

First Love 60

Chapter 60 Lizhen, we meet again

"Why don't you reply to the letter? I've been looking for you for a long time." The loud voice was bitter, his face was full of worry, and he looked very painful.

"Go back and ask your mother, I'm already married," Lizhen's answer was clear and irreversible.

"Let's go back." Li Zhen pulled Wang Kun and quickly left the airport, called a taxi, got in and left immediately.

Seeing Lizhen leave, Hongliang watched them leave with great regret until the taxi could no longer be seen.

Wang Kun, who had been silent, saw that Li Zhen was unhappy, but he felt as uncomfortable as if a ball of cotton was stuffed in his heart. However, he didn't know what to say, so he just sat there sulking.

Wang Kun was still unhappy and didn't say a word when he got home, but he had his own difficulties that he couldn't express.

Lizhen felt very upset when she saw that Wang Kun was unhappy. It was not until the evening that Lizhen told Wang Kun everything about her and Hongliang.

Lizhen was crying as she spoke. Wang Kun felt particularly sympathetic when he heard about her experience. Slowly he understood Lizhen. He couldn't help but pick up a tissue to wipe her tears. He slowly pulled Lizhen to his chest, letting her lean against him, and letting his warm embrace warm Lizhen's wounded heart.

Li Zhen was like a wounded little lamb, snuggling tightly in Wang Kun's warm embrace.

"Don't be sad. You have me now. Let the past be the past. I will definitely love you well," Wang Kun said while holding Li Zhen tightly in his arms.

Since Lizhen and her team had been out for so many days and there were a lot of things left to do at the company, they started work the next day.

Individual bosses seem to have a particularly glamorous life, but they are actually extremely tired, and they experience pain and helplessness that others can hardly imagine or express.

"The batch of goods that the boss made last month has been returned." Secretary Xiao Wang came to report to Wang Kun as soon as he arrived at the office.

"What's the reason?" Wang Kun asked anxiously.

"Some of these products are substandard"

"We haven't found out which team did it."

"not yet"

"What does the inspection team do? What do they do? If they can't even do something like this, what else can I ask them to do?" Wang Kun was very angry. Such a big thing happened in the factory just a few days after he left.

"Okay, I will ask them to investigate carefully until they find out the truth." Xiao Wang stood there trembling with fear. He had never seen Wang Kun so angry.

"Why don't you go check it out quickly?" Wang Kun was particularly angry this time, with anger evident on his handsome face.

"What's happened that makes you so angry? If you have something to say, please speak slowly." At this time, Li Zhen had just arrived at the factory and saw Wang Kun, who was full of anger, and his secretary Xiao Wang, who was being scolded by him.

"Sister Li, don't blame President Wang. It's my fault that I didn't take responsibility. I deserve to be punished," said Secretary Xiao Wang very humbly.

"You go down first."

"it is good"

"Why don't you say it nicely? We are not at home. It's good enough that a girl is helping us manage the factory. How can you yell at her like that for such a small problem? She is just a little girl, how can she bear such a scolding from you?" After the secretary Xiao Wang left, Lizhen seriously criticized him for his attitude, saying that one should not be too harsh on subordinates and should consider the severity of the situation.

Later, everyone in the factory trusted Lizhen. Lizhen's prestige was there, and she managed the factory in an orderly manner.

"Knock knock" There was a knock on the office door, and Lizhen hurriedly stopped talking.

"Mr. Wang, he's here." At this time, Secretary Xiao Wang came with Xiao Chen from the laboratory.

"Mr. Wang, I, I..." Xiao Chen saw that Wang Kun's face was full of anger and he was stuttering and couldn't speak.

"Speak slowly," Lizhen said to her gently.

Xiao Chen saw Li Zhen's gentle face, and slowly she let go of her fear, but suddenly she slowly lowered her head and squatted down, holding her head and twitching. "What's wrong? Don't cry. If you made a mistake, correct it next time. That's it." Li Zhen looked at Wang Kun, and slowly walked to Xiao Chen. She bent down slightly, stroked her shoulders, and spoke to her in a very soft tone.

"It's all our fellow villager's fault. He said he didn't do much. It doesn't matter. Others can't see it. They can't check it. Woo woo." Xiao Chen cried very sadly. It started with a small sound, but then he cried loudly.

Lizhen immediately told Xiao Wang to find Xiao Chen's fellow villager to come to the office, and she calmly comforted Xiao Chen. With Lizhen's comfort, Xiao Chen's crying slowly stopped. When Wang Kun saw this, he took some paper and handed it to Lizhen, and Lizhen helped Xiao Chen wipe the tears from her face.

"Sister Li, please deduct my salary. It's my fault that I didn't keep a close watch. You can do whatever you want to me." Seeing that Lizhen did not scold him for doing something wrong, but was so kind to him, Xiao Chen felt that he was sorry for Lizhen and felt very guilty.

"Come in." Soon Xiao Wang came in with Xiao Chen's fellow villager.

The person who came in was a boy with a ruffian look, with straw-yellow hair and strange clothes. He looked weird and sloppy, and he stood in a shabby manner, with his toes placed in front, his hind legs bent, and his whole body shaking up and down like a spring. He looked like a very troublesome person.

Lizhen looked unpleasant at first sight. She felt like something in her stomach was about to vomit out, which was very disgusting. It is unknown whether there are such employees in our factory.

"What's your name?" Wang Kun was very angry when he saw him like this. When did he recruit such an unqualified employee?

"Isn't my name on your payroll? Why bother asking so many questions?" He looked so nonchalant, it was disgusting to see him.

"Go to the finance department to collect your salary. You are fired." Wang Kun couldn't bear it any longer. The anger in his heart rushed up.

"I" only then realized the consequences. He came here to work because of Xiao Chen's introduction. Because of his image outside, he couldn't find a job for several months. If it weren't for Xiao Chen, he would have almost had to beg on the streets.

"Boss, please don't fire me. I will change." He burst into tears and knelt in front of Wang Kun begging him. At this moment, Wang Kun suddenly thought of how he looked when he first came to Guangzhou, and slowly his heart softened.

"Boss, please let him go for once. If he doesn't find a job here, he will soon be begging." Xiao Chen also pleaded for him.

"Since you are so pitiful, and for Xiao Chen's sake, I will let you go this time, but I won't do it again next time."

"Thank you, boss. If I do it again next time, you can fire me."

This is Xiao Wang telling Li Zhen that someone is looking for her. "Oh, who is it?"

"A man" When Lizhen came to the office, she gasped. She was none other than Liu Hongliang, the senior schoolmate she saw at the airport a few days ago.
