

First Love 54

Chapter 54: What a Beautiful Sea

Lizhen woke up to the sound of her intestines moving. She touched her rumbling stomach and slowly sat up. She looked around. The bed was made of wooden boards and was particularly low. She sat up and stretched her feet out, but they were so soft. She quickly pulled her feet back. She seemed to have stepped on sand. Why was there sand in the room? She looked under the bed and saw that the wooden boards were all covered with sand.

She looked at Wang Kun who was sleeping soundly, and then looked at the decorations with strange patterns hanging beside the bed. Why was I here? Where was this place? When she heard the roar of the sea outside, she suddenly remembered that she had come out to travel and arrived in the Maldives.

She had just had a dream. She dreamed that she was eating a big crab. The crab tasted very delicious. She was eating with relish when she was awakened by the rumbling of her stomach. She looked up and saw that it was already dawn. She heard that the sea in the Maldives was very beautiful, so out of curiosity, Lizhen hurried out to see the sea.

After opening the door, Lizhen was stunned by the scene. Why was the ground all white? She grabbed the sand on the ground with her hands. It was fine, white, and soft in her hands.

At this time, the sun in the east had just emerged from the water. The sun was lying quietly on the boundless sea like a round fireball. The blue sea water was sparkling like a very beautiful lens. The sea breeze blew through the waves, sparkling like a piece of blue silk floating there.

"Wow, the sea here is so beautiful." Lizhen has seen many seas in China. In our country, the sea water is so blue and the sand is earthy yellow, but the sea water here is surprisingly blue and the sand on the beach is white, sparkling when the sun shines on it.

"Wang Kun, get up quickly and watch the sunrise." At this time, Li Zhen was so happy that she forgot about being hungry. Her blood was boiling in her body and mind. She excitedly listened to the sound of the sea water hitting the waves, "splash, splash." The blue sea was surprisingly blue. She had never seen such blue and such beautiful sea water.

The sun rose slowly, like a red fireball hanging there, gradually getting higher and higher. The blue sea and the red fireball were the most beautiful scenery Lizhen had ever seen in her life.

"Wang Kun, quickly take out your camera, let's take pictures of the sunrise." Li Zhen was as happy as a child, jumping and laughing on the beach.

"What makes you so happy?" Wang Kun felt uneasy because Xin Lizhen was starving, and seeing that the room they lived in was separate from other people's rooms, he was always worried that robbers might crawl in. The anti-theft system here was too weak, with no walls and open glass. It felt like someone could crawl in at any time. Wang Kun always felt uneasy and couldn't sleep. He fell asleep only when he was almost dawn and was very sleepy.

"Come and see, Wang Kun, the sea is so beautiful. I have never seen such a beautiful scenery." Li Zhen was heard shouting very loudly.

Wang Kun couldn't open his eyes yet. He just heard Li Zhen's scream and he jumped up with an idea. He rubbed his eyes and ran out without even putting on his shoes.

The sound of the waves mixed with Li Zhen's shouting woke Wang Kun up instantly, and drove away all his sleepiness. When he saw Li Zhen's particularly happy look, he finally let go of his anxious heart.

"Wow, so beautiful." Wang Kun rubbed his eyes. What appeared before his eyes was a scene of beauty that made him unable to close his mouth for a long time. He looked at the beautiful scene in amazement, his sleepiness completely disappeared, and his whole body suddenly became hot.

At this time, the sun was rising slowly, shining with thousands of rays of light. The sky was a fiery red. The wind blew on the sea, and the water showed ripples. The fiery red sun and the blue sea, an indescribable beauty made Wang Kun and Li Zhen particularly excited and excited.

"Boom," the sea water rises into the air like a wild horse following the collision of the waves. Waves of water rise into the air like walls, and the scene is very spectacular.

"Splash" as the waves flow, white waves surge on the sea, and suddenly some things are left on the white sand beach, which are hit by the sea water, including lively fish, colorful shells, dead sea cucumbers and abandoned household garbage.

"Look how beautiful the shells there are." Looking at the colorful shells, she jumped for joy.

"Wow, Wang Kun, come and see, there are fish." Wang Kun and Li Zhen were stunned by seeing this. Li Zhen was sharp-eyed and she first saw the fish jumping around on the beach. She suddenly became excited and immediately ran over to pick up the fish left on the beach.

"Boom" "Lizhen, watch out, the waves are coming again." At this time, Wang Kun suddenly saw another wave coming, and it was about to rush to the place where Lizhen ran to pick up the fish. Lizhen heard Wang Kun's shouting, and was suddenly at a loss and stood there motionless.

"Lizhen is in danger." Wang Kun saw Lizhen standing there in a daze. He immediately rushed up and pushed Lizhen down. He hugged Lizhen tightly and fell asleep on the beach.

"Boom!" The huge sea waves submerged them in the sea. Due to the weight of Li Zhen and Wang Kun, and Wang Kun pressing Li Zhen on the beach, they were finally saved from being swept away by the sea when the sea receded. Before they could catch their breath, another wave of sea water "boomed" and rushed up.

"Lizhen, let's get out of here..." Fortunately, Wang Kun knew how to play in the water and was not knocked unconscious by the huge waves. He shouted to Lizhen to leave quickly. Before he finished shouting, another wave of sea waves rushed over. Wang Kun suddenly thought that if they hadn't left yet, they would be in danger of being washed away by the sea water.

Wang Kun called out to Lizhen but there was no response. He quickly thought of a way and picked up Lizhen like a princess. As he was also exhausted by the sudden attack of the sea water, he used all his strength and rushed to a place where the waves could not reach him at lightning speed. He quickly put Lizhen down.

"Lizhen, wake up." But Wang Kun shook her for a long time, but Lizhen didn't respond. This made Wang Kun very anxious and scared. He looked around and saw no one. Everyone was still sleeping last night and didn't get up. Wang Kun had to give Lizhen artificial respiration.

Lizhen couldn't swim, so she was frightened by the sudden wave of sea water. The sea water choked her and made her unconscious, and she couldn't catch her breath for a long time.

It turned out that Lizhen was hit by a wave. She opened her mouth involuntarily and wanted to call Wang Kun, but before she could shout, her mouth was choked by the salty sea water. She couldn't help but hold her breath. It wouldn't have been a big deal, but the gas in her stomach hadn't flowed out yet, and her mouth was tightly closed. Lizhen suffocated unknowingly.

Li Zhen felt as if Wang Kun was calling her from far away. She could hear Wang Kun's voice, but when she wanted to speak, she couldn't say anything. She felt like a huge rock was pressing on her heart, and she felt very uncomfortable.

"Lizhen, what's wrong with you? Don't scare me. If you leave me, you will implicate the baby." Wang Kun was frightened by Lizhen's appearance and started crying. While he was breathing for Lizhen, tears couldn't help but flow down his face.

"What's wrong?" Wang Kun's shouting and crying alarmed the tourists living nearby. They immediately ran over and helped Wang Kun give Lizhen artificial respiration.
