

## First Love 126

### Chapter 126 A Difficult Decision

Lizhen and Chunyan brought their son back to the villa. Their daughter was crying because she was hungry. She refused to eat the milk powder prepared by the nanny. Just as she was busy taking care of the baby, Lizhen came back.

"Miss, you're back just in time. I don't know what's wrong with the baby today. She's hungry, but she won't eat the milk I made for her. She keeps crying." When she saw Lizhen coming back, she felt like she saw a savior.

"Oh" Lizhen was feeling a little depressed today because of the situation at home.

"Hey, whose baby is this? She's so cute." The nanny Mrs. Liu was very surprised to see Chunchun.

"Baby calls grandma." Lizhen taught Chunchun while feeding her.

"She is not my grandma, my grandma is sick." At this time Chunchun saw his mother feeding his sister. He looked at his mother strangely, who only cared about his sister and didn't pay much attention to himself. He was jealous and angry.

Hearing her son say such rude words, Lizhen looked at her son in horror. She had not been with her child for about a month, and her son had changed so much. If she continued like this, her son's life would be ruined.

"Knock, knock, knock" At this time, the delivery man knocked on the door.

"Mrs. Liu, go out and see who is knocking on the door."

"Okay, I'll go and take a look." Mrs. Liu hurried out to open the door.

"Sir, please don't make things difficult for a servant like me. The young lady has ordered that you are not allowed to go in." The nanny Mrs. Liu started arguing with the person who asked to open the door outside.

Li Zhen heard the voice and knew it was Wang Kun. She thought for a moment and said to the outside: "Mrs. Liu, let him in."

The person who came in was Wang Kun. "Dad" Chunchun immediately called out when he saw Wang Kun.

It turned out that Wang Kun heard from his father that Lizhen had returned and took his son away.

He wondered if Lizhen had changed her mind and wanted to come back, but he felt very embarrassed. He thought he had to take the initiative and give her a way out, so he rushed over immediately.

"What are you doing here?" Seeing that Wang Kun Lizhen still had a bad tone towards him.

"It's been a full month, and mom is injured again. It's not very convenient for you to stay here. Let's go home." Wang Kun discussed with Lizhen in a very gentle tone.

Lizhen looked at Wang Kun without saying anything, and continued to feed her daughter with her head down.

Seeing that Lizhen didn't say anything, Wang Kun thought that Lizhen agreed, so he continued, "Now the family needs you, and the factory also needs you. You don't know how busy I am during this period. I work in the factory during the day, and go to the hospital to accompany my mother at night."

"Don't you already have a helper?" Li Zhen thought of the scene when she saw Qiuyan in the hospital, and her heart was filled with anger.

"What help do I have?" Wang Kun paused.

"Hmph" Lizhen couldn't help but let out a sarcastic nasal sound.

"It's just right. I'll make room for you so that Xiao San can take over. She can't wait any longer." Li Zhen thought, still pretending to be deaf and dumb and confusing me.

"Impossible, you are the right-hand man of the family, indispensable." At this time, Wang Kun suddenly thought of Lizhen. Could it be that she knew Qiuyan was in the hospital taking care of her mother? Hey, this person, I told her not to come, why did she come again?

"Oh, are you talking about Qiuyan? My mother and I tried to chase her away, but she didn't want to come and kept coming. We couldn't chase her away." Wang Kun explained to Lizhen helplessly, but Lizhen didn't believe him at all.

"It's true that she always pesters me."

"Bugs only bite eggs with cracks. Who are you trying to fool? Do you really not care about her pestering you again and again?" Li Zhen mocked Wang Kun in a sarcastic tone.

"Yes, I can't wash myself clean even if I jump into the Yellow River. You don't believe anything I say. I was wrong. I apologize to you." Wang Kun apologized very sincerely.

"The hurt you caused me is in your heart. Can you make me compromise with just a simple "I'm sorry"? You have crossed the bottom line of us as women. I forgave you last time, but you made the same mistake again this time." Li Zhen had endured it for more than a month, but this time she couldn't bear it anymore.

"Then what should I do to make you forgive me?" Wang Kun asked Li Zhen tentatively.

"I'm sorry that you don't even show any sign of admitting your mistake. You and that mistress are still in contact. You want me to forgive you? Dream on." Li Zhen was very angry.

"You haven't calmed down yet, let me wait a little longer, then I'll take my son away. I'm afraid you won't be able to take care of two children by yourself."

"This..." Li Zhen thought about it and realized that she was too busy, so she didn't say anything.

"Chunchun, let's go back."

"No, I want my mom," the son cried desperately.

Lizhen's heart broke when she heard her son crying.

"Let's go, we'll come visit mom next time." Wang Kun took his son away.
