

First Love 35

Chapter 35 The Chairman is a Good Man

Lizhen saw the chairman's attitude towards Director Liu and believed that this matter had nothing to do with the chairman, so she forgave him.

"I'm sorry, Chairman. I wronged you." Li Zhen thought that from the past until now, the Chairman had never made things difficult for her, and she had always misunderstood him.

"This is not your fault. I didn't discipline my subordinates well enough. It's unfair for them to do this to you. They shouldn't have kidnapped you in this way and caused you mental and spiritual trauma. I apologize to you."

The chairman bowed and continued, "But I am also responsible. I caused them to make mistakes because they did not understand what I meant. However, I cannot blame them entirely. I think from their perspective, they did this just to curry favor with me. On the contrary, they were doing this for my own good. However, they misunderstood and ended up currying the wrong favor. Hahaha." The chairman is not only generous and conscientious, but also considerate of others. He is a rare good boss.

"He Lizhen, to be honest, I like you in my heart, and you mean a lot to me. If you don't want to marry me, I won't force you, and I don't blame you. After all, everyone has their needs and loves."

"Chairman, I don't feel guilty about saying that. I wronged you and misunderstood you. You are a good person and a good boss. No wonder you have done so well in your career. I have learned a lot from you. You also saved Wang Kun. Logically, Wang Kun and I should repay you for saving our lives and work hard for you. But feelings are not the same as this matter. Compared with you, Chairman, I feel ashamed." Lizhen came to the chairman and bowed deeply.

The chairman looked at the girl he liked. She was so sensible and had such a strong personality that it really impressed him. In his heart, he liked this good girl who had a clear distinction between love and hate even more.

"Are you still looking for a job? Have you found one? If you are willing, I welcome you to come back to me. There is always a position waiting for you here." The chairman warmly invited Lizhen to come back to him.

"No, Chairman, I am not satisfied with what you said. We want to try our luck on our own. Wang Kun and I are currently in the process of making preparations." Li Zhen looked at the chairman to see how he would react.

The chairman looked at Li Zhen with deep affection and a gleam in his eyes. He was very surprised and asked, "Is it true?"

"Yes, Chairman, we are in the process of preparing."

Lizhen felt a little uncomfortable seeing the chairman looking at her like that.

"Everything is difficult at the beginning. To start a business, many factors need to be considered, such as capital, connections, supply, and sales channels."

The chairman thinks you are a little too dreamy. It's not even a year since you started out, and the funds, supply, sales, the funds alone are enough to bankrupt you two paupers. "Hehehe," I want to see how long you can last.

"But it's a good thing that you have such an idea. You are really young and energetic. You do what you say. I admire you." The chairman said, but he was worried about them in his heart.

It was already daybreak. Lizhen looked around and said, "Oh no, I forgot to call Wang Kun. I suddenly disappeared and it has been a day and a night. He must be very worried." Lizhen immediately took out her cell phone and saw that it was out of battery.

"What's wrong?" The chairman asked with great concern when he saw Lizhen's troubled face.

"My phone is out of battery"

"Use mine to hit me"

"This..." Li Zhen looked embarrassed. She was a little worried that Wang Kun would be suspicious, but then she thought that Wang Kun would trust her, so she just went back and explained it to him.

"Let's go, I'll take you back."

Lizhen got into the car with the chairman while talking on the phone.

The call was connected quickly. "Hello, it's me, Wang Kun."

"Lizhen, where have you been? I've been looking for you for a whole day and a whole night. You've made me so worried. Where are you? I'll pick you up." When Wang Kun received Lizhen's call in a hurry, he didn't have time to say anything to Lizhen and said a series of words in a very anxious manner.

"It's a long story. I'll tell you when I get home. Wait for the chairman to take me back home."

When the chairman sent Lizhen to the door of their rental house, Chunyan was also waiting for them at the door. Then the chairman's phone rang. "Hello, OK, I'll be there soon."

"The chairman is here, please go upstairs and sit." Wang Kun's heart tightened when he saw that it was the chairman's car, but Wang Kun still had a smile on his face.

"I originally wanted to visit your place. It's such a coincidence that something happened at the company. I will definitely come and see you next time." After Lizhen got out of the car, the chairman drove away.

Chunyan, who had been standing aside without saying a word, did not say a word. She looked at the expressions of the chairman and Wang Kun. She wondered if she could get any clues from them and guess whether anything had happened between Lizhen and the chairman.

Lizhen, Wang Kun and Chunyan returned to the house together. Chunyan saw Wang Kun going out to buy breakfast. Chunyan immediately pulled Lizhen and asked, "Tell me honestly, what happened to you last night?"

"Fortunately, nothing serious happened. Something bad almost happened, but in the end it was resolved safely." Lizhen told Chunyan everything that happened yesterday and evening.

After hearing this, Chunyan breathed a sigh of relief and said, "Fortunately, otherwise your life would have been ruined. But it's okay. Then you can marry the chairman. It's not bad to marry the chairman." "Hehehe" the two girls' sly laughter came from inside.

"How is that possible? If I had such thoughts, I wouldn't be working so hard now. I would have agreed to be the chairman's wife a long time ago. But I love Wang Kun," Li Zhen said with certainty.

As the saying goes, walls have ears. In fact, Wang Kun did not leave. As soon as he arrived at the door, he heard Chunyan talking about Lizhen. He had just seen the chairman sending Lizhen back, and he was a little confused. Now hearing Chunyan asking about Lizhen, he couldn't help but stop and listen to their conversation. When he heard Lizhen say that she loved him, a warm current suddenly flowed through his body, and he was so happy in his heart.

"But the chairman is indeed a rare good man. He will not force anyone to do anything. He likes me so much. Even in such a situation, he can respect me and keep his composure. He is very generous and responsible." Li Zhen's evaluation of the chairman is so good.

"You speak so highly of the chairman that I am a little moved, hahahaha"

"How about I introduce you to the chairman?" The two girlfriends hugged each other and laughed happily...
