.

Immediately afterwards, they began a round of flattery towards Aurelia.

"Aurelia, you're really amazing. Let's follow the stars together in the future."

"I really dreamed of having Ryan's concert tickets. I failed to get one several times. Aurelia, you are really great."

"Aurelia, I think, a woman as good as you, if you chase after stars every day, maybe one day Ryan will fall in love with you."

"That's right, Aurelia, go for it. Many stars will fall in love with their fans, try to pick up Ryan."

"Wow, I found out that our tickets are all in the tenth row, it is really good. In the tenth row, the view is great, Aurelia, you are the best."

And the boys on the scene were looking on coldly.

No one, for the sake of someone like Rosa, would be willing to offend the promising Aurelia.

"The person who sent me the tickets told me when the time comes, he will take me to see Ryan. Any of you want to go, I can bring you along with me." Aurelia continued to show off.

Rosa and Beatrix couldn't even find the space to retort to her.

"Really? Aurelia, you really are good."

"That's right. I dream of taking a picture with Ryan, it would be nice if we could have dinner together."

A few of the girls started to think about it.

Aurelia helplessly sneered, "Don't think about the dinner, although that friend of mine is very dignified, but, it's impossible for Ryan to have dinner with us."

Everyone nodded their heads.

When Ryan's gaze fell on them, they went crazy!

The dream of many of them is to be looked at by their idol.

Just one glance is enough to amaze the youth.

Afterwards, everyone then shoved the original tickets they were holding to Aurelia.

"Sorry, it's better to have a seat in the first row in comparison."

"That's right, the first and second rows are better."

"Thank you, Aurelia, but please take it back."

The moment the tickets were stuffed back into her arms, Aurelia felt embarrassed.

Originally, she was going to take these tickets and pretend.

As a result, she got into trouble instead.

Ryan must have done so because, having heard, at the door, what she said and seen what she did.

And in shame, she felt regret.

Rosa wasn't bragging at all.

Ryan treats her exceptionally well.

If she had known this was the case, she should have gotten on good terms with Rosa, so that she might still have a chance of getting close to Ryan.

Now, not only did she lose someone who could help her get close to Ryan, but also left Ryan with a, deep, bad impression of herself.

Next, even if she had the chance to approach Ryan, Ryan would definitely not see her.

It's not supposed to be like this.

How could Rosa, an assistant, have such a high status with Ryan?

"A few of you, give your addresses to Rosa in a moment, and I will mail the tickets to you." Ryan calmly looked at the people who returned the tickets and said.

Chapter 750 Trying to replace her

At this moment, each of them wanted to replace Rosa!

Who are they to look down on Rosa?

She is better than them, okay?

They all tried their best to squeeze around Ryan, just to be able to be looked at by Ryan.

But what about Rosa?

Not only can she be looked at a lot by Ryan, but also be help with food.

Most importantly, Ryan wants to promote Rosa!

Perhaps in the future, Rosa will become a powerful woman in the entertainment industry under the guidance of Ryan.

Ask a girl like that, who wouldn't want to replace her?

Next, Ryan has been helping Rosa with food, and although Rosa feels embarrassed in his heart, she can only reluctantly accept it because of the generosity.

On the side, Beatrix, looking at the two of them so well, suddenly felt relieved.

"Ryan, thank you for being so nice to Rosa." Beatrix said as she looked at Ryan with a smile on her face.

She loves Ryan very much.

Now that she sees her idol so down to earth in private, she loves him even more.

The boy she loved so much really deserved to be loved.

The persona he presents is who he is! He's really real!

"Not at all." Ryan said in a soft voice, and then he gave beef to Rosa and said, "Don't you like to eat beef? Have some."

After the words, Ryan looked at the crowd again and said, "I will pay for the bill, everyone orders what you like."

The crowd, instantly, went even more crazy with joy.

And even more envious of Rosa.

"Ryan, thanks." Rosa said with a smile.
