

First Love 150

Chapter 150 It's Irreversible

Wang Kun was a little surprised to see Lizhen coming home. He thought that Lizhen had changed her mind. "You're back. How's the baby? I went there several times but didn't see you."

"How can you have time to care about me? What you are concerned about now is your new love at home." Li Zhen became angry when she saw Wang Kun and couldn't help but want to confront him.

"I have to manage the factory at home and take care of my family, so I don't have the mood to take care of other things. Besides, you can ask mom. Qiuyan is not welcome here. Mom and I want to drive her away, but she always stays here and is unwilling to leave no matter how we drive her away." Wang Kun repeatedly explained to Lizhen the relationship between him and Qiuyan.

"I don't believe it!" Li Zhen said angrily.

"You are being unreasonable!" Wang Kun also raised his voice.

The two quarreled more and more fiercely, and finally parted on bad terms.

Lizhen returned to her room, tears streaming down her face. She didn't understand why things had turned out like this between them, where had the sweetness and trust gone?

Wang Kun smoked one cigarette after another in the living room. He was also very distressed and didn't know how to resolve this conflict. He loved Li Zhen deeply, but he felt that she was becoming more and more unreasonable. Was it really because of Qiu Yan's appearance that destroyed their relationship?

Wang Kun came to the room again, "Lizhen, let's stop arguing, okay? We did something wrong, please forgive me this time, okay? Look at our son and daughter, they can't live without a mom and dad."

"You know you're wrong now? What did you do before?" Li Zhen didn't appreciate it.

"I really know I was wrong. Please give me another chance." Wang Kun almost begged.

Lizhen turned her head away and said nothing.

Wang Kun continued: "Let's find a time to talk about it."

Lizhen still didn't say anything, but her attitude seemed to soften.

Seeing this, Wang Kun sighed softly and left the room. He knew that Lizhen needed some time to calm down.

If they continued to quarrel, he was afraid that Lizhen would leave immediately, so that Lizhen could feel more relaxed. At the same time, he was also looking for the right time to have a deep talk with Lizhen.

There were two people in the hall who were listening attentively to the noise inside. One of them was the mother-in-law Jinlan, who hoped that her daughter-in-law and son could make good progress this time and have a good result.

Seeing her son coming out, grandma Jinlan couldn't wait to ask her son, "Kunkun, how did you two talk?"

Wang Kun shook his head and said, "You can't forgive me without her."

At this time, he saw Qiuyan who was still here and had not left. He was very angry and furious. "Why haven't you left yet? It's all your fault for always staying here. You want to see us divorced, so don't daydream here. You can't wait until the day we divorce. I won't let you get your wish."

"I don't have such thoughts. I just want my aunt to get better soon. It's my mistake that hurt my aunt. I must wait until she is fully recovered before I leave." After hearing Qiuyan's words, Wang Kun's anger subsided a little.

"No matter what you think, I hope you leave my house as soon as possible. Your presence will only make the relationship between me and Lizhen more tense." Wang Kun said in a firm tone.

Qiuyan lowered her head silently, tears welling up in her eyes.

"I understand. I will find a place to live and move out as soon as possible." After saying that, Qiuyan turned and left.

Wang Kun looked at her leaving back and couldn't help feeling a little guilty.

He realized that his attitude towards Qiuyan was too bad.

But he also knew that he had to resolve the problems between him and Lizhen and not let Qiuyan's affairs affect their marriage.

Wang Kun decided to talk to Qiuyan first, and he looked at Qiuyan. "I'm sorry, I was too impulsive just now." Wang Kun apologized sincerely.

Qiuyan raised her head. This was the most gentle words Wang Kun had said to her since Jinlan was injured. Qiuyan, with tears in her eyes, said, "It's okay. I understand how you feel."

"Actually, I don't really want you to leave. I'm sorry for the hard work you've put in during this period. Thank you for your tolerance towards me. I don't want this to happen either, but my relationship with Lizhen is very strained right now, and I don't want things to get worse because of you."

Qiuyan was silent for a moment, "I understand, I will respect your decision."

Wang Kun patted Qiuyan on the shoulder and said, "Thank you for your understanding. If you have any difficulties, you can always come to me."

