

First Love 80

Chapter 80 I Should Be Filial to My Mother

"Hongliang, your Aunt Liu's daughter is coming back from the United States tomorrow. You go to the airport to pick her up. Let's go out for dinner with her parents in the evening." While having breakfast in the morning, the mother looked at her son Hongliang and reminded him.

"Okay." Hongliang hesitated for a moment before answering his mother.

Aunt Liu's daughter Tingting was Hongliang's neighbor when he was a child. They grew up together and were never separated from elementary school to high school until they went to college. Since Hongliang went to college and started dating Lizhen, they rarely contacted each other. Even when Hongliang went to the United States, they rarely met.

One of the reasons is that when Hongliang's parents and Tingting's parents were young, they wanted Hongliang to marry Tingting in the future, but Hongliang had no feelings for Tingting. However, Tingting liked Hongliang very much and she has not fallen in love yet and has been waiting for Hongliang.

"You should be more enthusiastic towards Tingting today and don't neglect Tingting. Now you should give up on Lizhen. She is already married, and the couple loves each other very much. Their children are already so grown up. And mom listened to you and gave most of our company's business to her. Now she has a happy career and family. It's time for you to let it go and be satisfied," mom kept nagging in Hongliang's ear.

His mother's words made Hongliang a little impatient, but when he looked up and saw a few more silver hairs on his mother's head, he endured it.

It's not easy for my mother either. Since my father left, she has been the only woman to support this company and this family. She raised me up with all the hard work. Until now, I have not shared any of the burden with her, and I still let her worry about my own affairs.

He thought again, now that Lizhen is successful in her career, has a happy family, and lives a happy life, I don't have to worry about her anymore. I should have my own family and share the burden with my mother.

As soon as the American flight landed, Hongliang went to the exit and waited.

A fashionable and well-dressed young lady appeared at the exit of the plane. She was tall, with fair skin, a high nose bridge, big eyes, and a noble temperament.

As soon as she got out of the airport, her eyes were sharp, as if she was looking for something.

At this time, Hongliang's eyes lit up, and he took a breath involuntarily when he saw this noble and generous lady with extraordinary bearing. He had to admit that he had a new respect for her. He sighed deeply from the bottom of his heart. The saying that girls change a lot when they grow up could not be more true for Tingting. Tingting has changed a lot.

At this moment, Hongliang's gaze and heart were focused. He had a completely new understanding of her. Why didn't I see it before?

Hongliang gracefully waved to her. Tingting's eyes were sparkling, and smile filled every nerve on her face. She was like a rose that had just bloomed, with a shy face as jasper as jade. She walked towards Hongliang with light and graceful steps.

This sweet smile, these light steps, and this noble bearing touched every nerve of Hongliang.

Hongliang was attracted by everything about her. As he watched her walking towards him, he just stood there stupidly without moving.

Until Tingting came in front of him; she called him "Brother Hongliang" with a sweet and mellow voice, like a thrush in the mountains, sharp and pleasant to the ears, making people feel relaxed and happy to hear it.

"Hey, Tingting, welcome back." Only then did Hongliang wake up from his dream.

Hongliang quickly reached out and took Tingting's suitcase; "Give it to me"

Tingting nodded. The two girls were so beautiful and charming, with small and touching facial features, so exquisite that it was difficult to describe them with a pen. They looked breathtakingly beautiful.

As the saying goes, men are emotional animals. Hongliang was attracted by Tingting's beauty and charm. At this moment, he had fallen deeply in love with this yellow-haired girl who used to be so carefree in front of him, but now she has changed into such a beautiful, sweet and generous girl.

Hongliang's eyes pierced into her beautiful pupils, and she felt as if she had fallen into an icy cave with joy. There seemed to be magic in Tingting's eyes, which firmly attracted Hongliang's gaze.

Just now when Hongliang was on his way here, he was still absent-minded. In his heart, he was still thinking about dealing with his mother and still felt repulsed by Tingting. But now every nerve of his was touched by Tingting.

