

First Love 106

Chapter 106 I Won't Forgive You

"So you come to work early every day. I foolishly thought you went to the factory. I thought you had changed for the better. So this is why you come out early." At this time, a young woman wearing a jacquard long skirt, with a plump figure and a warm and angry face walked in calmly.

When Wang Kun saw this person coming in, he shuddered all over and couldn't help shivering. "You, why are you here?"

After saying that, he looked at her in horror, not moving at all. After a moment's pause, he immediately rushed in front of the person to block her, for he was afraid that she would rush forward and hit Qiuyan.

If that person hit Qiuyan, she would be in trouble. Qiuyan's wound has not healed yet...

The person who came was none other than Li Zhen, who had followed Wang Kun home. It turned out that Li Zhen was washing up at home. At this time, Xiao Zhong, the factory custodian, was going to deliver a batch of goods to a customer and wanted Wang Kun to sign, but he couldn't find anyone.

The situation was urgent, so Lizhen drove hurriedly to the factory, but it was rush hour and she was stuck in traffic not far away. Seeing the situation was urgent, Lizhen drove from another road.

I don't know how Lizhen drove to the hospital gate. Hey, isn't this her husband's car? Lizhen saw her husband's car at a glance...

Why is he in the hospital? Did his car have an accident and hit someone? Otherwise, why would he be in the hospital so early in the morning? I'll go and take a look.

Lizhen hurried to the emergency room, but there was no one there, so she had to run to the inpatient department.

Li Zhen looked through the glass window of the ward, one room, two rooms, Li Zhen kept looking, and then a familiar figure came into her sight. Isn't this her husband?

At this moment, Lizhen's head buzzed. Could it be that her husband had really been in a car accident and hit someone? She pushed open the door of the ward without hesitation.

At this moment, a very ambiguous scene came into Lizhen's eyes. Wang Kun was carefully feeding a woman sitting on the bed with a spoon. When Lizhen saw the woman sitting on the bed clearly, the hot blood in her body rushed to her forehead.

Lizhen was trembling all over and couldn't speak for a long time. She couldn't control her emotions and her legs couldn't help but take big steps forward.

"Lizhen, please listen to my explanation." Wang Kun blocked Lizhen and hugged her.

Seeing the angry Lizhen Qiuyan immediately wanted to struggle, but because her wound had not yet healed, it was pulled and she grimaced in pain.

"Don't move, don't touch the wound." Seeing Qiuyan in so much pain, Wang Kun couldn't help but care about Qiuyan.

"Lizhen, don't blame Brother Kun. I was the one who found him. Brother Kun felt so sorry for me." Qiuyan spoke with a crying voice, looking very pitiful, which made people feel very pity for her.

Li Zhen was so angry that she had lost her mind. She shook Wang Kun's hand away and said, "Don't touch me. Take your dirty hands away from me."

Lizhen tried hard to push Wang Kun away and hit Qiuyan, but no matter how hard she tried, Wang Kun didn't move at all and stood firmly beside Qiuyan's bed without moving an inch.

"Lizhen, listen to me. She had an appendectomy. She has no relatives here, so she has no choice but to come to me." Wang Kun persuaded Lizhen while holding Lizhen tightly and carrying her out.

Li Zhen was not as strong as Wang Kun, so she could only obediently let Wang Kun carry her out of the ward.

"So you go out so early every day, so you do it for her? I didn't expect that a dog will never change its eating habits. I thought you had changed for the better, and I wanted to forgive you for the sake of the child, but you did it behind my back. You still hurt me without considering my feelings. I will never believe you again this time." Li Zhen was so angry that she was shaking all over.

"I can't just stand by and watch her die. She had appendicitis that day and needed surgery. It was an emergency." Wang Kun had a sad face and repeatedly emphasized the cause of the incident.

"Then why did you have to hide it from me? Why didn't you tell me the truth? Don't I have any sympathy at all?"

"I'm afraid you'll misunderstand me again."

"Aren't you afraid that I will misunderstand you by doing this secretly?" Lizhen felt pain in her heart. How could a man have such hatred? I am a top student, and I condescended to marry you because I thought you were honest and pitiful. But now you hurt me again and again. I, Lizhen, can no longer swallow this anger, and I will never forgive you.

Lizhen realized that there was no point in continuing to make a fuss. She felt as if a lump of cold ice had been stuffed into her heart and she was shivering all over.

"Lizhen, what's wrong with you?" Wang Kun looked at Lizhen who was trembling and asked with great concern.

Li Zhen looked at Wang Kun with an angry look, then suddenly turned around and walked forward step by step, her feet feeling as if they were filled with lead.

Looking at Li Zhen who was distraught and walking away step by step, especially the resentful look in her eyes just now, which then turned into a look that made him feel very unfamiliar and frightened, his heart skipped a beat. Li Zhen would never forgive him this time. Suddenly, a very cold wind blew across the back of his head, and he thought his family was going to be broken up.

7. Life is confused, turbid, procrastinated and disordered. It is like a scar from many years ago, which cannot be healed or split open. It is like a ghost that holds me back. It is like living in death!

Betrayal is like an hourglass, and tears and heartache are the trickling sand. Every time the yearning turns, it will cause a dam to burst. Every betrayed person once sang "Happy Breakup" and suffered the time after the breakup. Many urban men and women have experienced this.
