

First Love 30

Chapter 30 Distress

Lizhen and Wang Kun are preparing for their own opening. They have been busy for a while, but still have no progress. As the saying goes, everything is difficult at the beginning. Although both of them are full of enthusiasm and confidence, nothing is always smooth sailing.

"Ding, ding," the cell phone rang. Suddenly that night, she received a call from a company she had applied for a few days ago, telling her to go to the company for an interview the next day.

"Wang Kun, the company I submitted my resume to a few days ago, called me today and confirmed the interview tomorrow. How about I go to work first and you can slowly prepare. I'll resign when everything is ready, this way we won't be living off our savings." After answering the phone, Li Zhen immediately ran to the kitchen where Wang Kun was washing dishes.

"Really? It's that company?" Wang Kun was very happy after hearing Li Zhen's words. He had just finished washing the dishes, and he wiped them with a rag and said.

Seeing Lizhen running towards him, Wang immediately went up to her and hugged her.

"You run so fast, aren't you afraid of falling?" Wang Kun looked at the happy Lizhen lovingly.

"I'm just too happy. I want to tell you the good news and make you happy." Li Zhen responded to Wang Kun very gently.

Two young people who survived adversity encountered happy things and forgot the gloom of that period of time and regained a brief happiness. They seemed to have returned to the happiness and joy they had half a year ago.

"Look, does this dress look good on me?" Lizhen immediately went to the closet to look for clothes. The piece of clothing Lizhen took out was the one Wang Kun bought for her a few months ago after he got his salary. Lizhen had been reluctant to wear it.

"Put it on and let me see it." Wang looked at Lizhen lovingly.

This is a royal blue professional suit with a white collar, which sets off Lizhen's skin very well. It is paired with a royal blue one-step skirt. Lizhen looks particularly good in it, and looks very energetic.

"Well, it looks good. Let's wear this outfit tomorrow."

"Okay, let's go to bed early tonight and get enough rest before going to apply for the job."

The next day, Wang Kun got up very early. He walked very carefully as he was afraid of disturbing Li Zhen. He wanted Li Zhen to rest well and prepare for today's job application.

As soon as Wang Kun bought breakfast, Li Zhen got up.

"Why didn't you call me when you got up?" Li Zhen walked out of the room while rubbing her sleepy eyes.

"Why are you in such a hurry? It's not even 7 o'clock yet. Normally, we're told that we won't be back until 8 or 9 o'clock. Go wash up and have breakfast after that."

After breakfast, Lizhen dressed neatly and walked out of the room. Wang Kun's eyes immediately brightened. She was wearing a royal blue suit, a pair of flesh-colored stockings and a pair of black high heels. Lizhen looked dignified and full of energy.

"I'm going." Li Zhen smiled, waved to Wang Kun, and left happily.

Wang Kun sent Lizhen to the door. Looking at Lizhen going away, he had an indescribable feeling. He had a premonition in his heart, but he couldn't remember what it was.

In order not to delay today's interview, Lizhen did not take the bus but took a taxi.

"Girl, you look happy. Are you going on a blind date today?" The taxi driver saw that Lizhen was dressed so beautifully and was in a good mood, so he couldn't help but joke with her.

"Hey, I'm not going for an interview," Lizhen replied with a smile.

The driver looked at Li Zhen. She thought that this place was mostly hotels and there were no companies.

When Lizhen arrived at her destination by taxi, she looked around. Isn't this the place where I had an interview last time? Didn't the interview fail? Why did they come to me again today? She thought about it and wondered if they knew my strength or discovered something. Well, they actually came. It doesn't matter. I'll go in and take a look first. Lizhen raised her leg and stepped into the door with doubts.

Lizhen found the office with familiarity. She looked around the door and saw no one else. She wondered why there were no other applicants and why she was the only applicant. She had an indescribable feeling in her heart, as if something bad was happening.

When she arrived at the office door, she knocked politely.

"Come in!" A man's voice came from inside, and the voice sounded familiar.

Li Zhen hurried into the office. There was a person sitting on the chair at the desk with his back to her. Looking at the person's back, she felt that he looked a little familiar, but she couldn't remember who he was for a moment.

"Hello," Lizhen greeted politely.

The person sitting in the chair slowly turned around and looked straight at Li Zhen. "Secretary He, how are you?"

This voice is so familiar. Li Zhen remembered something. She looked up suddenly. When she saw the person sitting on the chair clearly, she took a breath of cold air. She had a bad premonition. She ran without even thinking...
