

## First Love 109

### Chapter 109 You can do this to Lizhen

The man who was walking a little hurriedly was none other than Hongliang. Although he did not marry Lizhen, he secretly kept Lizhen in his heart, loved her forever, watched her from afar, and cared about everything about her.

Ever since he discovered that Wang Kun was doing something inappropriate behind Li Zhen's back last time, he asked someone to follow Wang Kun. What happened to Li Zhen today was reported to him by that person.

"Chairman Li Zhen is in trouble."

"What happened? Where is Lizhen now?"

"It seems that Lizhen discovered that her husband was having an affair." The stalker told Hongliang everything he saw.

"She's in the hospital now." Hongliang was reviewing documents in the office, but when he learned that Lizhen was in trouble, he immediately put the documents aside and rushed to the hospital in a hurry.

Hongliang ran straight to the emergency room. When he saw Wang Kun sitting on the bench, Hongliang's heart seemed to fall into an icy abyss. The sharp ice cone cut through the ice, drawing a perfect arc.

He still had the same cold expression as usual, stern eyebrows and eyes, sharp thin lips, but in his pair of bottomless black pupils, there was a terrifying storm.

He wanted to pick Wang Kun up, but after thinking for a while, he calmed down and asked in a low voice with warmth, "How is Lizhen?"

Wang Kun held his head in his hands in pain. His heart was in extreme pain and he fell into extreme agony.

When he heard a familiar voice sounding above his head, he instinctively raised his head in surprise. When he saw that it was Hongliang, his eyes were filled with panic and he stood up in horror.

"Chairman, why are you here?"

"How is Lizhen now?" Hongliang felt a surge of anger when he saw Wang Kun's dejected expression. Especially when he thought of Wang Kun's shameless deeds, he immediately understood what was happening to Lizhen.

"Lizhen is being rescued inside." Wang Kun looked at Hongliang and spoke hesitantly.

"Why is Lizhen in there for rescue? You know better than me why," Hongliang pointed out Wang Kun directly.

"I didn't know things would come to this." Wang Kun wanted to defend himself. He thought Hongliang might not know the inside story.

"Do you think I don't know what happened between you and Lizhen? In fact, I have noticed you for a long time. What did you promise me at that time?" Hongliang could not bear the promise Wang Kun made in front of him.

"Please listen to my explanation, but I also have my own difficulties that I can't tell you." Wang Kun raised his head slightly, but he never dared to look into Hongliang's eyes.

"You have your own difficulties. You cheated on your partner and yet you make excuses for yourself. Are you still a human being? Are you worthy of Lizhen who loves you wholeheartedly?" Hongliang became even angrier when he heard that Wang Kun not only did not admit his mistake but also defended himself.

"She is my first love. This time she has appendicitis and needs surgery. She has no relatives here and she only knows me. She found me, and I can't just stand by and watch her die," Wang Kun explained helplessly.

"This..." Hongliang thought what Wang Kun said made sense. Yes, how could a person just watch someone die without helping, especially since the person was his first love. It is impossible for a person to be without conscience.

Wang Kun told Hongliang everything about what happened when Qiuyan had appendicitis in the hotel, and how the hotel waiter called him to the hotel to give a detailed explanation.

Wang Kun's story confused Hongliang, and he was speechless for a moment. But Hongliang thought about it carefully and realized that something was not right. Wang Kun clearly knew that the woman was here. He saw Wang Kun come to this hotel a few days ago.

"Wang Kun, you are lying. Are you a man? You should be brave enough to take responsibility for your mistakes. You went to the hotel today to save this woman, but why did you go to the hotel a few days ago? You thought you did it perfectly and wanted to hide it from the world. In fact, I have been paying attention to your whereabouts for a long time, but I haven't found any evidence to expose you." Hong Liang spoke directly to the point and revealed everything about Wang Kun.

When Wang Kun heard Hong Liang tell him everything he had done, he suddenly felt like a deflated ball and fell down on the bench, secretly crying out in his heart, "It's over!"

"This is a matter between us husband and wife. Why are you, an outsider, interfering in it?" Suddenly Wang Kun seemed to remember something. His demeanor made a 90-degree turn. He jumped up as if he had been injected with a shot of stimulant. He wanted to take the initiative and give Hong Liang a warning so that he would be unable to speak.

Hongliang was somewhat shocked at first when he saw Wang Kun's sudden change, but after he thought about it, his brain exploded like a thunder, and all the joints in his body seemed to be glued by strong glue and he couldn't move. He stared at him with wide eyes. Although his face was pale, he looked very heroic, which made Wang Kun tremble in his heart.

"You have kept your promise to me about your relationship with your spouse. Have you forgotten it so quickly?"

At this time, Wang Kun stared at the man in front of him in panic. He had neat short hair, long eyebrows slanting into his hair, sharp and domineering eyes, a jade-like nose, and thin but sexy lips. His heart was deeply shocked.

Yes, on the night before Hongliang was about to get married, Hongliang came to the factory to find him and said that he wanted to discuss something with him. Hongliang took him to a secluded place in the park and asked him to promise to be good to Lizhen for the rest of his life, otherwise he would win Lizhen back if they didn't get married tomorrow. He also declared that he wanted to compete with Wang Kun in martial arts.

At that time, Wang Kun regarded Lizhen as more important than his own life. He would agree to whatever Hongliang said, even if it meant sacrificing his own life.

Now I have done something unfair to Lizhen. How can I face Lizhen and Hongliang? What confidence do I have to argue with them here?

"But I had no choice but to do this this time, Hongliang, you have to believe me. We are both men. She is my first love. She came here, unfamiliar with the place and without any relatives. I can't just stand by and watch her die. I believe that as a man you have the same compassion." Wang Kun thought that only by saying this could he gain Hongliang's sympathy and forgiveness.

"I, I just can't stand you bullying Lizhen like this. Lizhen is such a good woman. She has academic qualifications, good character, and is beautiful. She has given herself to you wholeheartedly. And how do you treat her? You are a sentimental and righteous person. You have to consider your first love, but people also have to have morals and responsibilities. You are a family person. Lizhen married you, so you have to be responsible for her. If I am immoral and irresponsible, I will tell you today that I will take Lizhen away. But I am married now, I have a wife, and I have to be responsible for my wife." Hongliang's heartfelt words deeply moved Wang Kun. He lowered his head even more, he was ashamed.

"Hongliang, tell me what to do. I'm willing to do anything as long as Lizhen can forgive me." Wang Kun thought that Lizhen would definitely not forgive him. Now he could only see if Hongliang was willing to help him talk to Lizhen.

"It's hard for a woman to forgive you for doing something like this. It depends on whether Li Zhen can forgive you. It depends on yourself."
