

First Love 146

Chapter 146 Who is framing me?

When she saw the content on the photo, her brain was like a thunderclap. The joints of her body seemed to be glued by strong glue and she couldn't move. She suddenly stared at the photo in her hand with wide eyes, and her heart trembled.

Looking at the intimate photo of Hongliang and Lizhen, her hands couldn't help but tremble.

The photos were scattered all over the floor, and her heart was broken.

"This...how is this possible..." Tingting murmured to herself, tears flowing uncontrollably from her eyes.

She couldn't accept the fact that Hongliang actually betrayed her!

At this moment, Tingting suddenly felt a sharp pain in her stomach. Her face turned pale and she held her stomach tightly.

"Madam, what's wrong with you?" Aunt Wang had just taken the scissors and put them back into the drawer. When she turned around, she saw Tingting holding her stomach, her face pale, and she couldn't even stand steadily. Aunt Wang was shocked and she immediately rushed to Tingting and supported her.

"Something happened to the old lady," Aunt Wang said loudly to the old woman who was still upstairs while supporting Tingting. At this time, several servants in the house rushed over to help.

"What happened to Madam?" Hearing Wang Ma's cry, Hongliang's mother rushed down from upstairs in a hurry.

The old woman almost fell when she went downstairs because she was in a hurry. She was very anxious when she heard that her daughter-in-law was in trouble. Now her daughter-in-law is pregnant, and she is very worried.

The old woman saw Wang Ma standing there supporting her daughter-in-law, and a stream of bright red blood flowed from the inside of her foot, which scared the old woman.

"What happened?" When the old woman saw the photos scattered on the ground, she understood.

"Who brought these photos?" the old woman scolded sternly.

"It was delivered by a courier," said Aunt Wang tremblingly.

"Call 120 quickly," the old woman ordered them immediately.

"Okay, I'll go," Wang's mother hurriedly dialed 120.

At this time, two people came to help with a beach chair and said, "Hurry up and tell your wife to lie down. This way she will feel better."

The old woman waited for Tingting to lie down and cover herself with a quilt. She quickly picked up the photos on the ground and stuffed them into an envelope. She was afraid that it would be bad if the servants saw them.

"Mom, I'm so scared." Seeing the bleeding, Tingting endured the pain and looked at her mother-in-law tremblingly.

"Don't be afraid, child. The ambulance will be here soon." At this time, the old woman didn't know what to say or how to comfort her daughter-in-law.

Half an hour later, the "120" ambulance arrived.

"Family members, follow me." "Hey, wait, let me get the phone."

Soon the old woman followed the ambulance to the hospital.

The old woman immediately called her son in the car and said, "Hongliang, come to the hospital quickly. Tingting is in trouble."

"Mom, what happened to Tingting? She was fine when I left," Hongliang asked his mother anxiously on the phone.

"It's hard to explain over the phone, come to the hospital quickly." The old woman wanted to say it loudly, but she didn't want Tingting to be sad. There was a doctor in the car, and she didn't want everyone to know about it.

At that time, Hongliang was on his way to pick up Lizhen for work. He immediately turned the car around and headed for the hospital.

"Lizhen, get off the car first and take a taxi to work." At this time, he saw that Lizhen was still in the car.

"No, let's go together to see how Tingting is." Lizhen insisted on going to the hospital to see Tingting together.

But Lizhen never thought that Tingting's accident today was because of her. Because Lizhen didn't do anything to let Tingting down, she didn't think about the matter having anything to do with herself.

Hongliang and Lizhen rushed to the hospital. They went to the front desk and found out that Tingting had been admitted to the emergency room, so they rushed to the emergency room.

When they arrived at the emergency room, Tingting had already entered. An old woman was waiting anxiously at the door. When she saw Hongliang coming, she was slightly relieved.

"Mom, Tingting is like this, she was fine when I was at work," Hongliang went up to his mother and asked anxiously.

"How's Aunt Tingting?" Lizhen also went forward to ask the old woman.

"Why are you here?" The old woman was shocked when she saw Lizhen, and looked at Lizhen with angry eyes.

"Mom Lizhen heard that Tingting came to the hospital, so she came to see Tingting too. What happened?" Seeing her mother's attitude, Hongliang thought she was going too far.

"Do you know why Tingting came to the hospital? It's because you made her so angry that she almost had a miscarriage. And you still have the nerve to come here to see her. Humph, you're just pretending." The old lady was very excited at this time and angrily scolded Lizhen.

"I caused Tingting to have a miscarriage. Auntie, are you mistaken? I haven't even seen Tingting since that marriage. I wanted to see Tingting when she was pregnant, but I was too busy with work and didn't find the time to see her." Lizhen looked at the old woman in surprise and explained to her.

"Hmph, what shameful things have you done? Do you want me to say it out loud?" When the old woman heard Li Zhen's words, she was so angry that her hands were shaking. She did such a shameful thing, and yet she still had the nerve to defend herself. How shameless.

"Mom, did you misunderstand Lizhen about something?" Hongliang felt strange when he saw his mother treating Lizhen like this.

At this time, the old woman immediately took out a stack of photos from her bag and threw them into Lizhen's hands angrily, "Go and take a look for yourself."

You are already married, Hongliang is already married, and the matter between you and Hongliang is over. I, an old woman, underestimated you. I used to think you were a very sensible and good girl, but you turned out to be such a person."

Lizhen looked at the old woman's attitude towards her and thought that the old woman might have some misunderstanding and that's why she treated her like this. She quickly took out the photos and looked at them. Even she was dumbfounded. She was surprised at first, then her face turned red and

she lowered her head. She put the photos in Hongliang's hand, then she immediately turned around and ran out.

Seeing Lizhen running out, Hongliang asked, "Lizhen, what's wrong with you?"

"Hongliang, come back, your wife is still in there for rescue. Who is more important to you, your wife and children, or her?" The old woman immediately stood in front of Hongliang and looked at him angrily.

"Mom, what's wrong with you today?" Hongliang looked at his mother with some displeasure.

"You do this kind of thing and ask others not to misunderstand you."

Only then did Hongliang think of the photo in his hand. He quickly opened the photo, and then he was also dumbfounded.

"Who gave me this photo? Who is framing me?" Hongliang almost shouted in a roaring voice.
