

## First Love 124

### Chapter 124 Enemies meet

The person who came was Qiuyan. She was bringing food to Jinlan. When she walked into the ward and saw Lizhen, she wanted to leave, but it was too late because Lizhen had already seen her.

"A guest is coming." Qiuyan suddenly wanted to dig a hole in the ground and crawl into it. She was in a dilemma.

When enemies meet, they are particularly jealous of each other. Lizhen was furious. She wanted to rush forward and slap her twice, but then she thought again, her mother-in-law was injured and lying in bed, she couldn't make her mother-in-law sad. She tried her best to suppress her anger and turned away to talk to her mother-in-law.

But all this did not escape Jinlan's eyes. In order to protect Lizhen and make her believe that she was on her side, she immediately turned her face black and shouted, "You are so shameless. I told you not to send me food, but you sent me food and I won't eat it. Why don't you get out now?"

"Yes, this woman is too shameless. Who are you to your aunt? People told you not to come, but you still came with a thick face. Do you have any sense of shame?" Chunyan really couldn't stand it anymore, so she immediately vented Lizhen's anger.

"I caused this trouble myself. I have the responsibility to take good care of Auntie. Don't worry, after Auntie's injury is healed, I will leave here and go back to where I should go. Besides, Brother Kun is very busy now and he can't take care of it. And you are in confinement after childbirth, so we can't be short of people here. Auntie also needs care here."

Qiuyan thought that things had come to this point, and she could only bite the bullet and face it. After thinking about it, she decided to play the emotional card. Qiuyan was also very smart. She used the emotional card as an excuse. She thought, I don't believe that this old guy has such a cruel heart. I will put down my attitude and let the people present sympathize with me so that I can achieve the result I want.

Qiuyan spoke these words with such self-blame and sincerity that no one present could refute them. In particular, those who did not know the previous circumstances were moved and convinced by her words.

At this time, Qiuyan looked like a very kind-hearted person.

"You caused the trouble. What did you do to mom?" Lizhen was shocked when she heard Qiuyan say that her mother-in-law's injury was caused by her. Did she beat her mother-in-law? She knew that her mother-in-law would hate Qiuyan because of her. Did her mother-in-law go to find her? Did she beat her mother-in-law?

Lizhen immediately turned around, walked straight to Qiuyan, raised her hand and slapped Qiuyan twice on the face.

"You shameless third sister, bullying me is not enough, you also bully my mom. Mom is so old, but you still have the heart to do that to her. You beat her so hard that she couldn't get up from her bed. You are so cruel." Lizhen wanted to hit Qiuyan several times. She thought of herself as a knowledgeable, cultured, educated and well-mannered person. She didn't want to become a shrew and be gossiped about by others.

Today, she heard that Qiuyan had beaten her mother-in-law and injured her, and she could no longer tolerate it.

"What are you talking about? How could I hit my aunt? Even if you have ten times the courage, I would never hit my aunt." At first, Qiuyan was stunned by the two slaps from Lizhen. She touched her burning face and looked at Lizhen's angry face in a daze. She was speechless for a long time.

When she heard Lizhen say that she bullied and beat her mother that day, she slowly came to her senses.

"It's not an injury. Didn't you just say that mom's injury was because of you? Then how did mom get injured?" Lizhen asked Qiuyan sternly.

"It was because I went to see Brother Kun and my mother saw me, and she accidentally fell and hurt herself." Qiuyan said that she went to see Brother Kun. She said it deliberately to make Lizhen even angrier, to alienate her relationship with Wang Kun, and to achieve her desired goal.

"No wonder mom was angry. It turned out it was you two dogs who made mom angry and hurt." Sure enough, Lizhen almost lost her mind when she heard that. But she changed her mind and thought, I'd better not let her see it to make her happy.

"It's because of you, this vixen, who comes to bother Kun Kun every day, making Kun Kun helpless." Jin Lan was very angry when she saw Qiu Yan was so shameless. She thought this vixen was too vicious, and she wanted to sow discord between Kun Kun and Li Zhen.

"I didn't, it was Brother Kun who came to see me, and he asked me to wait for him there. I didn't expect to run into you." Qiuyan saw that Lizhen's heart had changed. She pretended to be calm on the surface, but she was secretly happy in her heart. She wanted to tell Lizhen some more unpleasant things so that she could hear them and speed up their divorce process.

After hearing Qiuyan say that it was Wang Kun who called her, they met. Lizhen's anger kept rising to her head. At this time, they still did not restrain themselves, and were still meeting each other in affection. When she first came, she saw her mother-in-law lying on the bed. After this month, she thought of her son and daughter, and she slowly felt moved. Qiuyan's words made the little understanding of Wang Kun in her heart disappear.

She wanted to leave here immediately, especially since she saw that she didn't want to see anyone, she couldn't stay here for a moment.

At this time, she wanted to go see her son. She hadn't seen him for so long and she missed him, especially when she saw her mother-in-law was in the hospital again. Her father-in-law was the only grown man at home and she wondered how he would take care of a child. She didn't know how her son was doing now.

"Mom, take good care of yourself and have a good rest. Don't worry too much about other things. I will come to see you often." Lizhen pulled the quilt for Jinlan and covered her with it.

"Child, bring my granddaughter here next time so that mom can see her. I haven't seen my little granddaughter yet." When Jin Lan heard that Lizhen was leaving, her eyes immediately turned red. She held Lizhen's hand and begged her.

"Okay, next time I come I will definitely bring my daughter to see grandma." After saying that, Lizhen stood up and immediately left with Chunyan.

Watching Lizhen's back as she left, Jinlan thought about her son's affairs, and her heart couldn't calm down again. She looked at Qiuyan, her teeth were itching with hatred, and she started to criticize Qiuyan again.

"Why do you say that? It was Kun Kun who asked you to come see him. It's obviously you who are shameless. You come to bother Kun Kun every day. The heart of this shameless vixen is too evil. I have already seen that you say that just to sow discord between them. I tell you that Kun Kun listens to me. I didn't ask you to come into my house, so he won't let you in. If you want to come into my house, you'd better give up this idea unless I die."

"Auntie, whether I can enter your house or not is not up to you, but Brother Kun. I only need Brother Kun's consent. Your task is to take good care of your illness," Qiuyan answered Jinlan in a sarcastic tone.

"You" Qiuyan's lukewarm tone made Jinlan so angry that she was fuming. Jinlan saw that Qiuyan was talking to her to make her angry. She thought that this woman didn't even care about her dignity anymore. It would be useless for her to say anything. She turned her face away and never wanted to see Qiuyan's face again.

But Jin Lan was worried about her son and her family. Qiuyan was clinging to Wang Kun like a sticky rice candy, and now her son's wife had left, and she was injured and hospitalized. She wanted to take advantage of the opportunity when Lizhen came to the hospital to see her today to persuade Lizhen to come back, but she never expected that such a good thing would be messed up by Qiuyan, the vixen. Alas, now there is no main star bone in the family, what should she do?
