

## First Love 56

Chapter 56 The scenery here is so beautiful

"I've never traveled like this before. The tour guide can give commands remotely. We've been here for three days and haven't seen the tour guide yet." Wang Kun Lizhen and everyone else chattered as they walked.

"I suggest that we all walk together since we are unfamiliar with this place. Otherwise, if we get separated, no one will come to look for us," Wang Kun reminded everyone.

"Yes, we can take care of each other when we are together. For example, many people here can't speak English. I can speak a little, but I'm not very good either." Lizhen volunteered to tell everyone that she could speak a little English.

"Come, let's get to know each other and tell each other your names, otherwise we don't know what they are. Sister, what's your name? You saved my wife. You are our savior, but I don't even know your name yet." Wang Kun hurriedly walked towards the doctor sister.

"My last name is Cheng Yun." The two dimples on Doctor Cheng's beautiful smiling face are so sweet and beautiful, making people feel that she is a person with a particularly good heart. No wonder she is so kind and so kind and friendly to others.

"Thank you, Sister Cheng, for saving my life." Lizhen called Sister Cheng sweetly, and a blush immediately appeared on her face.

"Look, now that you've eaten, your body has recovered, and your face is rosy." Sister Cheng is indeed a person who speaks with great elegance. Her words make people feel comfortable and never embarrass others.

"My surname is Wang, my name is Kun, and my wife is He Lizhen." Everyone introduced themselves to each other.

"Let's go. The sun is too strong in the morning and the temperature here is too high. We Asians may not be able to withstand the sun here."

"Let's go, let's go." Everyone supported and walked forward together. Wang Kun held Li Zhen's hand and went to see the scenery with everyone.

They passed through coconut groves. The trees were hung with round coconuts, which rustled in the sea breeze.

The white and fine sand was so soft to step on. Some people simply took off their shoes and walked on it barefoot. It was so soft and comfortable. They talked and laughed and were very happy.

"Look, there's a pavilion over there." They walked out of a coconut grove and came across a long corridor made of wooden boards, which stretched into the distance like a giant black dragon. At the end of the wooden bridge, there was a pavilion with a very unique shape. Against the backdrop of the blue sea, it looked like a pavilion that was built on the Tianshan Mountains and reached into the clouds.

"Let's go over there and take a look." "Let's go."

Coming to the edge of the corridor, there are two coconut trees with their trunks crossed and leaning against each other, just like a pair of lovers leaning against each other intimately, and the leaves are like their hair fluttering in the wind.

"Come on, Wang Kun, let me take a picture of them. You and your wife should be like these two trees, always leaning together, never apart." Sister Cheng enthusiastically pulled Wang Kun and Li Zhen together, head to head, shoulder to shoulder, Wang Kun holding Li Zhen's waist, Li Zhen leaning against Wang Kun's chest with a sweet smile. They were a happy young couple, and Doctor Cheng took a picture of this precious moment for them.

"So beautiful, it's a pity my husband didn't come. I really want to take a photo like this." Dr. Cheng was envious and jealous when she saw how beautiful their photos were.

"Sister Cheng, let's take a photo. I will always remember you and your life-saving grace. I will never forget it." Wang Kun and Li Zhen took Dr. Cheng together to take this photo that they will never forget.

They continued walking along the corridor. Below the long corridor was the blue, boundless sea. As they walked, Lizhen suddenly felt a little dizzy.

"Come, I'll carry you over." Wang Kun said this before Li Zhen said anything. He carried Li Zhen on his back and walked along the corridor.

"Wow, they are so happy," the tourists all praised. Lizhen snuggled up to Wang Kun's chest, listening to his rhythmic heartbeat. Hearing everyone's praises, her face immediately turned red, looking as beautiful as a ripe apple, and her heart felt as sweet as honey.

When he was about to carry Liping to the pavilion, Wang Kun was sweating all over and panting, "Put me down, I can walk." "Hurry, we're almost there." Wang Kun took a deep breath and carried Lizhen to the pavilion.

The pavilion is filled with sea breeze, rippling blue waves, and the surprisingly blue sea water is a refreshing sight.

"Wang Kun, let's sit here for a while." After Li Zhen sat down, she didn't want to get up.

"Okay." Wang Kun hurriedly sat down next to Li Zhen.

Looking at the blue sea, Lizhen leaned on Wang Kun's shoulder. The sea breeze gently brushed across Lizhen's face. Because she did not get a good rest last night, Lizhen actually fell asleep leaning on Wang Kun's shoulder.

Wang Kun was staring at the beautiful sea in a daze when he suddenly heard Lizhen's breathing. Wang Kun quickly turned around and looked at Lizhen who was sleeping peacefully. He gently put Lizhen's head on his legs so that Lizhen could sleep more peacefully. His movements were so gentle, and he was afraid that he would accidentally wake Lizhen up.

"Sigh" Dr. Cheng and others were about to leave, they saw Wang Kun and his wife were still there, they were about to call them, but were stopped by Dr. Cheng, they made a gesture and left quietly.

Lizhen fell asleep, and slowly she entered a dream. She and Wang Kun were dancing on the sea, their feet stepping on the turquoise water. Lizhen was like a white swan, dancing lightly, and Wang Kun was like a prince charming, graceful and elegant. They danced to their heart's content. As they danced, Lizhen suddenly fell into the sea. "Wang Kun, Wang Kun, save me," but Wang Kun seemed not to hear her. He just kept dancing, as if he didn't hear her, letting Lizhen slowly sink into the sea. Lizhen desperately called out "Wang Kun, Wang Kun"

"Lizhen, wake up quickly. What's wrong with you?" Wang Kun shook Lizhen desperately as she cried.

"Where am I?" Lizhen was slowly awakened by Wang Kun's shouting. Because of her crying just now, tears really appeared in Lizhen's eyes, and the tears flowed down her cheeks. I saw me gently wipe away her tears with my hands.

"Just lie in my arms now." Wang Kun thought Lizhen must have had a nightmare just now, and he wanted to comfort her with words.

Li Zhen blinked her eyes. She slept in Wang Kun's arms, gazing at his handsome face affectionately. The nightmare just now was still lingering in her mind.

"The dream just now was so terrible"

"Don't be afraid, you don't have to be afraid of anything as long as I'm by your side." After saying this, Wang Kun couldn't help but hug Li Zhen tightly in his arms. The warm body temperature brought out an indescribable sweetness, which fermented silently between Li Zhen and Wang Kun.

Li Zhen's eyes were blurred, her peach-pink lips slightly opened, she looked at Wang Kun with a foolish smile, her onion-like index finger placed on her lips, just looking at him like that, there was something indescribably charming and beautiful about it.

Wang Kun's eyes penetrated into her beautiful pupils, and she felt as if she had fallen into an icy cave with joy. There seemed to be magic in Lizhen's eyes, which firmly attracted Wang Kun's gaze, and he could catch a glimpse of his vague outline out of the corner of his eye.

Wang Kun felt hot all over and couldn't help but lower his head, and his lips gently fell on Li Zhen's rosy lips.

The kissing silhouettes of Wang Kun and Li Zhen looked particularly beautiful against the blue sea and the bright sun. When Dr. Cheng saw this scene, she couldn't help but capture this precious moment with her camera.

"Dear tourists, please pay attention tonight. There is a strong air current passing through the Maldives on the sea, with the maximum wind speed reaching level 8. Please be sure not to go out, and don't go to the beach." The radio is reporting the local weather forecast.
