Chapter 108 - It is said that you are dead

Outside a quiet room, a young man stood for a long time and finally waited until the door opened.

“Teacher, I have been uneasy since last night, as if I have inexplicable grief. I don’t know...”

The words were not finished, and the people inside were interrupted.

“It is true that something is happening and your situation is not very good.”

“Teacher, what do you mean by the situation?” The young man was a bit puzzled. He asked himself when he waited for the start here. He didn’t have a disorder and tried to keep his heart.

“It’s related to you, there are a lot of variables. I have the heart to deduct, but I can’t glimpse the whole picture. I can only find it vaguely, and there are different people who have turned out to be born, and they have won a gas that should belong to you.”

“Someone took me to the air?” The young man couldn’t help but feel the water and couldn’t help but be surprised.

“Not only that, your mood is restless, your grief... Maybe there has been a change in your home.”

“Teacher! Can I go home and have a look? Or... I just contacted the family to find out the specific situation.” He said that he was bowed.

The person inside is sighing: “It has been fixed, it must not be violated. The family has a change, what do you know is useful? It is useless to go back, it can only affect your heart and cultivation.”

“That, then I...”

“get over!”

If he did not say it, the teacher already understood that he would not be able to cultivate with peace of mind if he did not understand the situation.

“Yes!” Although he could not calm down, he still decisively agreed to the teacher.

“Take it and win it. According to me, although you have a gas, but it is not for you. The other party is not aimed at you, maybe it is not anything.”

The young man was slightly surprised. To count this way, this unknown enemy is more powerful and terrible than it is specifically for him!

“Disconnect the dust edge, don’t be harassed!”

The teacher snorted and trembled directly to the young man’s mind.

“Go! Wait until you practice to the virtual world, you can go to the custom!”

“is teacher!”

.....

At this moment, the waves are coming out from the Phoenix Valley along the mountain road. Although it is daytime, there are no people in the barren hills and mountains. He can boldly use the “Phantom Meteor Step”. With the improvement of the strength, the footwork is applied, and the speed is obviously improved.

Waiting on the road, it is not convenient to display the “Phantom Meteor Step”, he will wait for the car while walking.

There is no taxi here. There is no way to call the car with mobile phone software. You can only see if there is a passing car.

Until then, he was free to turn on the phone.

In order not to be disturbed, he turned off the phone last night, and watching the time is a watch prepared in advance, which is more convenient.

After the phone is connected to the signal, it quickly receives multiple short messages. Looked at it, it was sent by Yue Zhennan and Luo Yu. The content is similar, ask him why he doesn't open the phone, let him see the information and call back immediately.

Shen Lang didn't care too much. He shouldn't know that he was on leave, and he didn't know that he was going to class, and he couldn't get through the phone, so he sent a message to him. And Yue Zhennan, who knows that he wants to come to Phoenix Valley, probably wants to ask him what the result is, but he can't contact him.

After thinking about it, he did not return the information of the rain. She didn't know at the time, just let me talk to Teacher Wang and I knew it. If you go back, please ask her to have dinner.

Yue Zhennan knows that he wants to come to the tomb of the King of the King. He wants to eat from five tigers. Even if he wants to know the result, he is concerned about his safety. So he will call him first.

As a result, when he called the phone, Yue Zhennan did not answer it!

At this time, Shen Lang saw that a motorcycle passed by, and then stopped, willing to pay for the other party to take a ride, to the place where you can take a taxi.

Although it is not a professional puller, but in the case of the way, the other party has 20, and he is carried.

Waiting for the nearby town, Shen Lang is preparing to use the mobile phone software to see if he can call the car. Yue Zhennan's phone is back.

"Who are you? How can the phone be in your hands?"

When I heard that Yuezhennan was cold, Shen Lang was a bit inexplicable: "Crap! My mobile phone is not in my hands, still in your hands!"

“You, you... who are you pretending to be the sound of the waves?” Yue Zhennan seemed to be taken aback.

“It’s your wave brother!” Shen Lang said with no anger: “You all hear it, and say what pretends to be my voice. If you don’t need me to help, dare to play with me?”

This is a bit of a joke, because he is in a good mood today, and he usually does not talk to Yue Zhennan.

“You...” Yue Zhennan paused: “Don’t scare me, it’s still daytime, it’s not dark.”

“Have your child burned?” Shen Lang frowned. “Is it hard to talk around you? If so, you will agree to it, I will hang up first.”

This point is still understood. After all, Yue Zhennan is the second son of the Yue family. Although he is respectful and respectful for his strength, he still has his identity, his things to do, and there are It’s normal to be inconvenient to talk, although it’s a bit weird.

“You... is it really a brother?” Yue Zhennan asked in a low voice.

“nonsense!”

“That... you are not said to have died... can you get out of the tomb of the King of the King?” Although the mouth was changed, Yue Zhennan said it.

Shen Lang can’t smile, the original problem is here!

He immediately understood that Da Xuanmen and Ye Family had five family sects and retreated back in the early hours. There has been no change during the day, and it is a full retreat.

This is a major event in the past 60 years. Although no one knows and preached it, it is naturally very concerned as a member of the Yue family. It was normal to hear what happened last night.

According to the situation that Ye Long and others saw last night is the situation that Shen Lang wants them to see. It is after six people entered, I don't know what happened inside, and it was closed in advance. The tomb of the king of the king is not closed.

If you are just sleepy, there is no other accident. If you are lucky, there will be no problem for another few days. However, because the opening time was not long, the air inside did not flow, and the oxygen bottle was not supported for a few hours.

Six people breathe more oxygen and may not be able to support a day and a half. From this perspective, they are already dead. It is also true, not a curse.

"You are not dead when you die! Of course, Laozi is coming back again!" Shen Lang said so much, simply said the result.

"You, you... Lang brother, are you saying that you are safe and free from the closed tomb of the King of the King? That is really good!" Yue Zhennan cried in surprise.

"The play has been played." Shen Lang sneered, but even though, someone really surprised him because he was alive, he also felt very warm.

From this moment, Yuezhennan was treated as a friend, not a business object.
