

First Love 92

Chapter 92 The Wife I Want is Li Zhen

Jin Lan ran out angrily, while Wang Kun was still in the car looking at his phone. He was so engrossed in his phone that he didn't see his mother come out. It was not until Jin Lan opened the car door that he reacted.

Jinlan was a little out of breath due to walking too fast. She climbed into the car while panting. She closed the door and looked at her son with a serious expression. (Jinlan was a very face-conscious person. She didn't want outsiders to see the ugly things happening in their family.)

"Kunkun, tell mom how you made Lizhen angry, and whether what Lizhen's friend said is true. Tell mom honestly." She spoke in a stern voice, forcing her son to not avoid her questions.

Hearing his mother ask him this, he knew that she must know the whole story and he could not deny it anymore, so he had to tell her the truth.

"I don't know what's wrong with me. Qiuyan is always pestering me. But there may be some misunderstanding between her and me," Wang Kun said hesitantly and his words were incoherent.

"So that's really the case. She's always pestering you. Haven't you let her make you suffer? She treated you like this at that time, and you were so confused." Jin Lan was furious after hearing what her son said. She immediately stepped forward, raised her hand, and slapped her son hard.

"I" Wang Kun touched his face with his hands, lowered his head, and did not speak for a long time.

"How could I give birth to such a foolish son like you? Think about how she dumped you and how she insulted you. You have experienced what kind of character she is. She is a complete gold digger. You even delayed your own studies for her and let her get into college. What was the result? Not only did she not thank you, she dumped you and went to find someone else." Jin Lan was so angry that she couldn't continue.

"Now that she sees that you are rich, son, why are you so foolish? She is looking for you again. How can there be such a shameless woman in the world?"

"And you bastard, she has no shame, how can you have no shame too?" Jin Lan was so angry that she spoke hastily. She felt a little stuffy and a little breathless. Wang Kun saw this and quickly reached out to touch his mother to help her breathe better. After Jin Lan's breath got a little better, she continued speaking.

"And think about how you have such a good wife, Lizhen, at home. She is your savior. When you were most depressed and down and out, she ignored everyone's gossip and your parents' opposition and still married you." "Hehe, hehe." Because of the anger at home, and her anxious heart, the turbid substance in her throat rushed up, blocking her throat and making her cough.

"Mom, okay, I'll listen to you. Don't be angry." Wang Kun felt bad seeing his mother so angry because of him.

After she calmed down a little, Jin Lan couldn't help but start criticizing Wang Kun again.

"You don't know how to treat things well, you don't cherish them well, and yet you are still flirting with that shameless woman. You make me so angry."

"Okay, Mom, I'll do whatever you tell me to do. I'll follow your instructions."

"Go kneel down to Lizhen and ask for his forgiveness. If you don't call Lizhen back, I will beat you to death." Jin Lan became more and more angry as she spoke, and in desperation she wanted to beat her son Wang Kun again.

Jinlan got out of the car angrily and said, "Let's go apologize to Lizhen."

"Mom," Wang Kun got out of the car and scratched the back of his head. "She doesn't listen to me. She doesn't want to go back. Please go and persuade her. Maybe she will listen to you and go back with me."

"Let's go together to apologize to Lizhen. You've made a huge mistake this time. Let's go," Jinlan said, pulling Wang Kun towards Chunyan's house.

Lizhen didn't see her son today, as if she hadn't seen him for several years. She hugged her son tightly, looking left and right as if she couldn't see enough.

"Mom, where have you been these days? Why don't you come back? I miss you, Mom." Her son's babyish voice of "Mom" hurt Lizhen's heart, and she couldn't help but shed tears like dewdrops from a broken string.

"Son, Mom has something to do and can't go back now. I will definitely come back to pick you up after I finish my work." Li Zhen said, but her heart felt as if it was being cut by a knife.

"No, I want my mom to go back now, my baby misses me"

"Son" When Li Zhen heard her son's childish voice, her heart ached again, and she couldn't help but hate Wang Kun to the core.

"Baby, come over here, grandma." Jin Lan then pulled Wang Kun in.

The.

"You evil son, kneel down and apologize to Lizhen now." Wang Kun looked at the person standing there motionless and just lowered his head.

"You did something wrong to Lizhen. How can she forgive you if you don't apologize to her?" Jinlan is a person who clearly distinguishes between public and private affairs. Her son should apologize if he has done something shameful.

"Mom, his son is here, don't let him do this. How can he hold his head up in front of his son?" Lizhen hurriedly picked up her son and walked away. Although Lizhen hated Wang Kun, she was a very sensible and good woman. She was afraid of damaging Wang Kun's image in front of her son.

"Son, where can you find such a good daughter-in-law? At this time, she still cares about your face, but you do such a shameless thing. Are you worthy of such a good daughter-in-law?"

Wang Kun slowly raised his head, his eyes were very gloomy, and his face showed a very guilty and painful expression. He looked at Li Zhen, as if asking Li Zhen for forgiveness.

Li Zhen glanced at Wang Kun and immediately turned her head away. Her eyes were filled with anger and contempt, and she didn't even want to look at Wang Kun again.

"Child, please look at me, an old woman, for the sake of how much I have always treated you as my daughter, and for the sake of your son who is still so young. Come back with us." Jinlan walked up to Lizhen, took her hand, and said affectionately;

"Don't worry, KunKun is being pestered by this woman, so it's inevitable that he will do some wrong things. Just forgive him this time. Your mother is very optimistic about your daughter-in-law. Don't worry, if he makes such a mistake again, your mother will be the first to stand on your side. I will never agree." Jin Lan said with her eyes filled with crystal tears, and she almost cried.

"Mom, you have always been very good to me and treated me like a daughter, but you can't be with me all my life. As a husband, he did something wrong but he didn't even apologize sincerely."

Wang Kun looked at his mother, then at Li Zhen, "Li Zhen, I'm sorry, I'm a bastard. Please forgive me for the sake of mother and son, and come back with me, okay? I will never talk to her again."

"Lizhen, please go back for the sake of the child." Chunyan saw this situation and followed suit.

Seeing that everyone is persuading Lizhen to go back or not, there are two options before Lizhen. Should she go back or not? ? ?
