

First Love 89

Chapter 89 The misunderstanding deepened

"I don't want to live with you, I want to break up." Hearing Wang Kun say such boring words, Li Zhen's anger burned even more in her heart. She did such a ridiculous thing but thought that others would be as boring as him.

"Ding ding bell" Lizhen's phone rang at this time. Lizhen looked and found that it was Hongliang calling.

"Hello, Hongliang" Lizhen immediately cleared her throat.

"Lizhen, where have you been these days? I can't get through to you on the phone."

"I'm on a business trip."

"Hey, what's wrong with you? Your throat seems a little hoarse. Do you have a cold or are you not feeling well?" Hearing that Lizhen's voice was a little hoarse, Hongliang asked with great concern.

"Oh, maybe I caught a cold because of the weather," Lizhen quickly covered up.

"I have good news to tell you. I'm getting engaged this Tuesday. You and your husband can come to the party," Hongliang excitedly told Lizhen the good news.

When Li Zhen heard the news, she was stunned for a moment, and she suddenly felt a sense of loss, but it was only a moment, and she quickly recovered.

"Okay, congratulations, I congratulate you."

"This is a very sunny and cheerful girl. You will definitely like her when you meet her," Hongliang said excitedly. Lizhen was delighted to hear that Hongliang had found a girl he particularly liked.

"Congratulations, Hongliang, you finally found the right dish."

"You must come that day, I want to hear your opinion, hahaha" when Lizhen just put down the phone.

Suddenly she saw Wang Kun's cold black pupils glance at her inadvertently. He still had the same cold expression as usual, stern eyebrows and eyes, sharp thin lips, but in his deep black pupils, there was a terrifying storm.

"Oh, so you've already found a way out. No wonder you're so eager to break up with me."

"How could you become so unreasonable? Do you think everyone is as shameless as you? It was obviously your fault in this matter, but now you are biting others." At this time, Li Zhen found that Wang Kun had changed to the point that she didn't even recognize him.

"No wonder you two were so affectionate just now." Wang Kun spoke like a mad dog.

Lizhen felt as if her heart was being cut by a knife. She originally wanted to tell Wang Kun that it was Hongliang who called to tell him that he was getting engaged, but when Lizhen heard Wang Kun say such shameless words, she had to shake her head and not tell him.

"Go back, I don't want to see you"

"That's right, you don't want to see me, you are anxious to see your old acquaintance." Wang Kun felt that Li Zhen seemed to have Hongliang in her heart instead of him.

"I also forgot to tell you that my first love and I, not only is she pestering me, but she is also in my heart." Wang Kun thought he might as well lie to Li Zhen out of spite, so that she wouldn't think that he was the only one who had a first love. I also have a first love, and you are unkind and I am unjust.

At this time, Wang Kun had no idea what kind of magic potion had been used on him, and he wanted to go against Li Zhen in his heart.

"You still have her in your heart, then go find her. Get out, I don't want to see you." Li Zhen pushed Wang Kun angrily and forced him out of the door.

Seeing that Lizhen had already kicked Wang Kun out, Chunyan hurried forward and asked, "Why did the talk break down?"

"We may really have to break up this time. She actually flirted with her first love in front of me to piss me off." Wang Kun's words seemed to be making no sense at all. He had already twisted the logic.

"That's impossible. Lizhen is not such a person. Otherwise, she might be deliberately trying to make you angry because she sees that you are with your first love now." Chunyan didn't believe that Lizhen was such a person.

"Then I'll go back. She doesn't want to pay attention to me anymore. Please help me persuade her." Wang Kun said and drove away without looking back.

"It's me who opened the door for Lizhen"

"Don't lie to me anymore. Tell him to give up. I don't want to see him anymore." Lizhen thought Wang Kun was still outside, so she asked Chunyan to trick her into opening the door.

"Don't worry, my lady, he has left long ago." Only then did Li Zhen open the door. She looked behind Chunyan and found that Wang Kun was really not there.

"So what's going on? There's something huge that needs to be sorted out between the two of you. Don't you really want to stop thinking about it?"

"Chunyan, I just realized that he has really changed, to the point that I can't even recognize him. He has become completely unreasonable and completely distorts what he says." Lizhen was so angry when she thought of what Wang Kun had just said.

"You just talked to Hongliang on the phone. What did you say?"

"We didn't call Hongliang. He called to tell me that he was getting engaged in a few days. I wanted to tell Wang Kun that Hongliang invited us to attend the wedding, but he just said that he still had feelings for his first love and that she was still in his heart. I didn't tell him because I wanted to piss him off."

"So that's how it is. Your misunderstanding is getting deeper and deeper. This knot between you is really hard to untie." Chunyan was worried about their future marriage.

Yes, as long as one spouse has an affair, the victim, no matter how much she believed in him before, will no longer believe in him at this point.

The cheating man is blinded by the emotions in front of him. He imagines others to be the same as himself, and he also does not believe that others are pure.

"Now I just think about him betraying me, and I feel uncomfortable."

"Lizhen, I want to ask you a question. Are you still thinking about Hongliang in your heart?" Chunyan suddenly remembered to ask Lizhen, because Chunyan thought that during this extraordinary period, she might wonder if Lizhen still had feelings for Hongliang.

"I have been hurt so much by their betrayal these days that I will think of him, but Hongliang has found a new girlfriend, so I guess it's no use." She spoke her true feelings to her best friend.

"If Hongliang knew about your current situation, Hongliang..."

"Stop, stop. You must not let Hongliang know about my current situation. For several years, I hoped that he would find a new relationship. Now that he has found one, I should not disturb him. I hope he will be happy."

"Don't jump to conclusions now. You should think things over slowly over time before making any conclusions." Chunyan wanted to let Lizhen take it easy.

Lying in bed at night, Lizhen thought about Hongliang and Mashan's engagement, and suddenly she felt a sense of loss, an indescribable feeling in her heart.

It turns out that Lizhen hopes Hongliang can find a girlfriend soon, but she feels uneasy. But what's wrong with her now? Lizhen, Lizhen, don't be wishful thinking. You are a married woman now. Now that Hongliang has found a girlfriend, you should be happy for him and wish them all the best.

At this moment, she thought of Wang Kun and her first love who did things that were unfair to her behind her back, but they didn't even think about whether they were doing the right thing for her.

Lizhen is in a dilemma now. Maybe when a person is sad, he will cry loudly and express his unhappiness; maybe when you encounter something that makes you particularly sad, you will be discouraged and depressed because you have no place to vent. When you feel sad and depressed, you should pay attention! Your mood has quietly turned black. This solemn black is the color of people's unhappy mood.

Yes, if we get divorced now, our son is still young, and she will find it hard to accept not getting divorced. But it is so difficult for me, Lizhen, to get a pure relationship.
