

First Love 161

Chapter 161 Their relationship began to grow closer

Wang Kun was drunk, and Li Zhen wanted to send him home. But from what Wang Kun said just now, it sounded as if he was not drunk. Li Zhen sent him to the door and left. Wang Kun looked at Li Zhen's back as she left, but couldn't calm down. He sat down at the door and didn't want to go in. He didn't know how to smoke before, but now he started smoking, one or two cigarettes at a time.

At this time, there was a person following them silently not far away. When she saw Lizhen leave Wang Kun and sit at the door smoking with his head down and a painful expression, the person turned out to be Qiuyan.

During this time, Qiuyan seldom even went to work. She spent most of her time following Wang Kun and paying attention to his every move. Just now, she saw Wang Kun drunk and wanted to go up to him, but then she saw Lizhen there, so she had to look at him from a distance. Now she saw Lizhen leave and Wang Kun was still smoking at the door, so she slowly came to Wang Kun.

"Why don't you go in? It's cold sitting on the ground." I raised my head quickly when I heard the voice. She thought it was Lizhen who came back. He stood up suddenly, hugged Qiuyan and muttered, "I knew you would come back, you still love me, and you would worry about me."

Qiuyan was held tightly by Wang Kun. She tried to break free, but Wang Kun was too strong. "Wang Kun, let me go. I'm not Li Zhen!" Qiuyan shouted.

After hearing this, Wang Kun sobered up a little. He let go of his hand and looked at Qiuyan in front of him with an embarrassed expression on his face.

"I'm sorry, I recognized the wrong person." Wang Kun muttered to himself.

Qiuyan looked at Wang Kun, feeling a pang of sadness in her heart. She had always liked Wang Kun silently, but he was always thinking about Li Zhen.

"It's okay, I'll take you home." Qiuyan said softly.

Wang Kun nodded, looked at Qiuyan gratefully, and they walked into the house together.

After everyone in the family went to bed, Qiuyan hurried back to her room and searched through the boxes for Wang Kun's clothes. She carefully selected each piece of clothing, making sure they were clean, tidy, and appropriate.

Finally, Qiuyan found a set of clothes that she was satisfied with. She carefully took it out and gently smoothed out the wrinkles. Then, she walked to Wang Kun, handed it to him with a smile, and helped him adjust the collar and cuffs.

Wang Kun looked at Qiuyan in front of him, his heart full of gratitude. He knew that this was not just a set of clothes, but also Qiuyan's care and love for him. After urging him to wash up, Wang Kun felt much more sober. He looked at himself in the mirror and couldn't help but think of the scene just now, and a trace of guilt rose in his heart.

Qiuyan stayed by his side silently without saying anything more. Wang Kun realized that his attitude towards Qiuyan was a bit excessive, so he decided to find an opportunity to apologize to her.

"It's so late, you should go back." Wang Kun originally wanted to send Qiuyan back, but the words were stuck in his throat.

"Okay, you have a good rest, I'm going back." Qiuyan said and left.

Qiuyan was secretly happy in her heart. She was one step closer to Wang Kun. Their relationship was slowly easing up and moving in a good direction.

The next day, Wang Kun took the initiative to invite Qiu Yan to have lunch together. The two sat opposite each other in the restaurant, and the atmosphere was a little awkward. Wang Kun mustered up his courage and sincerely apologized to Qiu Yan: "I'm really sorry for yesterday. I drank too much and mistook you for Li Zhen."

Qiuyan smiled and said tolerantly: "It's okay, I know you feel bad. But you have to take care of yourself and stop drinking so much."

Wang Kun looked at Qiuyan with emotion. He didn't know why, but at this moment, Wang Kun felt that Qiuyan's gaze was not so irritating and he didn't feel so disgusted with her anymore.

Since then, as time went by, the relationship between Wang Kun and Qiu Yan became closer and closer. They began to communicate frequently, sharing each other's daily life and joys and sorrows. Every conversation made them understand each other better and made them feel more favorable towards each other.

Wang Kun slowly began to understand Qiuyan. He thought that Qiuyan might have loved him too much, which was why she did some extreme actions.

Wang Kun found that Qiu Yan had changed. She was not only smart, but also kind and considerate. She was always able to listen to his troubles and give him appropriate advice and comfort. Qiu Yan was also attracted by Wang Kun's steadiness and honesty and felt that he was a trustworthy person.

They spent many wonderful times together, strolling in the park together, admiring the beauty of the changing seasons; tasting various delicacies together, enjoying the pleasure of taste buds;

They participated in various activities together and felt the colorful and fun of life. In this process, as time went by, the distance between them became closer and closer, and their hearts began to slowly move closer. They began to share every bit of life with each other, whether it was happiness or sadness, which became the sustenance of each other's hearts.

In the process, they gradually discovered each other's strengths and charm, and these wonderful qualities made them more and more fascinated.

Every communication is like a wonderful adventure, full of unknowns and surprises. They listen to each other's words carefully and feel the emotions and meanings contained in them. This in-depth communication allows them to have a deeper understanding of each other and makes their relationship closer.

When they face difficulties, they will lend a helping hand without hesitation. Once, Wang Kun's factory was unable to deliver the product because of defects. The other party asked Wang Kun's factory to not

only return the product but also cancel the order. They also unreasonably asked Wang Kun and his team to compensate for the loss.

Qiuyan not only faced it together with Wang Kun, but also fought with them. A conflict broke out between them. The other party was about to hit Wang Kun with a wine bottle, but Qiuyan rushed in front of Wang Kun without fear. As a result, the bottle hit Qiuyan's head because she rushed in front of Wang Kun. Blood flowed from Qiuyan's head, but Qiuyan ignored her own injury and protected Wang Kun tightly.

Qiuyan's action shocked Wang Kun. He looked at Qiuyan in surprise. This action made Wang Kun realize that only those who truly love someone can be so brave as to protect the other person regardless of their own safety.

They give each other the most sincere support and encouragement. When they enjoy the joy of success, they will share it with each other as soon as possible to double their happiness. Their hearts are like magnets, deeply attracted to each other and unable to separate. It seems that there is an invisible force that tightly connects them.

The affection between Wang Kun and Qiu Yan is spreading, but there is one person who cannot stand Qiu Yan's affectation. She is extremely dissatisfied with Qiu Yan. She reminds Wang Kun that this woman is not a good person and asks Wang Kun to stay away from Qiu Yan. Who is this person...
