

First Love 36

Chapter 36 I Just Don't Like Her

The chairman returned to the company and went to the office to ask his assistant, "Where is the rich businessman from Guangzhou?"

"Chairman, I have arranged for him to wait for you in his reception room," the assistant immediately told the chairman.

"Okay, I understand." The chairman immediately came to the reception room.

At this time, there was a girl with long wavy wine-red hair in the reception room. She was wearing a black long dress and a very delicate diamond necklace hanging on her chest, which looked very expensive.

She has fair skin, a tall figure, a high nose bridge, big eyes, and wears a pair of high-heeled shoes with heels that are more than ten centimeters high.

As soon as the chairman stepped into the reception room, the girl came up to him with a smile on her face. Her beautiful dimples were very sweet when she smiled, making people feel very approachable and generous.

"Chairman, I am Coco, the agent of Ark's domestic office. Nice to meet you."

"Hello," the chairman walked up and shook hands with Coco.

"I heard in the United States that the chairman of Ruixiang Group is young, handsome, wise and rich. He is indeed a handsome man with a dignified appearance." Coco said without hesitation and looked straight at the young and handsome boss.

"Our cooperation with your company has always been very pleasant. Has the number of projects increased this time?" The chairman saw that the fashionable girl's motives were not pure, so he immediately changed the subject.

"I came here to bring a project with me. This..."

It depends on your attitude." Coco looked at the chairman greedily.

The chairman felt mixed emotions when looking at this beautiful, scheming and fashionable girl. He just couldn't like her and wasn't attracted to her.

At this moment, the image of Lizhen emerged in the chairman's mind. The thought of her cheerfulness and stubbornness made him linger on it.

People are so weird, especially men who are possessive animals. If someone likes him, he doesn't like them. If someone pursues him, he thinks it's cheap. As long as it's particularly hard for him to get it, he will cherish it even more.

At this time, assistant Xiao Liu came in and whispered something in the chairman's ear.

"Oh, Liu Zhuge is back. Please notify him to come to the office later."

"Yes" Assistant Xiao Liu went out immediately.

"Ms. Coco, let's discuss our contract tomorrow. I have something urgent to attend to later."

"Okay." Looking at the chairman's determined eyes, she felt a little timid, so she had to leave timidly in her more than ten-centimeter high heels.

"Chairman" It was Director Liu who came in at this time. He walked into the office timidly, and stood opposite the chairman's desk, like a defeated rooster, with his head lowered and not daring to look up

at the chairman. However, he still moved his triangular eyes secretly, observing the chairman's reaction with the corner of his eyes.

"Liu Zhuge, do you know what you have done?" The chairman's face was full of anger. Although his voice was not loud, Liu Zhuge was deafened like thunder. Hearing the chairman's stern voice of accountability, he instinctively felt a little unstable. He didn't know if he had done something wrong or if the chairman's aura was too strong.

"Liu Zhuge, why didn't you kidnap Li Zhen without my consent? What consequences will this cause? Now I can't pursue Secretary He anymore. You are also violating the law. If Secretary He is not kind-hearted, I can sue you and put you in jail at any time. I am a dignified chairman, but I have to use such despicable means to force others to get married. You make me lose face."

"Chairman, I deserve to die. It was me who overestimated my own abilities and embarrassed the Chairman. The Chairman blamed me for seeing how much you liked Secretary He. I saw you in so much pain, I couldn't bear it, and I wanted to help the Chairman solve his problems. It was all my fault that I couldn't do the job. But Chairman, please forgive me for the fact that I have worked diligently for you for so many years. I have done a lot of things for you in the past few years, and they were all very successful. I just didn't expect Secretary He to be so annoying." Director Liu couldn't help but shook his head, looking so innocent.

"Liu Zhuge, you were wrong in kidnapping Secretary He. Kidnapping is illegal. We must not do anything illegal. We must be a good citizen who abides by the law."

"Yes, Chairman, I know." Liu Zhuge nodded like a chick pecking at food.

"But this time, Secretary He is kind enough to let you off. You are lucky that I didn't sue you. However, I will still take certain measures against you. Otherwise, you will never make such a mistake again. Your position as office director will be suspended for a period of time to see how you perform." The chairman warned Director Liu very seriously.

"Also, you are not allowed to harass Secretary He anymore. I will handle my own affairs."

"Yes, Chairman, I will never dare to do that again."
