

## First Love 118

Chapter 118 No matter how difficult it is, I will persist

Seeing everyone leaving, Wang Kun had no choice but to go up and carry Qiuyan into the car and prepare to take her to the hospital, but Qiuyan said she would not go no matter what.

"Wang Kun, I don't want to go to the hospital. I'm fine now, you see." In order to make Wang Kun believe her, she turned around on the spot.

"I just miss you so much, and you don't want to see me, so I have no choice but to see you in this way," Qiuyan said and secretly glanced at Wang Kun's reaction.

"How stupid are you to do this? Not only did you hurt me, but you also hurt yourself. If I hadn't braked quickly, would you still be alive?" Wang Kun looked at Qiuyan's pitiful appearance and felt angry and heartbroken.

"Come on, I'll take you back to the hotel," Wang Kun and Qiu Yan got in the car.

"I'm not staying in a hotel now. I can't afford to stay in a hotel. I have no money." After Wang Kun got in the car, Qiuyan had to stammer and say that she had run out of money.

Wang Kun searched his pocket to see if his card was there. At this time, he heard someone knocking on his car window. He looked carefully and when he saw the person clearly, he was shocked to find that it was his mother.

"Hurry up!" Looking at Qiuyan, whose hands were shaking and who hadn't made a call for a long time, he was very angry and anxious.

"I, I..." Qiuyan was trembling even as she spoke.

"Hello, 120. Are you guys here, please?" Qiuyan stuttered, and after talking for a long time she couldn't tell the location of the accident.

"Give me the phone." Wang Kun was holding his mother on the ground with one hand, which was inconvenient for him.

"Okay," Qiuyan hurriedly handed over the phone.

"Hey, it's on the Ring Road, opposite the Commercial Bank."

"Oh, son, don't call an ambulance, just use your own car." It's pitiful to see the love of parents in the world. In order to save money for her son, Jin Lan actually stopped her son from calling an ambulance.

"Mom, what time is it now? Saving people is the most important thing," Wang Kun persuaded his mother angrily.

"Auntie Yan, I'm sorry, I didn't mean it." Qiuyan saw Jinlan sleeping on the ground, and she stepped forward tremblingly and wanted to help Jinlan up.

"Take your stinky hands away, you evil creature, get out of here, I don't want to see you." Seeing Qiuyan Jinlan's eyes burning with anger.

After waiting for more than half an hour, the ambulance finally arrived. Wang Kun immediately sent his mother to the hospital and the ambulance drove away quickly.

After his mother was sent to the emergency room, Wang Kun finally had time to sort out everything that had happened during this period.

Here, Lizhen and her daughter have not returned yet, the problem has not been solved, and her mother is in the hospital again. Her mother is the pillar of the family, and she has arranged everything at home. Wang Kun has only now truly understood the true meaning of the saying "an old person in the family is like a treasure". Only then can he work hard outside wholeheartedly without having to worry about his family, as his mother has already arranged everything at home.

"How is Aunt Wang Kun now?" Just as Wang Kun was thinking about these things at home, Qiuyan's voice came from behind him.

"What are you doing here?" When Wang Kun saw Qiuyan, he felt a surge of anger in his heart and wanted to lose his temper when he saw her.

"Wang Kun, don't be like this. I saw that you are so busy and haven't had a rest for so long, so I wanted to help, but why do you hate me so much?" Seeing Wang Kun's bad attitude towards her, Qiuyan was a little timid, but she still endured it in order to get Wang Kun.

After more than two hours of surgery, the doctor came out of the operating room. "Doctor, how is my mother?" Wang Kun hurriedly ran forward to inquire about his mother's condition.

"Your mother broke two ribs next to her thoracic vertebrae. The edge of the flower bed hit her ribs. Older people have very brittle bones, and it's easy for bones to break when they fall. Fortunately, it was the ribs that were broken. If it was the thoracic vertebrae, your mother would have died immediately," the doctor said. When Wang Kun heard that his mother's bones were broken, he felt very distressed and blamed himself. His momentary impulse led to a disaster and made his mother suffer so much.

"Oh, so serious?" Qiuyan was very surprised after hearing the doctor's description.

"You are happy, why don't you get out of here quickly, the farther the better." It would have been fine if Qiuyan didn't say anything, but as soon as Wang Kun heard Qiuyan speak, he became furious. He took out all his anger on Qiuyan. He thought, if you hadn't come to interfere, our family would have been fine. Now you've made our family a mess.

Seeing the angry Wang Kun, Qiuyan had no choice but to leave in shame.

At this time, Jinlan was pushed out of the emergency room by the nurse. Due to the anesthesia, Jinlan had not woken up yet. Looking at his mother lying quietly in the cart, Wang Kun felt heartbroken. He thought, my mother had worked hard for me for decades, but I didn't let my mother live a good life, but let my mother lie on the hospital bed. How could my mother and her son be so stupid? Thinking of this, tears of regret filled his eyes uncontrollably.

"Ding-ling, ding-ling" At this time Wang Kun's phone rang.

"Hey, cousin, why haven't you come to work today? I need to ship the goods from the warehouse, and I need your signature. Besides, the other company is urging us to deliver the goods." Wang Kun hasn't been to work for a day, and there are a lot of things in the company waiting for him to deal with.

"Cousin, your aunt is injured and she is having surgery in the hospital today"

"What? Aunt is injured? I'll come over to see her right away." When the cousin heard that Jinlan was injured, she was very anxious and he was about to come over right away.

"Don't come over here, just help me take care of the place."

"Ok"

"Brother Kun, let's eat." Wang Kun had just put down the phone when a very gentle voice came from behind.

Wang Kun turned around and saw Qiuyan appear there carrying some lunch boxes.

"Eat, you haven't eaten for a day." Seeing the meal Qiuyan brought, Wang Kun remembered that he hadn't eaten for a day and was a little hungry.

"I know you don't want to see me. Now your aunt is in the hospital again. I heard that Lizhen is not at home during this period. Leave the hospital matters to me and go ahead and take care of them." Qiuyan said very sincerely, sounding like she was a very sensible and good daughter-in-law.

"My mother doesn't like you. She doesn't want you to take care of her." Hearing that Qiuyan knew that Lizhen was not in the factory, he was a little puzzled. I didn't tell her, so how did she know.

It turned out that in order to find out about Wang Kun and his wife, Qiuyan had already bribed a fellow villager, who often helped to inquire about the situation of Wang Kun and his wife and informed her at any time.

"Auntie was injured because of me. I have no complaints even if she scolded me and beat me. I was the one who caused the incident, so I should take the responsibility," Qiuyan said firmly.

"I heard you calling just now. The factory can't do without you. Don't worry, I will take good care of your aunt." Qiuyan said and handed the meal to Wang Kun.

"Let's eat, Auntie, I made some soup. She can't eat anything right now, but soup should be edible."

After listening to what Qiuyan said, Wang Kun's opinion of Qiuyan changed a little, and he seemed not to be so disgusted with her anymore. Only then did Wang Kun feel a little hungry. He took the lunch box and slowly ate in his mother's ward.
