

# THE FIRST STRONG

## Chapter 13 - apologize to him

When the class was in the morning, Dong Wenbin came three people. The people sitting next to them felt that the atmosphere was a bit wrong. I don't know if they would like to talk about the waves again.

The weight of Shen Lang's shot is still roughly understood. They have a rest for a day and there is no trace on their faces. It is estimated that Dong Wenbin has no pain in the egg, but the hand that is being trampled should still be swollen and has been shrunk in the sleeve.

Dong Wenbin's three people all took a serious look at the class. They didn't go to see the Shenlang, and they didn't have obvious provocation. It seemed to accept the teacher's warning.

But from last night to this morning, they have time to find out what happened, and there will be no means of revenge, only they will be clear.

Shen Lang continued to review, and did not pay too much attention to the explanation of the teacher's class. Because he needs the system to go over again, to concentrate on listening, but will disrupt his current rhythm.

He works very hard, but his grades don't go up. As long as he doesn't destroy it, he doesn't look at extracurricular books, and the teacher won't care about anything.

Because of Liu Zhilong's performance, Shen Lang pays more attention to the whereabouts of the rain, but today she has nothing unusual, unlike the attention he paid to him during his self-study last night.

It may also be because she rejected her kindness last night!

Shen Lang calmly concentrate on reviewing, as the same table and friends, the river is not so easy. Although he didn't ask much about what happened, he instinctively felt that several of them should still be swaying.

With yesterday's experience, this time the last class bell rang, the river immediately took the Shenlang and left, went to the cafeteria to eat.

There are more people in the school today. As long as they are in a crowded place, they still have to converge and dare not come.

When Shen Lang knew it, he understood his mind. Although he was not afraid of Dong Wenbin's revenge, he did not resent the river's kindness.

When I went to the cafeteria, Shen Lang went to recharge the meal card and found that there was not much money in it.

Jianghe also agreed, Dong Wenbin, they mainly grab his cash, after all, recharged into the meal card, it can only be consumed in the canteen. Recharge the money, at least there is food to eat.

The weakness of Shen Lang's body in recent years is also related to the lack of nutrition. I used the brain too much and often had insufficient food.

Now that the body is in the quenching stage, it needs to be supplemented with nutrients, so it directly recharges 500 pieces. The more than two thousand that I took from Dong Wenbin yesterday are useless.

When he was cooking, he also doubled the most expensive meat dishes and added high protein.

When he was seated in the past, he saw that several familiar students from the river had already sat down with people, including the class, including Lin Yun and Li Rong.

These guys have to do something again?

Shen Lang slightly frowned, but they did not do anything on the surface, just crowded him, he did not have anything to attack, and found an empty seat next to him.

He played a double meal last night, but everyone worried that they didn't pay attention. Now seeing his plate, he thought that he had recharged the money to the meal card. He was not afraid of Dong Wenbin's extortion. He deliberately ate well, and even some girls felt sour.

Of course, Dong Wenbin also paid attention to Shen Lang and saw his rich plate, as if the poor had a Chinese New Year. This made him very unhappy, and he couldn't eat the secret and cursed it.

In the past, it was his usual pleasure to see Shen Lang in order to save only one green vegetable or even white rice. And now this big fish and meat, can be bought with his money!

He doesn't care about this money, but he is wrong!

Only when he robs others, when is he robbed!

This can not be said to people, even Lin Yun Li Rong and the two younger brothers can not say, if it is more embarrassing to spread out!

"Hey-!"

Shen Lang is starting to eat, and there is a plate placed aside.

"What do you mean? I just turned around and grabbed my seat!"

Shen Lang looked up and saw that a tall boy from another class was looking down at him fiercely.

This time, it will not be wrong. It must be the person Dong Wenbin is looking for!

Probably taking into account the warnings of the class teacher, they did not come forward and found someone from other classes.

A few people from the nearby tables looked at them, especially the classmates in Jianghe. Everyone knows that this is Dong Wenbin's ghost in the back. If they help, Lin Yun Li Rong next to him will definitely participate in blocking.

"Don't want to mix! My seat dare to grab?"

"Which onion do you count?"

The man was standing, and he was standing tall and squatting, and he was tall. He said that this is his seat. He is dominant in momentum and he thought he could force Shen Lang to apologize and leave.

Unexpectedly responding to him, actually so arrogant provocation!

"You heard it! You heard it! Don't say I bully people, this is he is challenging me!"

The boy's plate has been placed on the table, and at the moment he said that he usually has sleeves, and it seems that he will start to sink the waves.

Everyone else stopped to eat and waited for a good show. Although many people know what is going on, except for classmates who have a good relationship with them, they are irrelevant to others, and there may not be much to do with them.

The boy did not speak loudly, but also paid attention to the teacher who did not have a value, so he took the time to start.

But at this time, one hand grabbed his shoulder!

"Who!" He turned and angered, wanting to see which guy dared to be in the forefront of the wave ~ ~ Big Liu? "

After seeing it clearly, he couldn't help but blink. He is tall, but the person who grabs him is taller than him. He is Liu Zhilong, who is in the school basketball team.

"Let's eat well, don't engage in seven." Liu Zhilong pulled him a bit and did not sigh and persuaded him.

Dong Wenbin created the opportunity for him to take the shot, as long as he smashed the waves, and then put the food on his head. The reward for him is a pair of Nike basketball shoes that are new this spring.

Now his face is smashed, and the sneaker Dong Wenbin has already placed orders on his face phone in the morning, and he has already picked up things in public, and he has lost his face.

Liu Zhilong is the core of the school team, and his face is also to be given, and even if you turn your face, you can't beat it.

His gaze could not help but find Dong Wenbin, want to see what Dong Wenbin meant.

Dong Wenbin turned his head and turned his head. He was trying to find out what he was trying to do.

Liu Zhilong didn't have to look at it and knew what was going on. He said another sentence: "I am for you."

In the morning, Shen Lang played him three times and slapped him with a slap in the face, which made him more and more afraid!

As a person who keeps exercising all the year round, he knows that power will not suddenly appear out of thin air, only to hide strength! If you have the strength but can endure being oppressed for a long time, would you like to be abused? Must be self-tempered!

If the purpose of tempering the heart is achieved, then you don't want to endure it anymore. Those who are so bad will be miserable!

He was glad that he was in a basketball court in no one in the morning, or else he was lost.

Seeing that Shen Lang has not spoken yet, the pig teammates also want to ask Dong Wenbin what he meant. Liu Zhilong fiercely hung his neck and whispered: "Apologize to him!"
