

First Love 11

Chapter 11 She impressed me

After two days of treatment, Li Zhen recovered and became healthy. However, when she came to work in the company, she was transferred from her original position to the chairman's secretary. However, it was strange that the chairman's original secretary position was not changed.

As soon as Lizhen came to work that day, Mr. Zhong questioned her: "Where did you go again yesterday?"

"With friends," Lizhen quickly answered him, but Lizhen looked at him in surprise.

"Is it a boyfriend or a girlfriend?"

"Boyfriend" Lizhen did not hide it and answered very straightforwardly.

"How long have you been together?" Director Zhong looked at Lizhen as if a little unhappy.

"Director Zhong, this seems to be my personal privacy. I don't need to report it to you," Lizhen looked at Director Zhong in surprise.

"You are my secretary, I am asking because I care about you." Director Zhong immediately changed the subject.

"Thank you for your concern, Chairman." Li Zhen was also very smart. She knew how to change the topic so that he would not be able to start talking.

Lizhen wanted to leave Mr. Zhong's office quickly, so she made a cup of coffee for him and placed it in front of him. "Chairman, I still have a lot of things to do today. I'm going to get busy now."

Director Zhong saw that he couldn't get anything out of her, so he said, "Okay, go and get busy." Looking at Li Zhen's back as she left, looking at this beauty who made him worried and wanted to let her go but couldn't, Director Zhong shook his head helplessly, but he was still unwilling to give in.

Why is this girl so stubborn? She doesn't want to marry me, a rich bachelor, but instead chases after a penniless poor boy. But you don't know how many girls are waiting to throw themselves at me.

But Director Zhong looked down on her and missed this hardworking, ambitious and extremely smart girl who was not swayed by money. The more she was like this, the more Director Zhong thought that such a good woman would be a good wife, and he could not forget Lizhen.

He thought hard but couldn't find a better way to stop their contact.

Spring goes and autumn comes, time flies so fast that you don't realize that half a year has passed. During this half year, since Director Zhong provided her with many learning conditions, she has made a leap forward in management techniques and interpersonal relationships. She has learned a lot and laid a solid foundation for her future life.

"Lizhen, get ready to sign a contract with me today." Lizhen had just made a cup of coffee for Director Zhong and she was just about to bring it in.

"Oh, we're going there." After Li Zhen heard the clarification, she prepared the materials.

"From Rainbow Company." "Okay, I'll go and prepare it." Lizhen went out quickly to get busy.

Director Zhong looked at Lizhen's back and revealed a barely perceptible smile, because through his observation over this period of time, in his eyes Lizhen was a very capable woman who was particularly suitable for him.

Lizhen is not only beautiful and well-educated, but also a rare career-oriented woman. She is serious about her work, has strong working ability, is quick to understand, has a flexible mind, and learns things quickly.

Although Director Zhong wanted to train and cultivate her and make plans for her future, she seemed to turn a blind eye and had no reaction at all, which made Director Zhong very worried.

"Mr. Zhong, I'm ready." While Mr. Zhong was thinking hard, Lizhen had already sorted out the documents.

"Oh, okay, let's go. Xiao Liu, get the car ready and set off."

"Chairman, the car is ready."

"Okay, call the secretary." "Secretary He is leaving."

As soon as Lizhen and Mr. Zhong arrived at the company gate, a luxury car stopped in front of them.

The driver opened the door for Mr. Zhong and let him get in, but Mr. Zhong came to Lizhen and opened the door for her. Lizhen felt very embarrassed.

"This..." His face turned red unnaturally.

Director Zhong looked at Lizhen and said, "It's okay, go ahead." They got on the car one after another.

After getting in the car, Mr. Zhong's gaze slowly turned to Lizhen.

Lizhen turned her face and gave a sweet smile, "Mr. Zhong, please don't open the car door for me next time. It makes me feel very embarrassed."

"What's wrong?" Mr. Zhong was particularly happy and excited to see the smiling Lizhen willing to talk to him.

