Chapter 851 The Best Ryan (1)

The fans were very enthusiastic.

But in a very measured way.

After taking a few pictures of the two of them, they thanked them and walked away.

And the two of them, Ryan and Rosa, left the district together.

The two left the neighbourhood and returned to Rosa's house together

Just after entering the house, Rosa's mobile phone vibrated.

On the phone, a news item popped up, just released by Weibo News, "Rosa and Ryan are now in the White Mountain neighborhood of Ice County, eating fried skewers."

She really didn't think that the news could spread so quickly.

After all, it's the middle of the night.

When she clicked on the news, she saw a screenshot of the Weibo news, which the marketing number had just post, of the three female fans they had met in the White Mountain neighborhood, with the two of them.

Screenshot of the group photo, from, respectively, all three of their Weibos.

The accompanying text of the three, all in unison, was in an excited tone, "Ahhhhh, I have never thought that I would have a chance encounter with Ryan in my own neighborhood."

And besides, the screenshots of the three of them, there are two more screenshots of the marketing numbers carrying the other girls' Weibos.

One person post a picture of the kebab shop in the White Mountain neighbourhood and captioned it with the text

"I saw someone in the White Mountain area and met Ryan by chance. Half an hour before that time, my friend and I were at the Netflix kebab shop in the White Mountain area, leaving after eating kebabs, and I remember we were eating kebabs when we met a young man and woman with a group of bodyguards coming to eat kebabs."

"Because of the bad lighting at night, plus, they were all wearing masks and sunglasses and hats and surrounded by a whole bunch of bodyguards, we couldn't see their faces at all, so we didn't know who it was."

Whenever she looks at the person in front of her, Rosa feels that she is the luckiest woman in this world. Because, what she has is that countless women all over the world tend to crave for.

"What's on your mind?" Ryan was quite at ease.

"Nothing. Just feeling that I'm lucky."

"Fool. Get washed up and go to bed."

After taking a bath, Ryan carried her into the room.

While taking a shower, she saw his reaction.

Although, Ryan was doting on her but not loving her.

But he still has reaction whenever the two of them are in close contact.

The thought of that scene made her face flush.

And her heart jumped straight to her throat.

Back in the room Ryan switched off the light.

And then, by the light of the street lamp coming in from outside, she was placed on the bed.

He then walked to the window and closed the curtains.

In a moment, the whole world went black.

The next second, he breezed into bed in the dark and lay beside her.

In the next second, he then brought his arms to the part under her neck, and wrapped her in his arms again.

Living with Rosa was a lot more comfortable than he had imagined.

Although he did not love her in his heart, he felt, however, very much at ease because she was gentle and warm-hearted.

Often, when he looks at her, his heart unconsciously develops a lot of protectiveness.

Chapter 853 Mixed Feelings

At this moment, Jocelyn was sitting with a serious face in front of the main seat of the huge U-shaped conference table, listening to the heads of each department, reporting the recent situation of each department.

And the condition of the various departments is perfect.

After listening carefully to the reports of the various departments, Jocelyn snapped her fingers in satisfaction and then asked, "OK, if there's nothing else, we'll adjourn the meeting."

Jocelyn then simply got up and left the conference room.

As soon as she left the house, a call from Paige arrived on her mobile phone.

She instantly pressed answer straight away.

"Miss Murphy, the actress, Savannah, made fame in the school web drama, some time ago, said to me to terminate the contract. She unilaterally broke the contract, I said to follow the contract, ten times the compensation, now she is very dissatisfied, saying she will expose us."

Jocelyn shrugged blandly and continued to advance with her long legs while saying, "Then let her be, whatever she gives us, we just catch it."

Savannah is a newcomer that she had previously discovered with Paige.

It is a school girl of an art college.

Since she came to the company, the company has not done anything wrong to her, giving her resources and so on.

The termination of the contract, which was a unilateral matter for her, was then naturally to be done in a businesslike manner.

In this case, it was Savannah who was at fault.

"Okay." Paige said.

"Is there anything else?" Jocelyn asked.

"No." Paige added.

Jocelyn pressed hang up and went into her office.

During this time, Jocelyn was in a good mood and had a very happy life, and because of this, there was the ultimate sense of confidence and happiness under her eyes.

Her career has been going smoothly.

The antique company that was invested in some time ago, after many complicated preparations, was successfully opened yesterday and is now gaining momentum.

