

## First Love 160

### Chapter 160: You Didn't Tell Me About the Divorce

"Who do you think is getting divorced?" Jin Lan was afraid that Wang Kun and Li Zhen would get divorced. When she heard Wang Ma talking about divorce, Jin Lan immediately asked Wang Ma who was getting divorced.

When my mother Wang saw Jinlan heard about the divorce, the old lady finally reacted. Wang realized that she had let the cat out of the bag and quickly explained, "No one, I just said it casually.

How could Jinlan believe what Wang Ma said? She grabbed Wang Ma's hand and asked anxiously, "Don't lie to me. Who is getting divorced? Is it Wang Kun and Li Zhen?"

Wang Ma was speechless, which made Jin Lan more certain of her guess. Her face turned pale and her body trembled slightly.

"What's wrong with you, old lady?" "It's all my fault, I..." Seeing Jin Lan's reaction, she immediately realized that she had caused trouble. She really wanted to slap her a few times. Seeing Jin Lan like this, Wang Ma didn't know what to do.

Aunt Wang immediately helped Jinlan sit down, then with trembling hands she quickly poured a glass of water for Jinlan to drink. When Jinlan felt a little better, Aunt Wang immediately called Lizhen.

"Miss, something's wrong. It's the old lady, she, she..." Aunt Wang was so frightened by Jin Lan's previous situation that she couldn't speak.

"What's wrong with my mother-in-law?" Li Zhen was startled and hurriedly asked the reason.

"I accidentally let it slip that you were divorced, but I didn't mean it. I didn't know she didn't know." Mother Wang almost wanted to cry as she spoke.

"It's okay. Aunt Wang blames me for not telling you. Don't let the old lady know for now because she just got out of the hospital. But it doesn't matter. Sooner or later she will know all this. You take care of the old lady. I will handle these things."

At this time, Lizhen was in a meeting and couldn't leave. After thinking about it, she had to call Wang Kun.

Wang Kun hurried to Li Zhen's residence, his heart filled with anxiety and uneasiness. He pushed open the door and found that the room was silent, and Jin Lan was sitting quietly on the sofa with a dull look in her eyes.

Wang Kun walked quickly to his side and asked with concern, "What happened?"

Why did mom say we were divorced? "

Mother Wang sighed softly and told Wang Kun what had happened. "It's all my fault for talking too much, but I didn't know that the old lady didn't know about your divorce."

Wang Kun felt heavy-hearted after hearing this. He knew that he would have to face this matter sooner or later, but he did not expect it to be revealed in this way.

"This is none of your business. We didn't communicate well with my mother. We should have told my mother about this earlier. It's just that she was injured some time ago and I was afraid that she couldn't bear the blow. Besides, we can't keep hiding it. We have to tell it sooner or later," Wang Kun comforted Wang's mother.

At this time, Lizhen came back from the meeting and asked: "How is mom now? Do you want to go to the hospital?"

"I don't want to go to the hospital, kid, come here." When Jinlan saw Lizhen coming back, she excitedly held Lizhen's hand with tears in her eyes.

"How can you bear to leave, children? You have two children who are not yet adults. What will happen to them? They are so young and have to go through the pain of separation from their parents." Jin Lan burst into tears when she said this.

"When I first arrived here, I felt strange. Our home was fine, so why did you buy a house? My child, I don't blame you. It's my fault that I didn't educate my son well. We are sorry for you. Our Wang family doesn't have this blessing." Jin Lan was choked with sobs and couldn't speak.

"Mom, let's go back. I did something wrong and I must bear the consequences of my own actions. Let's not blame Lizhen, she did nothing wrong," Wang Kun said, and pulled his mother to leave.

"Wait, you guys are divorced. Lizhen also contributed to my factory. Did you give some money to Lizhen?" Although Jinlan is not very educated, she is very fair and kind-hearted.

"Thank you, Mom. I'll leave my share of the property to my son." Li Zhen said calmly, "I have my own career and can support myself. Money is not the most important thing to me. I just hope that my children can grow up healthy and happy."

Jinlan looked at Lizhen with emotion, tears in her eyes, "Lizhen, you are such a kind and good child. It is Wang Kun's blessing to marry you. It's a pity..." Jinlan sighed.

"Mom, stop talking, let's go." Wang Kun helped Jin Lan up and walked towards the door.

Lizhen felt mixed emotions as she watched them leave.

Wang Kun nodded silently, knowing that Li Zhen's choice was out of love for her children. Although their marriage had broken down, she still cared about the children's future.

"Lizhen, don't worry, mom and I will raise our son well, and I will take good care of the child." Wang Kun said firmly.

The three of them walked out of the room together, and the sunlight shone on them, as if giving them a touch of warmth and strength. Although the family was broken, they all decided to work together for the happiness of their children.

Yes, after more than a year of hard work, Lizhen's assets have surpassed the factory she and Wang Kun ran.

"Mom, we have already resolved the issue between us, don't worry." Li Zhen comforted her.

"Wang Kun and I both hope that you can live a healthy and happy life."

Jin Lan looked at the two people in front of her and nodded helplessly.

After Lizhen sent Jinlan and Wang Kun home, she stood downstairs.

After Wang Kun sent his mother back, he turned back and saw Lizhen still standing downstairs. He walked up to Lizhen.

"Anyway, thank you for helping me deal with all this." Wang Kun said sincerely.

Lizhen smiled and responded: "We are still friends and parents of the children. If you need any help in the future, just ask."

Afterwards, the two turned around and left in different directions. Their lives had a new beginning from then on.

Wang Kun did not go home directly, but went to the bar, hoping to numb himself with alcohol.

Thinking about how he lost Lizhen, such a good woman, especially now that he still deeply loves Lizhen.

At this time, a familiar voice came, "Why do you drink so much? Alcohol will harm your body."

When Wang Kun saw that the person coming was Li Zhen, he pulled Li Zhen over and hugged her, "Li Zhen, let's get back together. I can't live without you, and the child can't live without a mother."

Li Zhen's whole body trembled. She hesitated for a moment, but she still moved away from Wang Kun. A broken mirror has cracks that are difficult to heal.

"Go back, there are children and elderly people waiting for you at home..."
