

First Love 96

Chapter 96 How Can You Believe in Her?

A Kun was following behind Wang Kun's car. At this time, their cars just came to the red light. Wang Kun's car just happened to be at the end of the green light. His car passed, but A Kun's car just happened to be on the red light. How did their cars get separated?

When A Kun's car was waiting for the green light, he was dumbfounded. It turned out that there was a fork in the road ahead. There was a roundabout here, and there were three exits here. A Kun changed his mind and decided to go to the hospital to find him. He drove out to the second intersection...

But he never expected that Wang Kun drove out from the first intersection.

It turned out that Wang Kun thought the second intersection was closer to their factory. He was afraid that someone would see him bringing Qiuyan here, and he didn't want to create new trouble. However, the second intersection was farther away from their home, so it was safer.

Wang Kun's car stopped at the hospital gate, and Wang Kun immediately took Qiuyan to the hospital's emergency room.

After examination at the hospital, Qiuyan was found to be fine, just a little scrape on her foot. Wang Kun was very angry when he thought that Qiuyan had lied to him. He looked at Qiuyan angrily, then turned away and ignored her.

At this time, Qiuyan knew that her little cleverness had been seen through by Wang Kun, which made Wang Kun very angry. Qiuyan decided to go all out. She also understood that Wang Kun was a man with a strong sense of responsibility and would not abandon her, especially in this big city where she was unfamiliar with the place. Wang Kun would pity her.

Seeing Wang Kun about to leave angrily, Qiuyan used the trick that women usually use and sat down on the ground and started crying.

Qiuyan's sudden action attracted the attention of the sympathetic people around her, who said, "What's wrong with the girl?" and "This man is so heartless."

Wang Kun was a man who cared a lot about his reputation. When he saw the crowd, he couldn't hold back his pride. He turned around, pulled Qiuyan up and left. As he walked, he was thinking about how to deal with this woman who was as sticky as malt sugar.

When he looked up and saw a hotel not far away, he thought that the most urgent thing now was to quickly make arrangements for this troublesome woman so as not to cause trouble for himself, so he pulled Qiuyan towards the hotel.

A Kun and Wang Kun had already gotten lost. He walked around the area for a few times, and when he was about to report to Hong Liang that he wanted to give up, he suddenly saw the situation and dragged Qiu Yan angrily towards the hotel.

A Kun immediately followed Wang Kun. Unexpectedly, Wang Kun registered immediately at the front desk, got the room card and went upstairs.

When A Kun saw this, he immediately called Hong Liang to report that "Chairman Wang and that woman went to the hotel to get a room."

"What? Did you see it wrong?" Hongliang's heart skipped a beat and he was a little unconvinced.

"Yes, it's absolutely true." Then A Kun reported everything he saw to Hong Liang.

Hongliang thought for a while and asked, "Akun, where are you going to continue to monitor them?"

At this time, Hongliang was full of doubts, but he had no evidence and could not draw any conclusions arbitrarily.

A Kun was waiting there, but after waiting for more than an hour, he finally saw Wang Kun walking out of the hotel.

"Chairman, Mr. Wang just came out now," A Kun immediately reported to Hong Liang.

"Has that woman come out yet?" Hongliang was anxiously waiting for A Kunjie.

"No." "You continue to monitor." Although Hongliang is married, he still has Lizhen deep in his heart. He is particularly concerned about whether Lizhen is happy or not. Even if he hears the slightest movement of Lizhen, he will feel a little heartache.

"Okay," A Kun answered neatly, and he stayed there to continue observing.

Originally, Wang Kun sent Qiuyan to the hotel and booked a room for her. He planned to settle her down and slowly persuade her to go back later. But when he sent her to the room, Qiuyan refused to let him leave.

Qiuyan thought that she had already given it all up and would stay here even if she had to.

"Wang Kun, please don't chase me away, okay? I won't disturb your family. I just want you to take a little time to see me, okay? I just want Earl to see you." Qiuyan knew that Wang Kun would not fall for her tough approach, so she had to change her tactics and use soft methods to tie him down.

Wang Kun thought that he had to deliver all the goods on the truck. He thought that Qiu Yan would not listen to anything he said, so he thought he should get out of this situation first. "Don't run around. Just live here. I will take time to visit you from time to time."

"Okay, I hope you keep your word. I will listen to you and won't run around, but I will wait for you here." Qiuyan is also a smart person. She knows that Wang Kun is following her, but she also knows that if she insists on not letting her leave, Wang Kun will hate her even more. She had no choice but to let Wang Kun slowly find a way and drag him along.

"Okay, I'm going to deliver the goods now, you just stay here obediently." After Wang Kun said this, he quickly left the room and left the hotel.

As Wang Kun walked out of the hotel, he was thinking about how to persuade Qiuyan to leave as soon as possible without letting Lizhen and his family know. However, he did not expect that his secret had already been exposed and was already under surveillance by others.

Due to Qiuyan's arrival, the family, which had originally calmed down a little, had some twists and turns again. During this period, Lizhen's mood calmed down a little, and the relationship between Wang Kun and Lizhen was slowly recovering.

"Is the situation at the factory okay today?" Lizhen felt a little unwell due to pregnancy reactions and had been resting at home these days. She didn't know much about the situation at the factory.

"Don't worry about these things, just rest well at home." As soon as Wang Kun, who had just finished taking a shower, lay down on the bed, Li Zhen asked about the situation in the factory.

Wang Kun was unable to sleep in his dormitory because of Qiuyan's matter. He couldn't lie down well and tossed and turned, unable to fall asleep.

"What's wrong with you?" Li Zhen was puzzled when she saw Wang Kun's behavior. They have been together for six or seven years, and she has already understood Wang Kun a little. He can't hide what's on his mind. His expression will betray him. He will be unable to sit still and sleep well.

"Nothing. Nothing." Wang Kun spoke unclearly because he felt guilty.

Hearing his wife's concern for him, Wang Kun felt very guilty. Thinking about the fact that he had done something wrong to his wife behind her back, he wished he could dig a hole in the ground and crawl into it. He must not let his wife down for her care and love for him.

Wang Kun thought so in his heart, but due to Qiuyan's relationship, the situation that developed later was something he had not expected. He tossed and turned all night and did not sleep well.
