

THE FIRST STRONG

Chapter 14 - Your majesty!

The boy was taken aback. They were very familiar. They knew that Liu Zhilong and Shen Lang were not familiar. It was impossible to be a friend. To help him is also to help him, to stop him should not want to even tired of the basketball team.

I did not expect to force him to apologize to Shen Lang in public!

His gaze is not asking Dong Wenbin's opinion, but looking at Liu Zhilong inexplicably.

Although he is a pick-up, he has not beaten people and has been stopped in advance. This matter has subsided. When you give Liu Zhilong a face, it is not too shameful. If you want to apologize in public, it will be different!

Liu Zhilong nodded slightly, but he could not explain why in public. This is related to his own experience of being abused, and it is not easy to say privately.

"A verbal apology is useless. What kind of cat and dog came to me and forced me to apologize again. How can I eat? Let's go!"

When Liu Zhilong communicated with his eyes, he heard that Shen Lang had opened his mouth, which surprised both people.

"Are you crazy? Does he shame his face?" The boy stunned unbelievably.

He had originally given Liu Zhilong a face and an apology was still hesitating. Now let him kneel down, it will be directly on fire, and whose face will not work!

Liu Zhilong secretly complained, and Shen Lang's request, he could not do it. And besides him, other people think that Shen Lang is crazy!

"Hey, Shen Lang was bullied, and his mentality was extreme."

"This is the basketball team, this time it will be beaten again."

"Shenlang is also, why bother? Some people are still proud of playing round."

"This guy is dead! Even if the teacher comes over, they will block him in private."

I stopped to eat and watched the excitement. When I heard the words of Shen Lang, I whispered. Originally, even if I watched the lively mentality, I was somewhat overwhelmed by the side of the waves. Now I feel that his mouth is too embarrassing, and he should be killed if he is looking for death.

The classmates of the rivers and rivers are all bitter and speechless, so they are confronted with him. They have no way to persuade them. It is that Liu Zhilong's kindness is also white.

Dong Wenbin smiled happily!

Silly! This is going to kill others and can't save him!

Just now Liu Zhilong's intervention, he also thought that Liu Zhilong did not want his teammates to be shot, even if it is not good, it is not good.

Now, no need to come out, Shen Lang himself detonated the gunpowder barrel, this effect is more useful than his Nike shoes!

The boy's temper came up, and he broke free of Liu Zhilong's hand. He must reach out to Shenlang's head and grab it!

Originally, he still had some concerns. He wanted to punish him with a small punishment. He could deal with Dong Wenbin just fine. Now he is very annoyed, let him kneel and apologize!

He is now ready to press Shen Lang's head into the plate, and he will try to smash it on the table and get him a meal!

At this time, he suddenly felt a sharp pain in his knees, and then his body was out of control, and immediately fell to the front of Shen Lang!

Everyone was watching him, waiting to see Shen Lang being beaten, a timid girl could not bear to look at it, and turned her head.

Dong Wenbin and Lin Yun Li Rong are both excited and waiting for Shen Lang to be abused.

Only Liu Zhilong, who is also on the side, only knows the strength of Shen Lang, and the focus is on him. It is faintly seen that he reached out and swept his teammate's knees!

Both of them were tall, standing next to the sinking waves and blocking a lot of sight. Shen Lang's shots were not too big, and no one else found out.

Liu Zhilong sighed with a sigh, and the "brute force" that Shen Lang can easily grab him and throw it out, even if it is casually taken, it can easily stumble...

The sparse "beep" sounds, and many of the spoons in your hand fall on the plate or table.

All of them looked at their eyes and couldn't believe what they saw. It seemed that they had to start to fight the waves, but they really slammed against the waves!

Do you tease us? !

They are also incredible, what is going on?

Is it the childcare that Shen Lang is looking for? Just deliberately acting for everyone to see?

Dong Wenbin stood up suddenly. He was ready to whistle and whistle. As a result, he did not see the scene of expectation. Instead, he changed so much that he couldn't help but drink it directly.

"Hit him! Are you stupid and the brain is broken? Let you kneel down, are you really squatting? Get up and blow him up!"

Under the stunned, his voice was very big, not only the surrounding tables, but also the eyes of students who were sitting farther away.

The boy was also directly stunned, and he did not figure out how to get down. What is Shen Lang? He is very clear that even if a sneak attack is impossible, he may stumble. Only Liu Zhilong's hands and feet may be!

But Liu Zhilong has no innocence with him!

Even if he is unprepared, he can let him kneel down, but he hasn't moved at the side, and it's impossible for God to know nothing about it.

"Very good, feel the sincerity of your apology, and reward you with a bone!"

When Shen Lang spoke, his hand stretched out, and the meat bone of the meat that had just been smashed directly slammed into the mouth of the boy who opened his mouth because of pain and shock.

"Let's be merciful!"

Liu Zhilong was next to him. When he saw Shen Lang's manual, he hurriedly asked for a sentence.

Did not hear the end, he did not know that this is a bone, can only faintly see that Shen Lang is to attack the boy's head, which can be light and heavy.

The words of two people talked almost at the same time, and the boy, at this moment, only felt that the whole mouth was not his own.

From the teeth to the tongue to the lips, the bone that just came over, directly stunned the entire mouth!

His hand was lifted up~ ~ There was a bone in his mouth, so he was lying on the ground, so that the nearby students could see it like a dog...

“Thank you!”

Liu Zhilong saw this look and knew that it should not be a big problem, but if the teammates continue to entangle and force the shots, they may be paralyzed!

After he finished speaking, he quickly raised his hand and made a gesture. He had just eaten with another boy from the school team. He found that he was not in the right place. It was just that the person did not understand the situation. He did not respond to him. Now he called the two together and left the person on the ground.

As soon as they left, they couldn't be seen. Plus the value of the day teacher found the noise here, is coming over, everyone is rushing to eat.

However, everyone who saw a scene in the neighborhood couldn't help but talk to the people next to him. Many people turned to look at the waves.

“It's a **** of a ghost! It's clear that you want to beat someone, how can you let him squat down? Let him eat bones and eat bones?”

“Isn't it a childcare act?”

“How is it possible to let you kneel in public and eat bones? Are you willing?”

“Also, how much is it?”

“And you haven't seen Dong Wenbin's reaction? It's clearly...hey-!”

“And Liu Zhilong, it seems to respect the Shenlang. It's weird!”

Of course, Dong Wenbin did not dare to talk about him, but he still looked pale.

Just that weird scene has made him very upset. After jumping out and yelling, let everyone know that he is instructing.

Shen Lang still fed a bone like a dog, and the person he was looking for did not have any resistance!

This time, although he did not directly hit him, he made him feel badly face! Compared with yesterday morning, this is a face loss in public!