"How will others look at me if you do this?" Lizhen told Director Zhong shyly.

"It doesn't matter what others think of me. What I care about is how you think of me." Director Zhong looked at Lizhen with sharp eyes.

"This..." Mr. Zhong's answer made Lizhen blush and feel even more embarrassed.

"Can't you see the purpose of why I do this?" Director Zhong was still staring at Li Zhen's eyes, trying to give him an answer from her eyes.

"I" Zhong Dongneng's focused and sharp gaze made Li Zhen very scared. Li Zhen quickly lowered her head to avoid his focused gaze, but her face couldn't help but blush.

"I do this for a purpose, because I love you." Today, Mr. Zhong finally let him say it out loud.

Lizhen looked at the driver in front of her, her face as red as a ripe apple, and she didn't know what to say.

But Mr. Zhong misunderstood that Lizhen was just too embarrassed to speak. When he saw Lizhen's rosy face, he thought she was even more beautiful.

"Thank you, Mr. Zhong, but I, I..." Li Zhen wanted to say that she had a boyfriend, but she looked at the driver in front of her. She didn't want to reject Mr. Zhong like this and embarrass him in front of the driver.

Director Zhong was immediately overjoyed, but he misunderstood that Lizhen was embarrassed to answer him, so he was overjoyed and complacent, and an idea was brewing in his mind.

After more than an hour's journey, they stopped in front of a very luxurious building. As soon as they got off the car, a group of wealthy-looking people came to greet them.

"Good morning, Mr. Zhong." Mr. Zhong and Li Zhen and their group came forward and shook hands cordially.

"Mr. Li, you came earlier than us." They made a very beautiful gesture of courtesy to each other, walked into the hall together, and then took the elevator together.

Today's signing ceremony was completed quickly. Since Mr. Zhong was happy that the signing was completed, he took Lizhen for a walk to the guardrail by the river.

In May and June, there is a cool breeze on the riverside, the beautiful night view is brightly lit, and couples are enjoying the cool breeze on the riverside.

Looking at the couples in love, Mr. Zhong was moved by the scene. He looked at Lizhen beside him. He suddenly stretched out his hands and hugged Lizhen's shoulders tightly, and said excitedly, "Lizhen, will you marry me?"

Lizhen originally felt a little uncomfortable taking a walk with Director Zhong, but for the sake of Director Zhong's face, she couldn't refuse, so she walked with him reluctantly.

Director Zhong's sudden action startled her. She opened her eyes wide in horror and stared at him blankly.

"I've fallen in love with you since the first time I saw you, really." Director Zhong's blood was boiling as he looked at Li Zhen infatuatedly. With shining eyes, Director Zhong waited for Li Zhen's answer.

After hearing what Director Zhong said, Lizhen gradually realized that Director Zhong was desperately pursuing her and she could not hesitate any longer. She must explain everything to him, otherwise there would be a big misunderstanding. Thinking of this, Lizhen plucked up the courage to speak to him, then gently pulled away Director Zhong's hand and said very emotionally.

"Mr. Zhong, I'm sorry, I really have a boyfriend, and we are very much in love." After Li Zhen finished speaking, she sighed softly and looked at Mr. Zhong's changes and reactions.

"I know you have a boyfriend, but it's impossible for you two to be together. Besides being younger than me, he can't compare to my current conditions."

"Yes, he doesn't have the conditions that you have, but we are young and we can still work hard to create conditions. I don't like to be a vase. I prefer to create results through my own efforts. Otherwise, my parents' hard work to support my studies would lose its meaning. More importantly, I like him."

Lizhen's words surprised Director Zhong very much. Lizhen weighed even more in Director Zhong's heart. This is the kind of woman I have been looking for in recent years. She is the woman in my mind. I must pursue such a girl. Director Zhong racked his brains to think about what method I should use. I just don't believe that I, a rich bachelor, can't beat a penniless poor boy!
