

First Love 65

Chapter 65 Double Happiness

Time flies. Lizhen is about to give birth. Lizhen and Wang Kun are waiting for the baby's arrival with joy.

Things at the factory were going on busily. Hongliang often visited Lizhen due to work. In fact, the biggest reason was that Hongliang wanted to visit Lizhen. At first, Wang Kun felt a little jealous, but as he slowly observed that Lizhen had no feelings for Hongliang, he slowly came to his senses and he believed in Lizhen.

At this time, a limited edition Maserati slowly stopped in front of the gate of Lizhen's factory, and the handsome Hongliang walked out of the car. Today, his long body was wrapped in a well-fitting suit, which made him look more elegant, and his noble and elegant temperament emanated from the inside out, which was particularly eye-catching.

As soon as he got out of the car, he used the remote key to open the trunk and took out a pile of baby supplies.

It turned out that he was chatting with Lizhen a few days ago. He asked Lizhen when she was due to give birth. "Lizhen, the baby will be born soon, right?"

"Soon, maybe by the end of this month." Lizhen placed a cup of coffee in front of Hongliang.

"Please sit down, I'll do it myself." Seeing Lizhen's bulky body walking back and forth in front of him, Hongliang felt heartbroken. Now he could only watch her and he couldn't help her in any way.

"It's okay. You should exercise more if you are about to give birth so that you can have a better birth." Lizhen also showed a very optimistic attitude.

"Oh, so how are the preparations for the baby's birth?" Hongliang asked Lizhen with great concern.

"The factory is too busy, and Wang Kun simply can't spare the time to accompany me to buy it. Let's wait until the baby is born." Lizhen said with a smile on her face, still in a cheerful attitude.

"Oh" Lizhen said it unintentionally, but the listener took it seriously. From that day on, Hongliang kept this matter in mind. He spent the whole morning buying a lot of baby supplies for Lizhen.

A baby crib, a complete set of baby feeding utensils, clothes for the baby, a blanket for wrapping the baby, and so on, everything was available. Hongliang took them down from the car one by one.

Seeing this pile of baby products, Lizhen was stunned, "How can you be so meticulous? A man knows so many details." Lizhen thought, I am a mother, I am not that meticulous myself.

"I asked the salesperson there and they told me that they helped me choose the items. Basically, everything my child needs is here."

"This..." Wang Kun just came out at this time. He looked at these things and felt indescribable in his heart. Am I the father or are you the father? A nameless anger rose up. What does this have to do with you? Others think the child in my wife's belly is yours. "Huh"

"Wang Kun, please don't worry. I bought these things because, first, I'm the child's godfather, and second, I see that couples are really busy and don't have time to buy things for the child. If you think it's inappropriate to be the child's godfather, then just pay me." Hong Liang's eyes were sharp and he immediately saw that Wang Kun was unhappy. He hurriedly explained and asked Wang Kun to clear up the misunderstanding.

After hearing Hongliang's words, Wang Kun didn't know what to say. Lizhen saw that they were all very embarrassed, so she stepped forward to help them out.

"It's all my fault that I said yesterday that we were too busy and didn't have time to buy things for the child. Hongliang saw that we didn't have time to go out and buy them, so he bought them specially for us today. So I'll do it for the baby. Thank you for being the godfather." Lizhen said this to resolve the awkwardness and misunderstanding between them.

Just after she finished speaking, Lizhen felt a little uncomfortable in her stomach. She wondered if she had eaten something she shouldn't have. She endured it for a few minutes and didn't make any sound.

"Ouch" Lizhen felt a pain in her stomach that she could not bear anymore and she couldn't help but scream out.

"What's wrong with you?" Wang Kun and Hong Liang were startled when they heard Lizhen's cry, and they looked in Lizhen's direction at the same time.

"Oh, I can't stand it anymore." Lizhen really couldn't stand it.

"Is it time to give birth? The baby is about to come out," Hongliang reminded Wang Kun in horror.

"Let's go to the hospital." Wang Kun immediately carried Li Zhen like a princess. Hong Liang immediately opened the car door, Wang Kun supported Li Zhen from behind, and Hong Liang drove to the hospital like flying.

The pain of pregnancy made Lizhen suffer from excruciating pain. Beads of sweat the size of beans fell from Lizhen's forehead one after another. "Li, bear with it a little, we will be there soon, baby." Wang Kun felt a pain in his heart when he saw Lizhen who was suffering from excruciating pain.

Lizhen's screams made Hongliang's heart ache. He drove desperately. Sweat flowed from his forehead to his handsome face and into his eyes. He didn't bother to wipe it off. He drove with all his heart and soul. He had a firm expression and held the steering wheel tightly. He didn't know how many red lights he ran through as he rushed to the hospital as fast as he could.

As soon as the car stopped, Wang Kun jumped out of the car and said, "Slow down." Hongliang jumped out of the car. Regardless of the sweat still pouring down his face, he didn't even bother to wipe it off. He and Wang Kun took Lizhen to the delivery room.

"Thank you. I'm sorry. I was too concerned just now." Seeing Hongliang sweating profusely, Wang Kun then said sorry to Hongliang.

"It's okay, as long as Lizhen and her child are safe." Hongliang smiled implicitly.

They waited at the door of the delivery room for two hours. Wang Kun paced back and forth at the door. But in Wang Kun's heart, it felt like he had waited for two years during these two hours.

"Wa wah wah" the clear cry of a baby came from the delivery room.

"It's born, it's born." Hearing the baby's crying, Wang Kun and Hong Liang hugged each other like children.

At this time, the door of the delivery room was opened. "Who is the family member? Congratulations on giving birth to a big fat boy, weighing 7 pounds and 2 ounces."

"Haha, I have a son!" Wang Kun immediately laughed.

"Haha, I have a godson now," Hongliang also became happy.

"Thank you for your help today, otherwise I really don't know what to do today." Wang Kun thanked Hongliang from the bottom of his heart for his enthusiastic help today.

"No need to thank me, baby is my godson, this is what I should do"

"Hehe, I haven't agreed yet." Wang Kun just smiled foolishly with happiness.

"You can't go back on your word, I've decided to be your godfather, hahahaha"

"You have the final say on the contract, on making products, on ensuring quality and quantity, and on completing the task on time. I have the final say on my son. Hahahaha." The two grown men were so happy that they were making such a childish joke here.

This year, Wang Kun and Li Zhen not only gave birth to a son, but also completed the tasks assigned to them by Hong Liang on time and in full. Their careers took off in leaps and bounds, and they made the first pot of gold in their careers and lives.

Wang Kun and Li Zhen's careers took a big leap forward.
