Chapter 143 - When the face is smashed

Zhang is uncontrollable, and the other two policemen follow the hands, but no matter what the punches and kicks, it is a little skin injury to Mo Bai.

And Mo Bai young, although inexplicably suddenly beaten, still will not fall down. Rebellion is not very likely, so it is a slap in the face, let yourself run away and say.

I didn't expect Zhang to be knocked over at the end. This was to open a gap, let him rush to the direction of the elevator, and smashed Xu manager, let him block the back.

Zhang is their boss. The two policemen are of course looking at him first. I didn't expect it to be a big spurt of blood. I immediately scared them!

"Don't let him run!" One of them hurriedly called, and then said to Manager Xu: "call an ambulance!"

Originally, I wanted to look at Zhang's situation, but looking at this situation, the guy is not simple, so they rushed together and rushed over.

Under the warning of loud screaming, he held up and smashed it at the elevator mouth, and then took the man back to see the situation of Zhang.

When they were in chaos, Shen Lang had closed the door.

"This... is this your ghost?"

Zheng Yumeng felt very incredible. Just two people were together. She did not see what Shen Lang did. But if it is a coincidence, how can Shen Lang just let her go out to watch the movie together?

"A little trick, you can do it in the future." Shen Lang said faintly.

“Really?” Zheng Yumeng was a little excited.

She didn’t want to understand how it was done, of course it felt very amazing. Just a few people have made her very angry, can rectify the wicked tricks, she can not wait to learn immediately.

“Pick up things.” Shen Lang interrupted her fantasies.

“Pack up things? Why?” Zheng Yumeng is puzzled.

“You still want to live in this hotel?”

“Yes, yes! I don’t live here, it’s too bad! Actually say me, say me...”

Zheng Yu dreams a red face, busy to pack things.

Shen Lang’s knowledge of Zhang Shuzhen’s control is only a guide to make them confused. As long as the white counterattack hits Zhang, the energy he injected will be attacked in time!

Mo Bai was jealous of three people. If he was really beaten, Shen Lang would let him get to Zhang.

Now I paid attention to the situation outside. One of the two police officers is on the ground, and the other is checking the situation of Zhang. Xu is on the phone.

When Zheng Yumeng packed up the good things, Zhang had already moved down with the help of the hotel’s security guards, and Mo Bai was also taken away.

The scene just happened in the corridor where there was monitoring. Several of them also saw it. Zhang was seriously injured by Mo Bai. Even if they feel very surprised, they can’t connect with them.

“You are really amazing, tell me how to do it well? Teach me how to do it?” When I went downstairs, Zheng Yumeng was still begging for Shen Lang.

Shen Lang and her went to the lobby, let her go to check out, then the phone called a car, and then directly back to Yuefu Garden.

When they came out of the lobby door, the ambulances and police cars arrived, and they took Zhang and Mo Bai to the car.

Mo Bai insisted on not getting on the bus and shouting for help in one direction: “Tian Ge saved me! It is not my business, it is his weakness, I have not treated him! Save me!”

Shen Lang stopped for a moment and saw a car that had just come over. There were two people down. One was Mr. Chen who had seen it in the morning, and the other one was Tian Jingwen.

This game was Tian Jingwen on the phone, and he himself rushed over. Originally, according to the plan, this time it should be Zhang, they took Shen Lang and Zheng Yumeng. After he arrived, he directly took Zheng Yumeng out and acted as a hero to save the United States.

Then the same excuse can not be used for this hotel, she will be taken to his house, or other arranged hotels to live. Zheng Yumeng under the horror, his life is not familiar, and he can only ask him to fish, so he will give him a lot of opportunities.

I didn't expect to just come over and saw this scene. Mo Bai was shackled, Zhang vomited blood and coma, and the other two police officers were panicked and could not reach him at this level, so they did not know what happened.

When the two of them came over, they quickly saw the status quo. Before they understood the situation, they did not go forward. They were pushed into the car and then they saw Zhang. An ambulance.

“Miss Zheng!”

Tian Jingwen has no fierce reaction, and the focus is still on Zheng Yumeng here. The situation is not the same as expected, he must use it right away.

As he greeted him, he quickly looked at Shen Lang and looked at the spoiler who did not know where it came from.

“Mr. Tian.” Zheng Yumeng reluctantly kept polite and made a greeting. When she packed her bags, Shen Lang had already told her about this situation, letting her understand that this is not a simple pursuer.

“Is this something going on? I seem to see Mo Bai?” asked the name of Chen, who looked puzzled.

Zheng Yumeng hasn’t spoken yet. Shen Lang first said: “It seems like a stupid, called the police to the whole Zheng, but because it is too stupid, I forgot to tell the police that Miss Zheng is a foreign passport, and they did not dare to move...”

This is the case, the faces of both of them are very ugly.

“It seems that Mo Bai is also a group of fools. When I look outside, they go out and swear. If you are desperate, you will seriously hurt people. Yes, Mo Bai seems to say that the big fool is Tian Jingwen, with Are you home?”

When Shen Lang said this, his eyes fixed on Tian Jingwen’s face.

Such an act of “in the presence of a monk and a vulture” directly caused Tian Jingwen’s face to twitch, but he still resisted not coming out and the surname Chen who followed him could not control it. .

“Fuck! You are a big fool, who is stupid? Believe it or not, I will kill you!”

He is a younger brother, the boss can bear it, he must jump out to be loyal.

“Which silly are you?” Shen Lang squinted at him.

This disregard of attitude, so that the surname Chen can not help, striding forward, directly punched the face of Shen Lang’s face!

In Pingxi City, let’s not say that there is Tian Jingwen. If you play personally, he can settle himself. It is nothing.

“Hey! What are you doing?” Zheng Yumeng was taken aback and was busy yelling.

Shen Lang is waiting for his fist to come, which in his eyes is like a punch for a baby. As he approached his face, he shoved his hand and pushed his elbow.

The surname Chen’s eyes were about to hit the Shen Lang, and he smiled. He didn’t expect the arm to be uncontrollable. He saw his fist turn in a direction and went to the side of Tian Jingwen’s face!
