

First Love 87

Chapter 87 I Won't Forgive Him

After Li Zhen fell into a coma, she had a long dream. Li Zhen was in the supermarket with her baby. Suddenly, her son seemed to see something and said, "Dad, Dad."

Lizhen followed her son's gaze and looked forward. Wang Kun was with a woman. Wang Kun had his arm around the woman's waist. The woman held Wang Kun's hand and looked at clothes in the supermarket. The woman was acting coquettishly towards Wang Kun. The woman was tender and affectionate, and Wang Kun was extremely gentle. What a thief and a whore.

Li Zhen's brain suddenly felt like a thunderclap. All the joints in her body seemed to be glued together by strong glue and she couldn't move. She suddenly stared at them with wide eyes, her heart trembling.

"Dad, Dad." The son ran towards Wang Kun with unsteady steps.

The son ran up and hugged Wang Kun's trouser leg, "Dad, Dad." But Wang Kun seemed not to see his son and continued flirting with the goblin.

Seeing this, Li Zhen suddenly came to her senses. She immediately rushed to Tian Mi and angrily pushed Wang Kun away. "Are you deaf or frightened? Didn't you see your son calling you?"

Wang Kun was stunned and stared at Li Zhen, as if he didn't know them.

"Who are you? Look carefully at who he is. Why are you pushing my husband?" She said as she stepped forward and slapped Li Zhen in the face. "He is my husband, you mistress, I haven't hit you yet but you hit me instead."

Li Zhen was not a pushover either, so she started to wrestle with her. However, Wang Kun did not just stand aside and watch the fun.

At this time, the son saw the adults fighting and he was scared and cried, but Wang Kun still blamed Li Zhen for hitting people for no reason.

They were arguing when suddenly Wang Kun and the woman picked up their son and ran away, "Give me back my son."

Lizhen chased after him desperately, shouting "Give me back my son." Because she used too much force, Lizhen woke herself up.

Lizhen slowly opened her eyes; the ceiling was blank; "Where am I?" She looked around and looked at the glucose hanging on her hand. Then she realized that she was in the hospital. How did I come to the hospital?

At this time Chunyan just came in and said, "You finally woke up, you scared me to death"

"Why am I in the hospital?" Lizhen looked at Chunyan strangely.

"You fainted in the hotel yesterday. If I hadn't arrived in time, we wouldn't have been able to see you. It was a close call. I'm still sweating when I think about it now." Chunyan's face was full of gloom.

At this time, Lizhen slowly recalled everything that happened yesterday. Her tears could not stop flowing down, and then she actually cried "woo woo"

Seeing her best friend crying her heart out, she didn't know how to comfort her, so she had to let her cry to vent all the unhappiness in her heart.

Tired of crying, Lizhen slowly paused and said, "I never even dreamed that he would cheat on me. What did I do wrong?"

"You didn't do anything wrong, but his first love was such a bad person."

"First love" Lizhen was shocked to hear Chunyan talk about first love, because Wang Kun never mentioned his first love since they got married, and Lizhen knew that her first love hurt Wang Kun so much, and Wang Kun didn't want to talk about it, and Lizhen wouldn't mention it either, just like the matter between Lizhen and Hongliang, they were both unwilling to mention it because it was their inner injuries.

"Yes, that girl is Wang Kun's first love," Chunyan told Lizhen with certainty.

"But over the years, Wang Kun only told me about their affairs before we got married, and he never mentioned it again afterwards."

"But when Wang Kun went back to his hometown to recruit students, she pestered him relentlessly," Chunyan told Lizhen what Wang Kun had said to her.

"A mosquito won't bite an egg without cracks. Wang Kun himself doesn't have this idea. How can she pester him?" Li Zhen was very angry after hearing this.

"He said he was just being pestered by her and he had no choice. He said he had something to hide."

"It's a secret that is hard to tell. No one will believe it. I won't forgive him. Can you go home with me tomorrow?" Li Zhen said sadly.

"Okay, I'll ask our leader for leave tonight, and I'll take you back tomorrow."

When Wang Kun arrived at the hospital the next day, Lizhen and Chunyan had already left. Wang Kun hurried back to take care of things and immediately bought a plane ticket to rush home.

After coming out of the airport, Lizhen was reluctant to go home. "Can I stay at your house for a few days?"

"Okay, my home is your home, you can stay as long as you want"

Wang Kun rushed back home exhausted, but couldn't find Lizhen.

"Mom, is Lizhen back?" Wang Kun went to look for Lizhen as soon as he got home.

"Hey, didn't Lizhen come to look for you? Why aren't you two together?" Jin Lan was feeding her baby and felt very strange when she saw Wang Kun looking for Lizhen.

"Together, together. I'll go to the factory to take a look. She'll come back first." Wang Kun had a guilty conscience. When his mother asked him, he quickly lied to cover it up. He was afraid that his mother would find out.

"Oh, I didn't see her." Jin Lan saw that Wang Kun was a little flustered, and she looked at Wang Kun with a little confusion.

"Oh, maybe she met her friends and was still playing outside." Wang Kun was afraid that his mother would notice something.

"Oh, then come back early to eat." Jinlan continued to feed her grandson.

"Mom, I'm going out for a while." Wang Kun was anxious when he thought that Li Zhen had not returned home, and he wanted to go out to look for her quickly.

Wang Kun thought Lizhen must be with Chunyan, so as soon as he walked out the door, he hurriedly called Chunyan.

"Chunyan, is Lizhen here with you?"

"Yes, but she doesn't want to go back. She also asked me not to tell you that she is here. But you hurt her too badly this time."

"Yes, I'm sorry to Lizhen. It's better for her to calm down here with you. I'll come to pick her up in a few days," Wang Kun replied to Chunyan disappointedly.

Wang Kun had to live outside to hide it from his mother. "Mom, Lizhen and I are going on a business trip again these days and won't be back for a few days."

"Why are you going on a business trip again just after returning?" Jin Lan was a little confused by Wang Kun's words.

"Alas, this is how it is when running a factory. There is no other way to make money." Wang Kun had to lie to his mother again.

But these few days were particularly difficult for Wang Kun. He was restless and absent-minded every day. After the next day, he couldn't help it and went to find Lizhen.

"Chunyan, please help me, I want to see Lizhen." Wang Kun didn't know Chunyan's address, so he had to go to Chunyan's workplace to find her.

Chunyan asked Wang Kun to meet her in a coffee shop. When she saw Wang Kun, Chunyan couldn't help but scold him.

"I wanted to help you, but you went too far. Now that I see it like this, I'm glad I'm not married yet. Lizhen won't forgive you, and she doesn't want to see you."

"Things have already happened, we have to talk about it face to face." Wang Kun couldn't help it.
