

First Love 22

Chapter 22 Best Friend

Wang Kun went out to look for a job again today, but he encountered the same setbacks as in the previous few days. He dragged his tired body back to Lizhen's residence. Lizhen hadn't come back yet, so he started cooking because he was worried that Lizhen would be hungry when she came back.

Lizhen felt a little depressed when she came out of the company, but she didn't know where to go. ~

"Ding-ling" her cell phone rang. Lizhen looked and saw that it was her good friend Zhen

Ni, her mood immediately improved.

"Hey, Nizi, you miss me so much, you are really the worm in my stomach

I was just about to call you, I want to chat with you, I'll

Come here." Lizhen thought that she was really my good friend, and she could even sense what she was thinking.

Jenny was her colleague who started working right after she graduated from school.

They separated after Lizhen switched jobs to this company.

Later, Jenny started a boyfriend. This boyfriend was very decisive. Not long after working in a company, he started his own company. I heard that his family was well-off. After Jenny started dating her boyfriend, she left the company and went to work for her boyfriend.

Since Wang Kun left, Li Zhen and she have been busy with work, so they have only exchanged messages on WeChat and have not seen each other for a long time.

When Lizhen arrived at the meeting place, Jenny was already there waiting for her.

When Lizhen saw Jenny, she didn't even recognize her. Not seeing her for a few months made her look at her with new eyes.

Jenny, who used to have yellow skin, now has fair complexion, bright eyes and white teeth.

It turned out that she just tied her hair into a long ponytail at the back, which swung back and forth when she walked.

Today, she has long brown wavy hair draped over her shoulders. Her previously plump figure has now become hot and slim, a typical beauty.

She was wearing an expensive and gorgeous dress, beautiful earrings hanging from her earlobes, the diamond rings on her fingers and the folds on her wrists sparkled with gold, and she was carrying a [brand-name] bag in her hand, looking like a typical wealthy woman.

"Nizi, I couldn't recognize you when you walked on the street. You've changed so much," Lizhen looked at her in surprise.

"Really? But the changes this time are a bit big," Jenny said with a silly smile.

"Why did you change your boyfriend? Did you hook up with some rich guy?"

"It's still the same thing there, but he has proposed to me." Jenny's eyes were shining and her face was shy. She smiled very sweetly and looked very happy.

"Let me sit down and talk." Jenny immediately pulled Lizhen, and they found a seat and sat down.

Jenny looked at Lizhen and saw that she looked very haggard. She was shocked and asked her with concern, "How have you been these days? You seem to be worried about something and you look very unhappy."

Li Zhen looked at her and immediately a shadow of sadness appeared on her face. "Alas, I am unemployed now."

"What happened? Were you fired by your boss?" Jenny asked anxiously.

"No, I fired the boss myself." Lizhen smiled with a bitter face, but her smile was uglier than crying.

"I say, if your boss fired you, he is simply blind. Where can he find someone as outstanding and beautiful as you?" Jenny looked at Lizhen, who blinked and thought for a while.

"Hey, that's not right. The company you went to is a company that thousands of people want to work for. I remember you said when you were working with me that it was your dream to get into this company. Could it be that the boss is a pervert?"

"No, the boss is a very upright person, a rare good man." Li Zhen recognized the boss and saved Wang Kun. The boss liked her, but she liked Wang Kun. Everything she told her best friend.

"Wow, such a good thing actually happened to you, but you don't know how to appreciate it. My lady, you know that your chairman is the diamond bachelor and prince charming that many girls dream of. Woman, you don't know how lucky you were in your previous life that such a good thing happened to you." Jenny smacked her lips, looking like a lecherous devil.

"Okay, since you like him so much, why don't you divorce your boyfriend? I'll help you get together and let you become his girlfriend," Lizhen was trying to make Jenny happy.

"I won't change. My prince charming is the result of our sharing of joys and sorrows. We can be called a couple in adversity, okay? My boyfriend said that he wouldn't have his current career without me. He respects me very much. He said that I am his lucky star. We also have an experience that is worth unforgettable in our lifetime. Even if I am willing to change, my boyfriend will not agree." Jenny kept giggling after saying this, with a very happy smile on her face.

"You see why we became best friends. It's because our original intentions and our beliefs are so similar. Even though Wang Kun is a poor boy now, I love him so much. He is poor now, but that doesn't mean he

will be poor in the future. I believe that only if the two of us work hard and have a successful career like your boyfriend, I firmly believe that he will love and pamper me like your boyfriend." Lizhen became more and more excited as she spoke. Her true words deeply moved Jenny. While Lizhen was speaking, she couldn't help but nodded for Lizhen.

"Yeah" Because what Lizhen said were all things she and her boyfriend had experienced.

Lizhen picked up the drink and took a sip and continued, "I, He Lizhen, want to wear branded clothes, carry branded bags, and wear gold and silver like you, but I don't want it to be created by others. I want it to be created by myself and my beloved through hardships like you. Only when I wear it will I feel at ease, happy and joyful."

"Woman, now I know why your chairman is chasing you. It turns out that he has seen that you are not an ordinary person. You are different from others. You are not a gold digger who sits back and enjoys the fruits of her labor. You are a very unique person who is not moved by money. You are a person who can share joys and sorrows with you. That's why I know that your chairman is an amazing person. No wonder he is so successful in his career. Now I know why he can become a diamond bachelor. The reason why he has not married yet is that he has not met a woman who he feels can share the joys and sorrows with him. Now he has met her, but you are even more awesome than him, hahahaha"

"I now have a new respect for you. Not only has your material life changed, but your spiritual realm and ability to please people have also improved a lot." Li Zhen was amazed by Jenny's thorough analysis of the chairman.

"You will become the kind of person you are with. My boyfriend and I often take me to some wealthy people's banquets. I hear and see a lot, and I will gradually get used to these things."

"I feel much better after chatting with you today. I have seen hope from you. My dream is to become a person like you and have the same result. But it's just a dream. Whether it can be realized is still an unknown." Li Zhen's eyes suddenly became deep and her face was immediately covered with dark clouds.

Seeing that her best friend's smile had disappeared, Jenny immediately comforted her; "You are now a shadow of me. My boyfriend and I had the same idea as you back then. You see, we are successful now. But it was my boyfriend who encouraged me to come out. I was worried about him at that time. Fortunately, their families are very supportive of us."

"Yes, you are fine now, and you have achieved success, but you gave me a lot of confidence and courage, and I feel much better."

At this time, Lizhen's phone rang. She saw that it was Wang Kun and asked him to come back quickly for dinner.

"Your boyfriend's"

"Yes, he urged me to go back for dinner," Lizhen smiled.

"If you have any difficulties, come to me and I will do my best to help you."

"Okay, this is what you said, I will definitely come to you"
