

First Love 111

Chapter 111 I don't want to go back

Time flies quickly. Today is the day when Lizhen is discharged from the hospital. Jinlan got up early in the morning and came to her son's room. She walked to her son's bed and saw that her son had not gotten up yet. She frowned and said, "Kunkun, today is the day when Lizhen is discharged from the hospital. You should go to the hospital early to pick Lizhen up. You were wrong. You should apologize to Lizhen properly. No matter what she says today, you must not lose your temper. Even if she hits you, you must not fight back." After that, she immediately walked out of the room.

"Okay, got it." Wang Kun opened his sleepy eyes and looked at his mother.

After waking up her son, Jinlan went to the supermarket immediately. As she arrived early today, the supermarket had just opened and all the stalls were filled with beautiful and fresh things. Jinlan walked very briskly and lightly to a stall that specialized in slaughtering local chickens and ducks. She picked them up very skillfully, holding the chicken in her hand and sniffing it. "Boss, is your chicken fresh? Is it just a local chicken?"

"Hey, sister, you are my old customer. You have been doing business with me for several years. When have I ever cheated you?" The stall owner was a fat middle-aged woman from Shandong with a big face and a pair of fat hands. Although Jinlan was so picky and talkative, she still had a smile on her face and was very enthusiastic, and greeted Jinlan tirelessly.

"Not really. I just think you're a good person and you speak honestly, so I've been patronizing your business for the past few years." Although Jin Lan is a picky person, she also speaks according to her conscience.

"Sister, why are you out buying groceries so early today?" Because every day Jinlan has to send her grandson to kindergarten before coming to buy groceries. Usually she buys groceries around 8 or 9 o'clock.

"Oh, my wife gave birth to a baby and will be discharged from the hospital today." Jinlan came in and put the chicken on the scale. She was so happy that she wanted to tell everyone that her wife gave birth to a granddaughter whom she loved very much.

"Oh, congratulations, sister, you have given birth to another big fat boy," the stall owner congratulated Jinlan with a smile on her face.

"Thanks to your wealth, it's a rich girl." Jinlan's face was also full of joy.

"Hey, my daughter is a good girl. A daughter is like a little cotton-padded jacket for her parents. Girls will think more about their parents."

"Yes, I only gave birth to two boys. My wife is more capable than me. She gave me a grandson and a daughter. I am so happy that I want to laugh in my dreams. She has written the complete picture of a good son. Today she is discharged from the hospital and I will buy more delicious food to reward her. Hehe." Jinlan was very happy from the bottom of her heart, but she suddenly thought of the incident with her son and her wife's attitude that day. She couldn't help but feel nervous and frowned. She couldn't help but worry about her son. Then she bought some eggs, a crucian carp for Lizhen to produce milk, and other vegetables, and hurried home.

Wang Kun stayed in bed for a while. He looked at the time on his mobile phone and saw that it was almost eight o'clock. He got up quickly, washed himself quickly, went to the kitchen to get out the breakfast his mother had prepared for him, and ate it hastily. Then he took the chicken soup his mother had prepared for Lizhen from the pot and drove to the hospital.

During the few days in the hospital, Wang Kun was frightened by Lizhen's shock that day. He didn't dare to go to the hospital. Lizhen's friend Chunyan was there these days. Jinlan prepared meals and sent them to the hospital every day. Today he wanted to be discharged from the hospital today. No matter how they scolded me or hit me, I would not fight back. I must take Lizhen back.

But when Wang Kun rushed to the hospital, he parked his car in the parking lot and rushed to the inpatient department. However, when he came to the ward where Lizhen was staying, the quilt on the bed was neatly folded, but there was no trace of Lizhen on the bed. Wang Kun frowned and was shocked. Could it be that Lizhen's condition had worsened and she was transferred to a special ward? He immediately ran out of the ward.

Wang Kun ran to the front desk breathlessly and asked, "Nurse, has the woman in bed No. 63 been transferred to another ward? Has her condition worsened?" Wang Kun asked a series of questions in a hurry.

Looking at the anxious nurse Wang Kun, she quickly replied, "I'll help you check it out."

