

First Strong 113

Chapter 113 - Recognized?

The younger generation of Yuejia, who was watching in the lower hall, was very ugly at this moment.

Originally, they thought that they could form a situation of closing the door and playing dogs. I did not expect that even Mr. Yang Zijian would not be the enemy of others! These low-level extraordinary warriors, even if they are together, are not opponents of others.

“Second brother, the one you invited, is there any way?” A cousin of Yue Zhennan asked him softly.

Originally, Yue Zhennan said that he could invite one or even two comprehensions. They are all refreshed, and that is to increase their strength. After seeing only one of Shen Lang, they were disappointed, and they didn't even say hello.

Undoubtedly, in their view, Yue Zhennan did not ask for the comprehension. Maybe the comprehension sent a little disciple to come over.

Before a while ago, they did not pay much attention to the waves. But now that the situation is reversed, I thought it would at least be unfamiliar. I didn't expect to be disintegrated by the other side in an instant, and then I was thinking of a broken horse when I was a living horse doctor.

“I don't know...” Yue Zhennan whispered, and he was very confident in the strength of Shen Lang. He also always felt that the waves were mysterious.

If it is a one-on-one, he is sure that there is no problem with Shen Lang. But now, apart from Shen Lang, it is the uncle, and the other two are swaying. The enemy has more than ten comprehensions!

“I hope there is still a chance...” The cousin also knew that this hope was very embarrassing.

The Shen Lang in the upper hall, in fact, just saw it very clearly. Yang Zijian is because of being stimulated, can only be **** the scalp, not to mention morale, even normal play is impossible.

The other party is just the opposite! They need to kill chickens and monkeys, kill one hundred and one hundred, and have a superb warrior jump out, just like the heart. So before he is ready, he will grab the advanced attack directly, and it will be a full blow!

If this is not the case, just the “spiritual rhinoceros” may not be so easy to kill Yang Zijian.

After that, the situation on the spot was exactly the same as expected by the other party. Everyone was flustered. Since there is no chance of winning at all, it is better to admit defeat directly! It will not be hurt if it is preserved, but it will also appear to be offensive because of bachelor. Not to mention the fact that I didn’t sell for the Yue family, it just happened to have a step.

It is the two years of Fengxiang and Feng Dejun, and the hesitant balance has also broken quickly!

After Ye Long’s words were finished, the one who said that he wanted to go, and the other who stood up, sat down again. Two years, Feng Xiang and Feng Dejun, looked at each other and then sat down silently.

By strength, they can’t crush; they are highly respected, relying on age and seniority. They can be Ye Long and Li Shengyi. They are no worse than theirs, regardless of their age or seniority.

Seeing it for a few minutes, the situation has become so out of hand. Yue Bailun, who had a dark face, sighed and walked out.

Other people can leave it alone, because people only come for love and interests, but he is the veteran of the Yue family, this family must be guarded by him!

“Don’t say what demonization, strength see the real chapter!”

Yue Bailun stretched his finger to the one who had just shot. “I don’t know who you are, but I am half-earth. You are a good old man. Isn’t it that I bully the junior?”

Just use the “spiritual rhinoceros” to knock down Yang Zijian’s air, and now he is domineering and exposed, feeling the shame and awe of the audience. I did not expect Yue Bailun to challenge him directly!

Some of them have some understanding of the situation of Yuejia. The Yue family has fallen from the realm of cultivation. The contemporary homeowner Yue Gang is not strong, not to mention the younger generation. But the dead camel is bigger than the horse, and the rotten ship has three thousand nails. Yue Bailun is the strongest surviving of the Yue family.

Yue Bailun was already the leader of the younger generation of the Yue family sixty years ago. Even if it has not fallen, there is still no fault in him. These years of low-key forbearance, who knows how strong he is!

His face was awkward, and he didn't dare to fight for a time. If he lost, it was not his own business, but the momentum was reversed.

Besides him, there is another person who is jealous, that is Li Shengyu.

Because this is the big Xuanmen, he did not dare to challenge, it is reasonable to accept Li Shengyu. But Li Shengzhen was injured in Shen Lang last night, and there is no problem in coming out of the town. If he really wants to fight, he will suffer.

"Haha! Yue Bailun, of course, will not say that you bully the junior, but others will say that we are bullying the old man! Let me take this old man who is also half-earth to pick you up!"

Another veteran opened the past and let Li Shengyi cast a grateful glance at the past.

"Linghe Boxing Cai Shuming, please enlighten me!"

He also took the initiative to go forward and hold the fist regardless of whether Yue Bailun agreed.

Yue Bailun sighed, he just did play such an idea. If you can defeat the other side in one fell swoop, directly frustrate the other side's spirit, and perhaps there is room for negotiation.

But now Cai Shuming has blocked his purpose, and the old generation and the older generation are playing directly, so that no one has anything to say.

As a veteran of the Yue family, he is very clear that the other five will only be stronger than the Yue family! Although specific to the individual, it still depends on the ability, but Cai Shuming is

the veteran of Linghequan, and today he can come to represent Linghequan because he is the strongest.

The same is the strongest, others have more resources, and the possibility of being worse than him is minimal!

“Don’t say that my usage and realm are bullying you, you can pick me up and try it!”

Cai Shuming smiled and said the tone of his voice was quite proud. He did not cast a spell, but an understatement slowly took a palm and went straight to the face of Yue Bailun.

Yue Bailun did not dare to neglect. He knew in his heart that Cai Shuming actually had some jealousy against him. If two people fight for it, it will be a situation of both losses!

After all, Linghequan is only one of them, and everyone has the same benefits. If he loses both sides, it is the loss of Linghequan, so he wants to let the two people have each other in this way.

This is actually the difference between “Wubi” and “Wenbi”. For Yue Bailun, such “wenbi” is of course more beneficial to him. As long as he is not injured and does not break, he can still support a few more!

Therefore, for Cai Shuming’s proposal, he did not refuse, but also slowly took a shot.

Being able to be on the scene, the strength is high or low, but the knowledge is there. Since it is the battle of two veterans, even if it seems to be only a frivolous temptation, it is certainly not simple.

Almost everyone watched their two hands together Finally, the two palms that were slowly shot came together. There was no loud noise, no one was pushed away, and no one was injured.

But after the contact, Yue Bailun’s face changed greatly!

“The return to the Yuan Dynasty!”

When the expert takes a shot, he knows if there is any. Cai Shuming's Wenbi temptation reveals his realm. In contrast, Yue Bailun is only in the middle of the Yuan Dynasty!

The gap in the realm is just like the second person who has just been comprehension. You have no chance to fight with people!

"But... our Yue family has planted it..."

Just when Yue Bailun said this bitterly, the hall remembered a bright voice.

"And me!"

Speaker – Shen Lang!
