

## First Love 133

### Chapter 133 Who is she?

While they were talking, Hongliang's car had arrived downstairs of Hongliang's company. The driver stopped the car and got out quickly to open the door for Hongliang and the others. When Lizhen got out of the car, it was rush hour for work.

"Let's go." Li Zhen was still not used to it. She stood there and looked at him. It turned out that he had been to the company with Wang Kun, but he had to work here today. She felt a little uneasy in her heart. She couldn't help but feel a little worried until Hong Liang urged her to come to her senses.

The tall company building, the spacious hall, and the bright crystal chandeliers hanging high up emitted dazzling light. Lizhen felt as if she was blinded by the light and couldn't open her eyes.

Lizhen quickly caught up with Hongliang and followed him into the president's professional elevator.

"Hello, Chairman." Seeing Hongliang and his group, the employees on duty greeted Hongliang and made way for them to go first. When they saw Lizhen and the chairman get on the president's special elevator together, they all looked at Lizhen with strange eyes.

"Hey, how did she get on the chairman's private elevator? Who is she?"

"Didn't you see she just got off the chairman's car?"

"Could she be the chairman's wife?"

"I don't know. None of us have met the chairman's wife."

"Don't you all want to do this? You even want to gossip about the chairman." At this time, the chairman's driver came over and heard their discussion and hurriedly stopped them.

After hearing what the driver said, they dispersed and left.

As soon as Hongliang and his party arrived at the office, a young lady dressed fashionably, somewhat flamboyantly and sexy came out of his office. When she saw Hongliang, she was very polite, spoke softly, and smiled at Hongliang and said "Good morning, Chairman."

When she suddenly saw Lizhen following behind Hongliang, her face suddenly changed and she looked a little unhappy, but it was only for a moment. She caught a glimpse of Hongliang's eyes sweeping across her face, and she instantly changed her smiling face. Still smiling, when she walked behind Hongliang, she glared at Lizhen and went out.

Hongliang took Lizhen to his office and immediately told his assistant Xiao Wang, "Xiao Wang, I asked you to prepare a desk yesterday. Are you ready?"

"The Chairman is ready."

"Take Lizhen to get familiar with the environment here."

"Okay." "Please in, Miss Lizhen." Assistant Xiao Wang took Lizhen out.

"Xiaomai, come in." Xiaomai was the one who just went out. She was Hongliang's personal secretary.

"Oh, okay." She hurried to the office.

Just now she went into Hongliang's office to clean. She saw an extra desk inside and she was ecstatic. The chairman was really considerate. He even prepared a desk for me. He really liked me. It seemed that all the hard work I did for him touched him. It seemed that my efforts were not in vain.

When she saw Lizhen just now, her heart was beating fast. Could it be that the table was not prepared for me, but for her? She was just thinking about it, when the assistant Xiao Wang took her out. I was worrying too much. The chairman still likes and appreciates me.

When she heard the chairman's call, she immediately went to the office.

"Chairman, what do you want me to do?" Hongliang was looking for something in the drawer with his head down.

"Xiaomi, from now on you will be responsible for transmitting documents. You don't have to worry about things in the office. Lizhen can do it now. Lizhen has just arrived and there are many things she doesn't understand. You are an experienced secretary, so you should teach her more. You two should learn from each other, communicate with each other and cooperate more. Okay, you can go out now." After Hongliang finished giving the instructions, he glanced at Xiaomeng's reaction with a scrutinizing look.

"Yes, it's the chairman." Xiaomai walked into the office excitedly. She was expecting the chairman to tell her that there was a desk inside, but suddenly the chairman told her that it was prepared for the woman just now. Xiaomai's head made a buzzing sound, and she couldn't hear anything at this time. She was not the chairman's wife, but what was her relationship with the chairman?

Xiaomai kept thinking until she heard the chairman calling her out, then she came to her senses.

Walking out of the chairman's office, Xiaomai thought that all her efforts for so long to achieve her desired goal through the chairman were in vain.

It turns out that Xiaomai was born in a poor family, and she was admitted to university through her own efforts.

At first she thought that only if she was admitted to university, her future would be bright, but in reality it is difficult to get what one wants. After graduation she realized that finding a job was also a big problem. After graduation, she was not satisfied with any job she found.

Just when she decided to give up the pursuit of perfection and take things one step at a time, she met her classmate Xiao Meng and changed her mind. She decided to apply for the secretary position.

It turned out that Xiao Meng was not serious in school and was not very good-looking, but she was very good at dressing herself up. She was very fashionable when she was in school, often wearing very sexy

and fashionable clothes. She went out overnight every Sunday and often skipped classes. She was almost expelled from school.

Xiaomai had just returned to her rental apartment after get off work that day. She was about to go to the supermarket to buy some simple instant noodles for dinner. She was a little tired from work today. She bought the instant noodles and just stepped out of the door. "Xiaomi, why are you still so simple?"

Xiaomai looked in the direction of the voice and saw a sexy, seductive woman with big wavy hair smiling at her, "Who are you?"

"Hahaha, it seems that my change is so successful that even my old classmates who we are so familiar with and who have lived in the same dormitory with for several years can't recognize me."

Hearing her laughter, the sound of her words suddenly came out of Xiaomai's mouth; "Xiao Meng"

"I have changed a lot, haven't I?" Xiao Meng pulled Xiaomai aside and looked at the instant noodles in Xiaomai's hand. "It's been almost a year since we graduated, and you're still like this? I'm the eldest lady, and you still eat this stuff." She pointed at the Master Kong instant noodles in Xiaomai's hand.

"You haven't had dinner yet, come on, I'll take you out for a meal."

"I" Xiaomai looked at the Master Kong in my hand.

"Let's go, I'll treat you, let's go eat something delicious," Xiao Meng said, snatched the Master Kong from Xiaomai's hand, walked to the trash can, and threw it in with a bang.

"Hey, you, my lady, this is junk food. I have never eaten this stuff since graduation." After saying that, he pulled Xiaomai to a big red car.
