Chapter 144 - Specialized nose

This is the best five-star hotel in Pingxi City, and the consumption grade is doomed to be incompetent. However, the choice of Pingxico luxury hotels is far less than that of big cities, so there are quite a few guests.

Now is the time just finished eating dinner. Some guests come back from the outside and have to leave for dinner at the hotel. It is a time for more guests.

Just stopped the police car and ambulance at the hotel entrance, obviously an accident, many people in the lobby, the door to see the lively.

Not to mention the manager Xu before, it was the whole process and the security guard to help, so that he did not have time to appease Zheng Yumeng. The two sides will be sent away and they will still be implicated.

When I was depressed, I saw Zheng Yumeng and they checked out and saw Tian Jingwen coming over.

In his experience, of course, I quickly understood what it was like, and realized that since it was involved, it was not that he was able to settle, and he was killed by the side.

In the room before, Shen Lang's handling of Zhang's ethics was very good for Manager Xu. Now I feel that it will not be handled so easily, but I also hope that it will not be too big.

The result didn't wait for two minutes, and I heard that a wave of "big stupid" directly slammed into Tian Jingwen, which made him very helpless and felt that things would be even bigger today. Look at the crowds around and watch the crowds, all of them are very excited, not too big, just want to dispel people can not do.

When the surname Chen was on hand, Manager Xu sighed and felt that Shen Lang was going to be beaten today, and it is likely to be white!

Others who watch the excitement are more excited. They don't understand the cause and effect, no matter who is right or wrong, just watching someone fight, it is enough to be excited. This is not a drama that can be seen every day, let alone at the door of a five-star hotel.

When Tian Jingwen saw that his fist was about to fall on the face of Shen Lang, he also snorted. They were in the guest room for a long time, obviously it was always doing that. This is equivalent to grabbing his head soup!

He wants to get Zheng Yumeng to the hand. On the one hand, he is beautiful, and on the other hand, he has a strong business background. So no matter what true love does not really love, this is very helpful, and it is very helpful to him.

Now it's not a normal cut-off, it's not a general cut-off. It's just a "hate of wives"!

He is not directly involved in his identity, and he does not even dare to signal the younger brother to do it. Now that the surname Chen has started, he certainly will not stop it.

Just when everyone looked at the fist to hit the face of Shen Lang, when Zheng Yumeng was nervous and wanted to pull the waves away, there was a side that surprised everyone!

Shen Lang seems to just push and pull it, and the fist in front of him is actually staggered through the arc. This is still nothing, but I still can't stop the fight on his own face!

Others just saw that the surname Chen was personally felt. Just after this, the strength and speed were far better than those before him, so that he could not hold his hand, and there was no time for the police.

So he can only watch, his own punch, directly hit the nose of Tian Gongzi!

When he punched out, everyone was watching, and it was a lot of excitement. I didn't expect a reversal. Of course, it exceeded everyone's expectations.

So many people can't help but exclaim, even more can be considered cheers!

After all, in addition to the reversal of the results, there is a beautiful ***** the side of Shen Lang, who can pull the same feelings.

When Tian Jingwen found out that it was wrong, the instinctive wanted to dodge, and this was done, but his head was only a slight movement, and he had already punched a punch.

This punched the ground and directly made him feel a dazzling gaze and staring at Venus. Then I felt the soreness of the nose that could not be said for a while, and then the liquid flowed out of the nostrils.

“Tian, Tian Ge... This is not my business. It is really not me. I didn't mean it. It was this guy who pushed me...”

The surname Chen's eyes looked at the nose of Zhong Tian's son and almost cried.

In addition to the severe dizziness, Tian Jingwen is also depressed and dying!

This is in his territory. He originally intended to show his great energy to Zheng Yumeng. Now he is not only unsuccessful, but he is being beaten by his own people in front of so many passers-by!

This is the best hotel entrance in Pingxi, not to mention the whole city, at least some of the identity will know. If you don't immediately get your face back, will you still have a face?

In order to make himself awake, Tian Gongzi took a deep breath... but he felt the back of the nosebleed, almost squatting, and quickly wiped the nosebleed with his sleeve.

“You, you are looking for death! Even dare to yin me!” Surnamed Chen has turned and faced Shen Lang.

This time, he moved to Tian Jingwen, thinking that if he was pushed again, he would not be able to make a turn at 180 degrees. He was also prepared. If he was so surprised, he would let himself fall to the ground. !

He shouted and reached out and waved his fist, but it was just a sham. The real thing was that he kicked the ball under the waves!

How could this little trick get into the eyes of Shen Lang? He simply lifted his foot and kicked it, kicking the calf from the first step from below.

The surname Chen is not a master, but the squat leg that directly kicks the squat, or everyone is exclaimed. Everyone knows that the man is very fragile. If he is kicked, even if he does not become a eunuch, it will be an egg. It hurts very much.

In comparison, Shen Lang's foot was understated, and everyone even thought that he would not be able to kick that foot.

But the situation that appeared in front of everyone was to make them stunned!

Under the bottom of a kick actually with the calf as a fulcrum, the whole person surnamed Chen kicked back and fell out!

Although he was in front of Tian Jingwen and even prepared himself for his wrestling, he did not expect to fall back like this, only to scream, and he could not grasp anything with his hands.

Then he felt a pain in the back of his head, as if he had hit something. Haven't fallen yet, it can't be hitting the ground, then this is...

Other onlookers saw it clearly. His hindbrain seemed to be aiming at the same, and he was directly on the face of Tian Jingwen. Needless to say, the direct force is the nose that comes out on the face.

Tian Jingwen is depressed and burst!

He was originally trying to do it himself. When he saw Chen's first shot, he wanted to observe it again and see if Shen Lang was an extraordinary warrior. I didn't expect it to be taken over.

This time he also raised his vigilance and found that he was not rushing to dodge, but he was still too late, and his nose was hit by a slap. Originally just wiped a little nosebleed, more DC...