Chapter 854 Those scars will eventually make us stronger

In fact, today, when she heard Paige telling herself about Joseph's tragic situation, the excitement she felt inside was not as strong as Paige's.

She is relatively calm.

Probably because, she thought that the revenge against Joseph was enough.

Or maybe it's because, with Gloria's death, Joseph and Stewart family, one after the other, have suffered retribution and she has let go of that past.

Now for Joseph, long unworthy, she wasted any bit of superfluous emotion.

Life really is quite amazing, she thought.

There are many hurdles that you think you can't get past at the moment, but when you do get past them, you'll look back and think that it's not a small deal.

Many of the hatreds that you think that you will never let go of, you actually let go of over time as you get better and better at it yourself over time.

Things that used to sting you in the beginning that you can even laugh about in the end.

It turns out that all wounds scar.

And those scars, eventually, will become your armour, guarding you and giving you the strength to be invulnerable to swords and spears.

Joseph or Gloria used to make her heart and liver violent.

Now, in her life, it is but a speck of dust.

When the wind blows, it falls apart.

They don't even deserve to be in her memory for too long.

After watching the night scene in peace and quiet for a while, Jocelyn turned around and went back to the front of her desk, and then from the drawer, she took out the sitting make-up mirror and placed it in the face contact.

Immediately afterwards, she laid out all the make-up items in her bag on the counter.

After briefly touching up her make-up in the mirror, Jocelyn returned everything to its original position.

Just then, her phone, once again, vibrated.

It's a message from Paige and informed her of the location of the evening meal.

Rather, it is Ryan and Rosa.

Seeing the two of them, Jocelyn then smiled brightly, "What brings you here?"

Beforehand, Paige had not told her that the two of them were coming.

She felt surprised.

Rosa was wearing a plain white shirt dress, light make-up, contact lenses and silver high heels, innocent and lovely.

Although Rosa's face is not as good as Ryan's.

But the two stand together in a very comfortable way.

Jocelyn hadn't noticed it before, but now she suddenly felt that the two of them really had a sense of couple.

"Abel told us to come." Ryan smiled lightly before he took Rosa's hand and walked across to the two of them and sat down.

Because both of them used to be Rosa's leaders, nowadays, although they are all on an equal footing, Rosa is still habitually nervous and restrained when she sees them.

As soon as they sat down, Rosa began to busy herself with pouring tea for the two of them.

Jocelyn took her cup of tea, said with a smile, "I'll do it myself."

Rosa hooked her lips, "No, I'll do it."

She insisted on pouring tea for Jocelyn and Paige.

She then poured another glass for Ryan and herself respectively.

Lifting her head, looking at Jocelyn's radiant appearance, and then thinking about herself, Rosa suddenly began to feel inferior again.

Especially when she thought of Ryan's feelings for Jocelyn, she was even more inferior.

Although he has met Jocelyn many times, she is still amazed by him.

She really didn't know that women could be this beautiful until she saw Jocelyn.

She thought that Ryan must have felt the same way.

The thought of it made her heart, inwardly, run with jealousy.

"Rosa, is there any traffic on the road?" Jocelyn asked in a soft voice while sipping her tea delicately, taking the initiative to find a topic.

Rosa nodded, "A little."

[A true celebrity, Jocelyn.]

The Weibo news that came into her eyes really took her by surprise.

She instantly clicked in with her eyes full of questions.

What came into view was a Weibo news post a video.

The video was filmed just now.

The video shows her, with two hundred bodyguards, heading inside the Japanese restaurant she is in at the moment.

She stood out in front of a group of tall men dressed in uniform, black clothes and trousers.

It is like the only red rose in full bloom in the midst of a vast expanse of green foliage.

The men behind them were all masculine and serious.

She, on the other hand, was a gentle face full of nobility.

The video is shot from a good angle and is accompanied by a very dynamic BGM, which sets off her whole persona and aura.

And above the video, it was accompanied by a text, "A netizen captured Jocelyn going out for dinner and said that she is the real celebrity."

The video has just been released.

The comment, however, is already over six figures -

Above the heads is a sumptuous ceiling created by white roses, with diamond tassels.
The warm yellow tones of the light, the sumptuous ceiling and the shimmering halo are enough to
disorient the mind.
In the middle of the red carpet was the officiating platform for this wedding.
At the officiating platform, the male wedding minister, dressed in full regalia, was already in place.

Jocelyn, as well as the Mason family and Rosa's family, were sitting in the first row on either side of the wedding officiating platform at this time.

Each of them was dressed up in full costume.