Qiuyan nodded, then turned and left. Wang Kun looked at her back and sighed inwardly.

After returning home, Wang Kun came to Li Zhen's room door again. He knocked on the door gently, "Li Zhen, can we talk?"

The door opened, and Lizhen looked at Wang Kun with a hint of expectation in her eyes.

"Come in." Lizhen said softly.

Wang Kun walked into the room and sat next to Li Zhen. "I know I didn't do well enough before and made you feel wronged. I want to tell you that I love you and I don't want to lose you."

Lizhen's tears flowed down, "I love you too, but what you did is so disappointing, I can't forgive you"

Wang Kun went forward and wanted to hold Li Zhen's hand, but Li Zhen raised her hand, and Wang Kun's hand fell into the air. "As long as we work hard, we can do it. Let's find out the problem together and solve it together."

Li Zhen shook her head, "That's impossible, I've given up on you." Wang Kun felt a sense of despair, he slowly stood up, "Is this the end of us?" There was bitterness in his voice.

Li Zhen closed her eyes and took a deep breath. "Maybe this is the best ending."

Wang Kun walked out of the room, his steps seemed unusually heavy. He came to the children's room, quietly looking at their sleeping faces, his heart filled with helplessness and pain.

"Lizhen, please come back and live here if you don't want to see me. I want to go out for a while. Let's both calm down." Wang Kun said with his head down.

Lizhen bit her lip and said, "If you don't want me to leave, I won't come back."

At first, when Lizhen saw how good her mother-in-law was to her, she was a little moved and had the urge to return home, but the moment she saw Qiuyan, she made up her mind and decided to leave this home.

"Are you really so heartless?" Wang Kun couldn't bear it anymore. He looked at Li Zhen and his emotions were a little out of control. At this time, Wang Kun finally exploded.

"I did something wrong, but you are not any better. Do you think I don't know about you and your first love? Aren't you two together now? He found a place for you to avoid me, and he arranged work for you. Do you think I don't know that she picks you up for work every day, and you are together every day. Maybe you have cheated on me." Wang Kun felt sorry for himself because he was wrong. In fact, he had known that Lizhen had gone to Hongliang to tell her about work, but he dared not say anything. He could only swallow his anger. At this time, he could no longer bear it, and his emotions were out of control and he completely exploded.

Li Zhen widened her eyes and looked at Wang Kun in disbelief.

"You actually followed me?" Li Zhen's voice trembled.

Wang Kun snorted, "If you don't want others to know, then don't do it yourself."

"You...you are totally unreasonable!" Li Zhen was so angry that she was shaking all over.

After saying that, Lizhen rushed out of the room, took some of her luggage and left the house.

Wang Kun looked at her receding back, feeling mixed emotions.

He knew that he had just said too much, but he was also blinded by anger.

How can he win back Li Zhen's heart now? Wang Kun stepped out of the house, the sun shone on him, but it could not dispel the haze in his heart. He didn't know what the future would be like, but he knew that he had to work hard to save this marriage.

At this time, Qiuyan, who was hiding not far away and observing the situation, saw Lizhen leaving and thought: It seems that the relationship between Wang Kun and Lizhen has completely broken down. She was secretly happy and felt that her chance had come.

However, when she saw the pain and confusion on Wang Kun's face, she couldn't help but feel a little pity in her heart. She decided to put aside her own desires for the time being, but she was reluctant to do so. I have suffered injustice for so long.

Qiuyan walked to Wang Kun, patted his shoulder gently and comforted him: "Wang Kun, don't be sad. I believe there must be some misunderstanding between you. You should go find Lizhen and make things clear." Wang Kun looked at Qiuyan gratefully and nodded.

A few days later, Wang Kun found Li Zhen, sincerely apologized to her, and expressed his willingness to start over. Li Zhen was still so stubborn in her heart, and she was determined not to turn back.

Qiuyan was secretly watching all this. She thought she had a chance, but she didn't expect Wang Kun and Li Zhen to reconcile. Qiuyan was full of resentment and jealousy, but she also knew that she couldn't sit still and wait for death. So Qiuyan began to plan a conspiracy to completely destroy the relationship between Wang Kun and Li Zhen...
