

## First Love 33

### Chapter 33 I Misunderstood Him

In the middle of the night, Lizhen slowly woke up.

She opened her eyes and stretched her body which was a little numb from sleeping.

She looked around at everything in front of her. It was so strange. Where was I? She looked at the luxuriously decorated room. How could I sleep here? She recalled everything with great effort...

She slowly turned her body and suddenly she saw a man's hair. Due to his sleeping position, her face could not be seen. Lizhen instinctively lifted the quilt slightly. She was still wearing neat and tidy clothes, and her anxious heart was slightly relieved.

The person sleeping next to her moved his head, and the quilt covering his face fell off. When Lizhen saw the person's face clearly, she couldn't help but scream "Ah"

Because Lizhen's voice was a bit loud, she woke up the people around her. They both shouted at the same time, "Why are you here?"

"I want to ask you something," Lizhen angrily questioned the chairman. From her imagination, the chairman must have used his own tricks to kidnap her.

The chairman was surprised when he saw that it was Lizhen. He was also startled. When he saw Lizhen again, he was very happy. But the chairman had experienced a lot after all, so he was more mature and stable. After thinking for a while, he calmed down immediately. In order not to scare Lizhen, he immediately joked with her, "We are destined to meet again."

Li Zhen immediately jumped out of bed and stood up. She looked at the chairman in horror, but she was particularly angry in her heart. "I never thought that the chairman of a large company would use such a horrible method to kidnap the person he likes. As the saying goes, a forced melon will not be sweet. Even if you do this, I will not give in."

The chairman was very puzzled at first, wondering why he was here. He recalled slowly and carefully, and suddenly remembered that his subordinates' invitation to dinner last night was fake, but a trap for him was real. The super controller must be Director Liu, and it must be organized by him. Thinking about how they took turns to toast him, it turned out that they had been organized and planned long ago.

He saw Lizhen's face full of anger, but he was not angry because he understood how a girl felt when being criticized. He made a gesture of being misunderstood, and then he tried to lower his voice as much as possible.

"He Shi Lizhen, don't be so angry. Calm down first. I tell you that I don't know what's going on. Do you believe it? Look, I just woke up now. Look at you again. Didn't I touch you? You are still fine. Think about it, right?" After saying that, the chairman immediately picked up his mobile phone and made a call.

"Beep, beep." Soon the phone rang and the chairman immediately shouted into the phone, "Liu Zhuge, you've done a bad thing. I give you ten minutes to get out here right now." His face was like that of an angry king, with a terrifying ferocious light in his eyes. If looks could kill, he would definitely kill someone at this moment.

The chairman looked at Li Zhen who was still furious, and said to her earnestly, "I admit that I like you, but I am a principled person. I want you to fall in love with me willingly, and I will not force you to do anything."

Lizhen thought about it and realized that she didn't seem to have suffered any losses. Her clothes were still intact. The chairman woke up earlier than her. Could it be that I misunderstood him? However, Lizhen still pretended to be very calm.

"Whether you believe me or not, you will know when my people come and ask me. But it is also my fault for not disciplining my subordinates strictly. I apologize to you."

"Knock knock knock" there was a knock on the door.

The chairman stood up and opened the door. "Chairman, please forgive me." When Director Liu saw the chairman open the door, he immediately knelt in front of the chairman.

"Don't kneel down to me. Go inside immediately and apologize to Secretary He. Explain what happened clearly and tell us who told you to do this." The chairman raised his eyebrows and spoke in a startled tone.

"Well, we just couldn't bear to see that the chairman was so sad. Please forgive us this time because of my loyalty to you and my wholehearted devotion to the chairman. I won't dare to do it again next time." When Director Liu heard that he was asked to apologize to Lizhen, he felt a little embarrassed.

"Why didn't you think about the consequences of doing so? A real man should have the courage to admit his mistakes."

"I" Director Liu looked up at the chairman, and he had no choice but to stand up and walk in front of Lizhen with his head down.

"Secretary He, I'm sorry. We did this on our own initiative. It has nothing to do with the chairman. We tied you up because we saw how much the chairman liked you and how much pain he was in during this period. You have to do it even if you don't want to. But you are so stupid. If you follow the chairman, you will immediately become his wife. There are so many people waiting in line now."

"You know that what you are doing is kidnapping and is illegal. If I sue you, you will go to jail," Lizhen warned Director Liu seriously.

"Secretary He, please don't sue us. Please let us go because we are all doing this for the chairman. We have elderly parents and young children to take care of. What will they do if I go to jail?" Director Liu kowtowed to Lizhen while clasping his hands together.

"Secretary He, please let them go for my sake, but I won't let them off easily."

At this time, Li Zhen thought about it and realized that she had misunderstood the chairman. She decided to let Director Liu go because the chairman was nice to her. She nodded to the chairman and said, "Okay, I'll let you go for the chairman's sake."

At this time, the chairman asked Lizhen to let Director Liu go, and the chairman assured Director Liu that he would not let them go easily.
