

THE FIRST STRONG

Chapter 12 - throw it out

Shen Lang is speechless, let alone him, that is, they are Jianghe, they also think that Dong Wenbin is engaged in ghosts, who will associate with the rain?

He used to study hard in the past, and he was not familiar with the rain. How could he know what the relationship between Luo Yu and Liu Zhilong?

“Your yesterday’s trick, I thought I could attract her attention? She went to the playground to meet you, but it was the responsibility of the squad leader, don’t be crazy!”

Liu Zhilong was because he met Rainy Lan on the playground last night, instead of Dong Wenbin’s instigation, which was to make Shen Lang’s accident speechless, but he couldn’t help but laugh at this.

“How can I not say it first, if you are such a stupid big man with a well-developed mind, will she look at you? Also a gesture of a flower protector, do people know?”

Liu Zhilong was already sullen, and he was so angry that he heard such a sneer at Shen Lang. He grabbed the clothes of Shen Lang.

“Who do you think is simple? You say who is stupid? You know a fart!”

Shen Langtong leaned back and frowned. “You don’t know bad breath, isn’t it a big fool?”

Liu Zhilong wanted to say that it was just before he got up and had no time to brush his teeth, but he soon reacted. This should be blasphemy!

“Don’t give you a little color, you don’t know...”

As he said, the other palm slaps into the head of Shen Lang and shoots it like he is good at making basketball.

Shen Lang is trying to verify the achievements of the “Da Shou Mi Long Xiang Shen Gong”, which is a stupid big man who is a rival, just a target!

Liu Zhilong’s hand has not yet photographed Shen Lang’s head, and he found that he lost his center of gravity. The whole person seems to have been arrested!

He was taken aback, instinctively looking back, is there still a few people behind?

But he immediately discovered that he was lifted up by Shen Lang!

I saw the ghost!

Shen Lang is notoriously weak, Dong Wenbin they bullied him, Liu Zhilong is a bit disdainful. But now, he was caught up by a weak chicken he disdain!

This is a shame!

Liu Zhilong, who just felt shame, immediately felt more shameful – he was such a big man and was directly thrown to the ground!

“Fuck-!”

Liu Zhilong was so painful that he was very painful. He screamed and quickly turned from the ground and then slammed into the waves.

Just now he didn’t figure out what was going on. This time, he clearly saw Shen Lang’s shot. He simply grasped his hand and fixed it. He grabbed the belt in front of him and then pulled it. Lift him up again!

He must be grateful that the belt is relatively strong, while wearing jeans, or else the belt may be broken and the pants are gone...

Under his stunned feeling, he felt that the body had once again vacated, and this time, he threw it farther and threw it directly on the basketball court.

“Hell! This is impossible!”

This time it fell even more painful, Liu Zhilong still climbed up, but did not rush to rush, but opened the posture.

After Shen Lang just threw him out for the second time, he stepped forward and walked over.

The “Da Shou Mi Long Xiang Shen Gong” is a practice that he has cultivated in his previous life, and the effect is very clear. Now let’s take a look at it, just to see how far it is now.

Liu Zhilong is such a big man playing basketball. He grabs it very easily, and the second time, he intentionally throws it away.

Now that he has come over, he will directly shoot Liu Zhilong, who is guarded by God!

Liu Zhilong’s second fall was a bit embarrassing, but he still felt that he was a light enemy and was attacked. But now, he has neither active attack nor high-security defense, but he is caught by it!

I felt like I was caught like a plush toy, and it made him sad...

This time, Shen Lang grabbed his hand and smashed it up, then turned around in the air and smashed out in the middle of the court!

After the third trip, the landing was more embarrassing. It was Liu Zhilong, a sportsman, and he was a little bit sullen and swollen.

Shen Lang walked over and squatted in front of him.

“How many more times do you want?”

Liu Zhilong couldn't help but smile, who is this! Pushing his muscle man over 80 kilograms casually, he didn't even gasp at all, just like they threw basketball!

"I admit that you have two..."

He struggled to climb, but did not stand up and sat on the ground.

"Apologize." Shen Lang slaps the palm of the past!

Just three times, he has already let him understand the current level of power of the "Da Shou Mi Long Xiang Shen Gong", this slap is also controlled to avoid the people being disabled.

This is the case, this slap also fanned Liu Zhilong sitting on the ground.

"Enough! I didn't hit you, you have already hit me a few times!"

Liu Zhilong was very wrong, afraid of the waves and hands, did not stop, quickly said: "You have a brute force, but also the grandson is well hidden, but you are not suitable for falling rain! You climb high Can't afford her!"

I know that Liu Zhilong is because of the rain, not the person Dong Wenbin is looking for. Shen Lang has no resentment, but he has not fortunately caught up with ~ ~ as a trial product, it has now been completed.

When he reached out to pull Liu Zhilong up, he scared Liu Zhilong to roll out on the ground, and then he climbed up in a hurry.

"Not that I have thoughts about her, I can't climb her." When he said this, Liu Zhilong obviously had regrets, and then seriously said: "I warn you, it is kind!"

"Oh?" Shen Lang glanced at him.

The current Shen Lang can see Liu Zhilong's expression at a glance, knowing that he did not lie. He is not like the general rain, he is admired with admiration, and he really can't afford it.

That, with his reaction, and repeated words, can only explain a little – the rain is not ordinary!

However, Shen Lang did not have the slightest surprise. Even if she understood the usual far-sightedness, she could see that she was not cultivated by ordinary families.

Excellent can be talented and hard work, and her temperament must be related to the small and long-haired environment. It is not a rich man who is not a dignitary, but it seems to be a scholarly family.

However, even a family of high-level intellectuals like professors will not let Liu Zhilong have such an attitude. If there is such a person in the county, even in a large foreign city, it should be a small celebrity, but the surname has not been heard, and there are other relationships.

“I have already said it, you are good at it!”

Liu Zhilong originally wanted to forcefully attack and force the Shenlang to stay close to the rain. Now it is far from being an opponent, and no face continues. After repeating the warning, he will go out.

Shen Lang didn't think much about it. It was a misunderstanding. It wasn't that he went to the rain, he was looking for him, and what was the source of her, even if there were any high-ranking relatives.
