

First Love 14

Chapter 14 I will tell the chairman

"My savior, you didn't tell me that we have been together for so long." Li Zhen looked at Wang Kun in surprise.

"This is a sad thing, how could I mention it casually?" Wang Kun looked into the distance, his face full of dark clouds, and he looked like he wanted to cry but had no tears, which made people feel distressed.

Seeing Wang Kun in so much pain, Li Zhen's heart softened. She watched him silently. If a man cries because of suffering, he must be enduring unbearable pain in his heart, which is why he looks like this.

Wang Kun looked at Li Zhen and said, "Didn't you say a few months ago that I had no academic qualifications or diploma? But how could you get a job in that company? Everyone here has a bachelor's or graduate degree, and I am nothing. It was the chairman who saved me." Wang Kun then told Li Zhen how he was beaten, how the chairman saved him, and how he was brought to the company to work.

"It turns out that the chairman is such a righteous and kind person." Li Zhen immediately showed great respect for the chairman.

"Yes, I, Wang Kun, will never be able to repay the chairman's kindness to me in my lifetime. But now the chairman likes you and can make you happy. How can I abandon your happiness and make myself happy? Am I still a human being?" Wang Kun couldn't continue and felt like crying.

"But love and gratitude cannot be mixed. I know you are a sentimental person, but I don't like him. But I like you. We can repay the chairman's kindness in another way, but love cannot be traded." Every word Li Zhen said made sense, leaving Wang Kun with no room for argument.

"I think that I am not only repaying the chairman's kindness, but more importantly, as long as you agree to the chairman, you will be the chairman's wife that everyone envies. You don't have to work so hard in the future. I am doing this for your own good." Wang Kun thought sincerely, "I love Lizhen, and I also hope you will be happy."

"You are right. If I agree to the chairman's request, I will immediately become the chairman's wife, a wealthy lady that everyone envies. The chairman even asked me out some time ago and he was even going to propose to me, but I declined." Li Zhen looked at Wang Kun, her eyes full of affection.

"But I'm not a gold digger. I don't like love that is built with money. What I want is real love. I like you, and I'm willing to suffer a little bit with real love. I don't like having money without love. Besides, I like to create my own happiness through my own efforts." Lizhen became more and more excited as she spoke, her eyes filled with tears.

When "I" heard Lizhen say this, Wang Kun was so excited that he couldn't speak. How could I, Wang Kun, have the honor to meet such a good woman, on one side is the woman I deeply love, and on the other side is the lifesaver who has been so kind to me.

The two of them didn't even get to finish their meal. They simply couldn't eat at all, and they didn't even touch the food they ordered with their chopsticks.

Seeing Lizhen like this, Wang Kun didn't even mention breaking up, so he thought he had to take it one step at a time.

"You are a man who doesn't keep his word. How come we meet again?" Not long after Wang Kun started work in the afternoon, the director came to see him.

"I just wanted to persuade her to give up on me." Wang Kun lied for Lizhen.

"You won't lie to me, will you?" The director's small triangular eyes stared at Wang Kun.

"Why would I lie to you? I'm telling you the truth. How dare I lie to our director?" Wang Kun became more and more clever.

"I'm going to watch your actions. Don't let me find out if you have any contact with me again, or I will be rude to you," the director warned Wang Kun fiercely.

Wang Kun said this, but he felt very distressed and uneasy in his heart. Li Zhen would never agree to him doing this.

Ever since Lizhen knew the chairman had such intention, she has been paying extra attention to his actions and has been on guard against him at all times.

But the more she acted like this, the more Mr. Zhong liked this stubborn girl, and he tried every way to please her.

But Kelizhen turned a blind eye to it, as if nothing happened.

Lizhen was very anxious, and she wanted to go to Wang Kun to discuss it, especially she wanted to meet Wang Kun.

When she came to Wang Kun's residence, Wang Kun didn't know what to do when he saw her coming. He remembered the director's warning in the afternoon and felt a little scared. He was especially afraid of implicating Li Zhen.

"Li, it's so late, you should go back. I have a lot of things to do tomorrow." Wang Kun pretended to be very tired.

"Are you feeling unwell?" Li Zhen quickly reached out and touched Wang Kun's forehead.

"You go back, I just have a headache and I want to rest." Wang Kun tried his best to get Lizhen to leave and not let them misunderstand them.

"I'll go buy you some medicine." Li Zhen felt so distressed when she saw Wang Kun in pain.

"No, you go back and I'll take a rest."

