

## First Love 57

### Chapter 57 After the Darkness Comes the Rainbow

"Bang bang, Wang Kun, Lizhen, hurry up and have breakfast." Wang Kun felt someone calling him in a daze.

"Lizhen, Lizhen, what's wrong with you?" Wang Kun tried hard to open his eyes.

"My hand." Wang Kun's hand was still tightly hugging Li Zhen's waist. Because she hugged too tightly, Li Zhen's shoulder had pressed down on Wang Kun's arm. Because the blood could not pass through, Wang Kun's hand was numb.

Wang Kun was startled when he heard a knock on the door. Could it be that the sea water was flooding the island? He jumped up at lightning speed and rushed to the door to see what was going on.

"What's wrong with Sister Cheng? Lizhen, get up quickly." Wang Kun was still thinking about the tsunami and typhoon. He thought the waves were already coming and Dr. Cheng was here to tell them to escape.

When Wang Kun opened the door, he saw Dr. Cheng standing steadily at the door, dry sand, bright sky, and the rising sun. The sunlight stung his eyes, making it almost impossible for him to open his eyes. Only then did Wang Kun breathe a sigh of relief.

"You haven't gotten up yet. We have already had breakfast. I see you haven't gotten up yet. I think you are still sleeping." It turned out that the kind-hearted sister did not see Wang Kun and his wife in the restaurant. She thought they must have slept too late last night and had not gotten up yet.

"Thank you, sister. We were careful about the tsunami last night and fell asleep very late. Just now I thought it was the sea that flooded here."

"Yes, we were very careful at the beginning, but then we felt sleepy and fell asleep. When we woke up in the morning, the weather was very good and the sea was calm. We are going out to play today." Doctor Cheng laughed loudly and the dimples on her face were very beautiful. Wang Kun was infected by her laughter and started laughing too.

"Yes, we haven't had enough fun after being out for a few days. Let's get up immediately." Wang Kun closed the door and quickly ran to the room.

Wang Kun looked at Li Zhen who was sleeping soundly but was reluctant to wake her up. He sat on the edge of the bed and looked at Li Zhen quietly. After experiencing a series of shocks in the past few days, he completely understood the position of Li Zhen in his heart and how much he loved this wife who shared the joys and sorrows with him. He vowed to do a good job in business, make money and let Li Zhen live a good life.

As he watched, Wang Kun couldn't help but gently kiss Li Zhen on the forehead.

Lizhen felt a warm, wet and a little itchy feeling on her forehead in a daze. Slowly, Wang Kun bent down and the faint fragrance of his hair penetrated into her nose. It was a unique masculine scent that filled Lizhen's nostrils and was intoxicating for no reason.

She slowly woke up and she felt that this was Wang Kun's special smell. She wanted to see what Wang Kun was trying to do.

Wang Kun just nodded lightly, then slowly got up. He crawled to wake up Li Zhen. Li Zhen slowly opened her eyes and looked at Wang Kun who was slowly waking up. He had neat short hair, long eyebrows slanting into his hair, sharp and domineering eyes, a jade-like nose, and thin but sexy lips. Li Zhen's whole body was filled with heat. She couldn't help but open her hands and hug Wang Kun's neck. She tightened her hands slightly, closed her eyes, and pouted her sexy lips to meet him.

Wang Kun saw that Li Zhen had woken up, and the man's hormones surged through his body as he looked at his wife under him. Her hands were as soft as catkins, her skin was like cream, her neck was like a cicada, her teeth were like melons, she had a beautiful head and a charming smile, her beautiful eyes and that beautiful and moving body and those sexy lips.

His eyes penetrated into her beautiful pupils, and she felt as if she had fallen into an icy cave with joy. There seemed to be magic in her eyes, which firmly attracted his gaze.

And out of the corner of his eye he caught a glimpse of her vague outline.

Wang Kun couldn't help but open his handsome lips and pressed them against Li Zhen's pink and sexy lips.

At home, I think about my company's affairs every day. Besides, there are my parents at home. Although they are married, they have not had a good time to relax and experience the happy time between husband and wife. They have to be careful everywhere, for fear that any noise will be heard or seen by the elderly.

Today's scene made this young couple in love forget the shock of last night's typhoon and tsunami, and they enjoyed this wonderful time to the fullest.

No wonder people say that Maldives is the best place for couples to travel. The average temperature here is above 35 to 40 degrees every day, with more than ten hours of sunshine. Fortunately, the island is shaded by coconut trees, which is especially suitable for couples to be intimate under the trees.

Especially in the evening when the sun slowly sets over the sea, the western sky is golden, the sun's rays set off the morning glow in the sky, and lovers walk slowly hand in hand on the white and fine beach. The waves of the sea hit the backs of their feet, washing away their fatigue and bringing them infinite happiness and joy.

They have been living in worry and fear these past few days, and they haven't had a chance to relax. Today, they are free of fear and worry, and are completely relaxed, enjoying their own world in a foreign country, which brings them endless joy.

They forgot the fright they had suffered from the typhoon last night, forgot that they had not yet had breakfast, and forgot the tiredness and anxiety the journey had brought them. It seemed that none of these were important. What was important was that the happiness and joy they had in front of them was enough.

"The weather is particularly good today. Let's not stay on the island all the time. Let's go out to the sea for some fun," several people suggested.

"Okay," everyone agreed.

"Let's go see the dolphins"

They contacted the staff and went out to sea.

The weather today is particularly good. There is not a trace of cloud in the sky, and the sky is surprisingly blue. If you don't look carefully, it seems difficult to tell which is the sky and the sea in the distance. It is like a particularly bright mirror. Sitting on the boat, I see a young man driving the boat today, all in black. He is very handsome, with tall stature, brown skin with a slightly wheatish color, a high nose bridge, and a fleshy nose with a slightly hooked nose. He has the typical image of a European and American man, and is very handsome. As soon as several tourists got on the boat, they rushed to take pictures with him. Chinese people have yellow skin, while they have black skin, and the black and white match is a never-ending combination.

The pictures turned out to be particularly beautiful. Their dark skin matches with our yellow skin in China and makes our yellow skin look delicate, fair and tender, especially the girls, who look fair and tender, and very beautiful.

The beautiful yacht braved the wind and waves and headed for the sea. The yacht's stern left a white wave, like a bride's wedding dress, very beautiful. Lizhen couldn't help but exclaimed generously, "It turns out that the sea is so beautiful!"

"Look, there's a white thing jumping over there." Everyone on the boat started moving together.

"That's a dolphin," the black guy quickly told everyone in English, and Lizhen quickly translated it for everyone.

"Ah, this is a real dolphin, we saw a real dolphin" Wang Kun and they cheered and jumped.

The dolphins with white bellies and black backs, I don't know if they saw the guests coming, or they were happy, or they deliberately wanted to show off in front of the guests, but the groups of dolphins cheered and jumped as if they were performing there, and the scene was particularly spectacular and beautiful.

Everyone used their cameras to capture this beautiful scene.

This is the happiest time for them to come to this island. Will they encounter any happy things or difficulties in the Maldives?