"Let's go, get in the car." He opened the trunk and put Tingting's suitcase in it. He immediately went to the other side of the car, opened the door, and carefully invited Tingting into the passenger seat.

Tingting gave Hongliang a very sweet smile and sat down happily. Tingting's smile made Hongliang's heart tremble violently. He thought, we have been together since childhood, how come I didn't notice her, she seemed like a different person.

The car was speeding on the smooth road. Hongliang's heart was extremely excited. While driving, he turned his head to look at Tingting, as if he was admiring a favorite collection he had just discovered.

"Brother Hongliang, you didn't come to see me in America, and you didn't reply to my messages, huh." Tingting pouted her cute and sexy little mouth, with anger on her face, looking funny, naughty and especially funny.

"I, I'm not busy studying there. Besides, I'm afraid of delaying your studies. It's not easy for our family to send us to school. We should learn something well there." Tang Mianhuang's excuse, Hongliang couldn't come up with a better topic to fool Tingting, so he had to make up a little excuse.

Tingting was immersed in the joy of seeing Hongliang, and she didn't care about the complicated reasons Hongliang made up.

"They are here." The car stopped in front of a very luxurious hotel. Hongliang's mother and Tingting's parents were already waiting for them at the hotel entrance.

As soon as the car stopped, Hongliang jumped out, hurried to the other side, and elegantly opened the door for Tingting.

Tingting got out of the car quickly and ran towards her parents like a happy little bird.

"Mom and Dad" Tingting ran to her parents, hugged her dad in one hand and her mom in the other, and acted coquettishly in their arms.

"My baby is back, hahahaha" Mom and Dad were so happy to see their beautiful daughter coming back that they couldn't even close their mouths.

When Hongliang's mother saw her future daughter-in-law, who was so beautiful and lovable, she was so happy that she couldn't express it in words. She stood aside, watching the whole family happily and sharing their joy.

"Hello, uncle and auntie," Hongliang greeted Tingting's parents very politely.

"Liangliang, I wouldn't recognize you if I saw you on the street, hahaha." Looking at this handsome, intelligent, and talented future son-in-law, the two old people were filled with joy.

"Hello, Auntie," Tingting called Hongliang "Mom" sweetly.

"Hey, Tingting is getting more and more beautiful"

"Let's go in." They walked into the hall and entered the private room, chatting and laughing.

This was a very happy welcoming dinner. Looking at Tingting's beautiful face, Hongliang was extremely excited, as if he regretted that he had seen her too late.

Tingting's eyes were blurred, her peach-pink lips slightly opened, she looked at Hongliang and smiled infatuatedly, with her water-green index finger placed on her lips, just looking at her, there was something indescribably charming and beautiful about her.

Tingting is like an angel. Her face as white as jade makes people feel like they are basking in the spring breeze, and her whole body seems to be bathed in burning desire. She is like a fairy who has fallen into the devil's way, which is unforgettable.

Tingting was extremely excited, as her brother Hongliang, whom she missed day and night, was right in front of her.

The warm yellow light shone on the right side of Hongliang's face. His handsome features were not very clear. His long and curly eyelashes could not cover his originally cold and sharp eyes. His thin and sexy lips were tightly pursed. Hongliang consciously gave Tingting a beautiful smile.

A warm breath hits you in the face, mixed with the elegant scent of cologne, and strong hormones envelop you, full of charm and sexiness.

At this moment, Tingting was intoxicated in the happy moment of meeting Hongliang.

She nodded. The two girls were so gorgeous, with delicate and touching facial features, so exquisite that it was hard to describe. They looked breathtakingly beautiful.

Hongliang's mother looked at the two young people with passionate eyes and affectionate appearance, which made her feel very happy. The big stone in her heart fell down. They will definitely have a chance this time, and she will not worry about Hongliang's marriage anymore.

Cheerful and elegant music was playing in the spacious and elegant box. The elderly people from the two families and Hongliang Tingting were happily enjoying the delicious food with joy and laughter.