"Okay, call me if you feel uncomfortable. I'm going back." Li Zhen saw Wang Kun's face full of gloom and she left. She also realized that Wang Kun was trying to drive her away. She thought Wang Kun must be afraid of implicating her and wanted to cut off ties with her.

Lizhen thought that I should go and explain it to the chairman to save all three of us from suffering.

The next day, Lizhen made coffee for the chairman and brought it in when he went to work. The chairman was wearing a brown suit, a white coat, and a wine-red tie. He had big eyes and delicate and three-dimensional features. He looked young and elegant.

The chairman has been dressing very young recently. He probably wants Liping to see that he is still young and energetic.

Ke Lizhen is a very professional person in relationships. Once she falls in love with someone, she is extremely loyal and will never fall in love with someone else. No matter if that person is better than the one she loves, she will not change.

When Lizhen got to work today, she saw the chairman's office door open. She thought the chairman was back, so she quickly made a cup of coffee and brought it in. This was the chairman's usual habit, and it was also what Lizhen had to do every day when she got to work.

"Chairman, you're back. Here's your coffee." Lizhen walked in with a smile on her face and light steps. When Director Zhong saw Lizhen coming in, he quickly looked up at her. He was very happy in his heart.

"I came back last night. Please put the coffee on the table." Lizhen put the coffee on the table, smiled lightly at the chairman and prepared to leave.

"Wait a minute." Hearing the chairman calling her, Li Zhen hurriedly stopped, turned around and looked at the chairman.

At this time, he took out a very beautiful and exquisite box from the drawer and looked at it; "I brought you something on this business trip. I wonder if you like it or not."

He immediately stood up and walked in front of Lizhen, staring into her eyes, and handed the box to her.

"What is this?" Li Zhen saw such a beautiful box, she didn't dare to take it.

"Open it and have a look. This is the latest model released this year. It's a limited edition. It's specially made for you. See if you like it." Mr. Zhong looked at Li Zhen with a smile on his face, as if appreciating her. He looked at her as if she were a precious treasure. His heart beat particularly fast when he saw her eyes, which were so lively and expressive.

Seeing that Lizhen didn't dare to open the box, the chairman opened it for her personally.

When Lizhen saw what was inside, she was very surprised. It turned out that there was a very beautiful and exquisite diamond necklace in the box. But this was not an ordinary necklace. The emerald green diamonds were inlaid on golden gold, which was very beautiful.

"This gift is too heavy, I can't accept it." Lizhen shook her head and hands quickly, and her legs involuntarily moved backwards.

It turned out that a few days ago, Lizhen and her best friend Chunyan went shopping. They happened to visit a jewelry store. The screen in the store was showing a treasure of the store. When she and her best friend saw that the necklace was so beautiful, they couldn't help but look at the store and moved.

"Lizhen, let's go and take a look."

"Oh, what's there to see? We can't afford it," Lizhen said while shaking her head.

"Who says we can't afford it? We don't even have the qualifications to look at it. If we women can marry a rich man, can't we buy it too?" Chunyan said with a lecherous look, which made Lizhen laugh.

"Look how beautiful you are, and how lustful you look"

When they saw the price on the screen, they both opened their mouths at the same time, looking at each other, and they both said "Wow" in unison, opening their mouths into an O shape and not closing them for a long time.

"I'm timid. 2000 million wouldn't be enough even if we were sold both of us together," Chunyan stuck out her tongue.

"Let's go, let's leave here. We don't want to be unable to afford it and scare ourselves." They joked as they quickly left the jewelry store. They didn't expect that the thing they didn't even dare to think about yesterday would be delivered to them today.

"This is just a small necklace. I'm so scared by just seeing this necklace. If you agree to be my girlfriend, everything I have will be yours."

Lizhen was stunned by the chairman's words. She held her breath, her heart was filled with fear, her face flushed and she couldn't even speak.

"Do you like it? If you like it, I'll put it on you."]

"No, Chairman, I really can't accept your gift, and I also can't agree to be your girlfriend. I really have a boyfriend." Li Zhen was forced to tell him the whole story.

"I know you have a boyfriend, but you haven't gotten married yet. I have the right to pursue you."

"I know you are a good person. Love and this cannot be mixed together. But I like him."

The chairman felt extremely humiliated by Lizhen's repeated rejections, but he couldn't get angry. However, he admired Lizhen's unwavering feelings. The more Lizhen rejected him, the more he wanted to pursue her. Perhaps this is a man's nature; the harder something is to get, the more precious it seems.

The chairman was at a loss as to what to do in response to Li Zhen's rejection. Just when he was at his wits' end, someone gave him an idea.