Jocelyn was wearing a light pink bustier slim silk high-cut fishtail dress, diamond jewellery, her face painted with delicate make-up, her long hair naturally draped to one side, and a small pink party hat worn diagonally on top of her head.

Underneath the small hat, a light pink lace net draped just right to cover the smallest part of her face, creating a sense of mysterious beauty.

The pink lace net, and the pink ribbon, above the bowler hat, created a floral scene, lining she as beautiful as a flower fairy.

The delicate skin, illuminated by the light, is like a freshly shelled lychee.

In this way, she is exquisite and radiant from head to toe.

Beside her, Noah was wearing a plain black hand-tailored suit with a small black waistcoat, a white shirt, and a black tie.

With hair styled in pompadour, those perfect features are in full view.

The two of them sitting together is earthly goodness.

And beside them, the other members were similarly dressed in gowns, suits and sophistication.

There are many famous women behind Jocelyn.

They are all glorious.

However, it pales in comparison to the moment it meets Jocelyn.

"I do." said Ryan without a second thought.

"May I ask Miss Rosa if you are willing to marry Ryan Mason by your side and love him in sickness and in health, for richer or poorer, for the rest of your life, without leaving him?" The priest added.

Thousands of stars, constantly flowing before her eyes, beautiful scenes, the most desirable groom, the grandest wedding, everything, all of it, made Rosa excited.

The moment she heard these words from the priest, Rosa burst into tears of emotion.

In the soft light, the teardrops are like brilliant diamonds, dazzling.

Taking a deep breath, she nodded gently, looked deeply at her Prince Charming and whispered softly, "I do."

"Now please exchange with each other the tokens of love." the priest said.

He then placed the two ring boxes, respectively, into their hands.

Immediately afterwards, the two of them opened the ring box they were holding.

The ring box in Ryan's hand is an incomparably luxurious white gold diamond ring. On the ring, are ten carats of teardrop shaped diamonds, and countless small diamonds created in the shape of a crown, sparkling to the point of disorienting the eyes.

The ring in Rosa's hand is a simple white gold ring set with a circle of diamonds, perfectly cut and full of sparkle.

Both of these rings designed by Jocelyn herself.

Worldwide, only two of these.

The women's ring, as soon as it appeared, immediately exploded like crazy in the live feeds again -

[Oh my god, is it 10 carats?]

[What a beautiful ring, what a handsome husband, Rosa, I am jealous of you.]

[It is said that the ring was designed by Jocelyn herself=.]

What popped up in the phone was about the lavish wedding scene of Ryan and Rosa.
The world, at this time, is universal and bustling with activity.
Jocelyn did not click in, but quietly returned her gaze to Ryan and Rosa.
At this point the priest announced with a smile on his face, "I now pronounce you two officially married."
In an instant, countless snow-white rose petals streaked down from above their heads.
A shower of petals in the bright and warm light captures the eye.

Many people, unconsciously, picked up their mobile phones and started filming the shower of petals.

There was, once again, thunderous applause.

Everything is beautiful, as in a big production movie or TV series.

And the bride and groom, at this point, are the main characters in the drama.

Her smile is charming and provocative, revealing the unique charm women.

Although Rosa's features are average, they are very three-dimensional and malleable.

So, no matter what the makeup, she can handle it perfectly.

The man beside her, Ryan, had changed into a black and white striped suit with a small black and white striped waistcoat inside, as well as a white shirt with a black tie.

Walking with Rosa in this way always gives the illusion of a novel in which a suave and dominant medieval general, with his wife, comes down from the pages of a book.

The crowd couldn't take their eyes off the two of them at all.

Meanwhile, the live stream pop-ups showed again -

[How good is this styling, Rosa's stylist is so good, right?]

[From then on, the hero and heroine in the novel both have faces, this couple is really so in love.]

[Ryan is so handsome. Trying to molest him.]

[Rosa is really a winner in life].

[As the heroes and heroines of this feast, these two definitely are the perfect match.]

After the crowd had finished eating, there was a, well, grand ball at the top of the old castle.

And as the star of today's wedding, Ryan took Rosa with him and walked onto the dance floor, ready to open the dance for everyone.

They didn't start dancing right away.

Instead, first, they let go of each other's hands and took a few silent steps back.

Immediately afterwards, Ryan made a princely salute towards Rosa.

After Ryan curtsied, Rosa then immediately returned a princess salute.

It has recently become very popular on Tiktok.

Countless people are making this salute.