The nurse tapped on the computer keyboard and looked carefully. "She is discharged from the hospital."

"Impossible, she didn't go home. I just came to pick her up from the hospital." Hearing that Lizhen was discharged from the hospital, Wang Kun's heart tightened and he secretly thought in his heart that it was not good. Lizhen was discharged from the hospital. Where did she go?

"But it shows here that someone has arranged for her to be discharged from the hospital." When the nurse saw Wang Kun's anxious look, she also became a little anxious. She was afraid that something might happen to the mother, and she also became worried about Wang Kun.

"Who picked her up?" Wang Kun said to herself. She immediately picked up her phone and called Chunyan, but the phone was turned off. Wang Kun then called Hongliang, but the call was busy.

At this time, Wang Kun thought about it and ran. He ran to the parking lot, he immediately started the engine, and the car sped onto the road.

While driving, Wang Kun was trying to determine where Lizhen was going. The first person he thought of was Chunyan. He thought that Lizhen only had Chunyan as a friend here, so she must have gone to Chunyan's place. Wang Kun drove directly to Chunyan's residence.

After more than an hour's journey, Wang Kun has arrived at Chunyan's residence. As Wang Kun had been to Chunyan's place before, he parked his car at the gate of Chunyan's community and quickly came to Chunyan's door. But when he arrived at Chunyan's door, Chunyan's door was closed. Wang Kun knocked on the door desperately. Wang Kun called for a long time, but there was no sound from inside. Where did Lizhen go? After thinking about it, Wang Kun had to continue calling Chunyan, but the call still could not be connected. At this time, Wang Kun frowned and was shocked. This time, his marriage with Lizhen might be impossible to save...

Where did Lizhen go? It turned out that Lizhen was really taken away by Hongliang and Chunyan. Last night, Hongliang knew that Lizhen would be discharged from the hospital tomorrow, so he went to the hospital to see her. Chunyan was also there. [During this period, my good friend Chunyan was at the hospital every day except for work.]

"Are you okay? You will be discharged from the hospital tomorrow and I will pick you up." Seeing Lizhen's face full of worry and frown, Hongliang felt very distressed.

Lizhen looked at Hongliang and saw that he was hesitant to speak. "Just say whatever you want to say. Is there anything you can't say in front of me?" Hongliang saw what Lizhen wanted to say, but didn't say it.

"I, I don't want to go back to that home anymore," Lizhen said, lowering her head, her eyes filled with tears.

"Then where are you going?" Hongliang felt uncomfortable when he saw Lizhen like this.

"I, I..." Li Zhen thought about it and didn't know how to answer. Should she go back to Wang Kun's house? She thought about it all night last night. She thought she didn't want to go back to her original home anymore. She couldn't face Wang Kun anymore. Li Zhen was a vicious person. Wang Kun hurt her again and again. Her heart was dead and she didn't want to look back anymore.

"Yes, Wang Kun is such a scumbag and he has gone too far. You'd better not go back. But you're still in confinement and I've never given birth to a child. I'm afraid I can't take good care of you. If you don't mind, you can move in with me." At this time, her good friend Chunyan saw Lizhen in so much pain, and she stood up for Lizhen.

Hongliang looked at the two of them and thought for a while. "Don't fight anymore. I see you and her. So, Lizhen, you should follow my plan." Hongliang gave careful advice to Lizhen and Chunyan.

"You may also consider Hongliang's suggestion. If you go to my place, your husband may come to you soon, but you don't want to see him. You should consider going to Hongliang's place. I will live with you there and take care of you there. Is that okay?" Chunyan considered it over and over again before she proposed to Lizhen.

Lizhen looked at Hongliang and Chunyan and thought for a while. This was the only thing she could do at this moment. "Okay, let's do it according to your plan. But this has caused you a lot of trouble. I'm sorry." Lizhen showed an embarrassed look on her face.

"Lizhen, don't say that. I'm your best friend after all," Chunyan said with a face and a smile.

"Okay, I'll listen to you."

This is why Wang Kun couldn't find Li Zhen. Wang Kun regretted it very much, but there is no medicine for regret in the world. Can Wang Kun find Li Zhen?
