

First Strong 122

Chapter 122 - Female sword fairy god

Aside from the relationship with the Yue family, even in the last life, “winning the house” is also a matter of cult. This is not the same as killing. Whether it is hand-handed or assassin assassination, it is a contest between “people and people”. The winners rely on the level of ability.

However, if the Yuanshen wins, it is the sinister spirit’s encroachment on human beings, so the behavior of the flesh is so disappointing. Like Shen Lang, he also waited until the reincarnation, but did not win the body of Shennan 20 years ago.

Feeling his anger, this 缕元神 is even more frightened, and quickly continue to explain: “It is not allowed to win the heavens. I really don’t have such a mind. I am a borrower who has no way to go. I originally wanted to show no trace. I have been staying for a while, but I didn’t expect this person to stand it. I just wanted to recover quickly, leave early, and return in the future...”

“If you live for more than two years, you will continue to absorb the nutrients of others. If you don’t touch me this time, will you still go? You will drain this person and all the resources of this family!”

The reason why Shen Lang did not directly kill it, but also nonsense with it, is to want to know more information, this is the first spirit he is now exposed to.

“Don’t dare, I am already grateful to this person, I am not afraid to harm people. Ask the adults to understand!”

“Who are you? To be honest, if there is concealment, I will kill you right away!” Shen Lang warned.

This 缕元神 did not dare to neglect, and quickly communicated with his consciousness.

Can keep the gods not to disperse, of course, not ordinary ghosts and ghosts, nor grievances, she was actually a female sword fairy!

However, she did not go to the extent of the robbery, but was killed by the enemy. Before he died, a scorpion ***** escaped and did not fall into disarray.

But the lost god, also suffered a heavy blow, barely found a place to register, and entered a long period of dormancy. When I wake up, I don't know how many years have passed. It's not because she has recovered much, but she is not going to dissipate!

That is to say, when she woke up, it was already like a returning light from a seriously ill person. Because there is no physical body, she has no knowledge and no cultivation.

After a while, I met Yue Baichuan and became her goal. This is a comprehension person who can withstand her "staying" and can give her a certain amount of nutrients that can help her recover slowly.

However, she still overestimated Yue Baichuan's ability to bear, because she used to be a sword fairy, directly invaded Yue Baichuan in a sword-like way, and did not expect to directly hit Yue Baichuan.

"Adult, I am telling the truth. Later I found this problem, but even if I leave, I can't let him recover. This is my benefactor, I can't harm him, but I have to save him, I have to recover first. Stronger."

Sorry, I accidentally hurt you, but to save you, let me **** your blood strong... This logic is very robbery. However, she still said it, and it is true.

Shen Lang also understands that this is indeed the case, just as he has taken this **** out now, but if he does not rescue it, Yue Baichuan is just as good.

"I will believe you, then wait for you to recover a little, you leave this body, where are you going?" Shen Lang directly asked again.

If she has no other plans at all, occupying the body of Yue Baichuan, it is still the biggest possibility!

"I can't kill people. I can only find an aura-like thing to store, and then slowly practice. I hope there is a chance to come back again..."

Although there is no entity, the sensory communication makes Shen Lang feel her sorrow, just like the previous panic, is a real emotional reaction.

The utensils she said were like the jade that had been before the waves, or the incense burner before he absorbed the aura. Because of the aura, you can let the gods deposit, and then through the aura of the artifacts to strengthen cultivation.

After a pause, Shen Lang felt her mood changed: “I am not willing! I am a genius, I have practiced hard since I was a child, I want to achieve Jianxian Avenue! I am not willing to fall like this...”

Although this “tone” is a bit disrespectful, Shen Lang is a touch.

The cultivation is the result of taking the heavens and reinventing the heavens. His last life was also a failure to rob the heavens, and he was not willing to fall, so he laid out the reincarnation and let himself come back again. This female sword fairy is not as strong as he is, or when she is not strong enough, she is artificially degraded, and of course she is not reconciled.

From her consciousness, she felt her own shadow, and let Shen Lang have a hint of compassion.

“I can consider giving you a utensil storage, but in order to avoid you hurting, I have to seal you.”

In front of Shen Lang, she was slightly excited, and the latter sentence was silent.

“You don’t accept it?”

“Don’t dare, I am not qualified to fight with adults at all. You have to seal me, and I have no way...”

Obviously, it is possible to register cultivation, even if it is a little longer and slower, there is still a hope. But if it is sealed, I hope it will be embarrassing. It is very difficult to break it out. I want to see someone who unblocks it and I don’t know the Year of the Monkey.

Feeling that she “resigned her helplessness”, Shen Lang hesitated: “Or, I can raise you. You will have a chance in the future, but you can also give you a flesh. But what value do you have to help me?”

He is a whim of a whim, but listening to it in this ***** is undoubtedly a hope under despair.

“If an adult can recreate it, he will be grateful for his enthusiasm, and he will report it with all his strength! Although I am only a weak god, I can remember it completely. If you need it, you can give it to you.”

Shen Lang knows that she is called bleak, “Sword repairing the law? Do you think I need your practice?”

Desolation seems to be embarrassing, she is only weak now, but from the confrontation, she can feel that Shen Lang is far less than her previous realm. How can the sword fairy’s martial arts work be unmoved?

That can only show that this is more greedy, but the practice is not enough to satisfy him!

“I still have some collections of items, which can also be regarded as treasures. I can provide information and take it out by you, all of them are owned by adults.”

This was originally planned to wait for the resources to be returned one day later In order to save her life, she did not care so much. It should be said that she has no life at all, just a glimpse of the gods. If this is still extinguished, it will be wiped out.

“Do not care.”

“...”

Is this not enough? This is called the bleak Yuanshen, a little angry, I feel that this person is too greedy.

Between the talks, Shen Lang has also considered it clearly. “Think about you, there is no great value. You must raise you and win the flesh for you. You can’t pay for it. You have to work to pay back.”

“Working... Repay?” Repayment can still be understood, and working is a bit strange to the desolation.

“You have to be my servant, I will let you grow up as soon as possible. For the time being, I don’t think there is anything for you to do. If you need it, let’s talk about it!”

Shen Lang plans to use her as a avatar! He wants to cultivate to the avatar, but he doesn’t know when. But if the gods are used well, they can do things that the flesh can’t do.
