

## First Strong 146

Chapter 146 - Looking for the door

“What is the situation?” Shen Lang came down from the stairs and asked directly.

In the living room downstairs, Yue Baichuan Yue Bailun brothers, as well as the current owner Yue Gang, and Yue Zhen Nan, who is familiar with Shen Lang.

These are not the most important of the Yue family, but the most familiar. At first glance, it's time to say hello, but it's obvious that there is something to discuss.

“Mr. Shen.” Yue Baichuan, they all got up and said hello to Shen Lang's respectful greetings.

“Lang brother, you have no information for almost a day. We all worried about your accident before.” Yue Zhennan smiled and went forward. “Of course, with your strength, there will be no accidents. I am afraid that I will encounter something that will make you troublesome.” “”

Shen Lang glanced at them: “You don't have to circle, what can you say directly!”

Yue Zhennan is a bit awkward and wants to say something. Shen Lang said directly: “Say!”

“For me!” Yue Gang coughed: “Sir, did you meet someone who didn't open your eyes today and offended you?”

Shen Lang nodded directly.

He is even more awkward: “It seems that we guessed it...” He quickly said the details.

Tian Luning is the deputy mayor of Pingxi City. This time, the Super Wu Heroes Association, although it is a very small scope, but the government's top management also knows, but also has ventilation, he is the government's leading representative.

Today, before the Yue family's banquet, there was another meeting, which was hosted by Tian Luning. Tonight's banquet, he is also one of the VIPs.

At the time of eating, Tian Luning received a message. Someone sent a video on the Internet, saying that the son of Vice Mayor Ping Xitian was bullying the male tyrants. When he started to beat people, he stunned himself on the pillar.

Tian Luning was very ugly at the time, and immediately arranged the secretary to deal with the bad effects, and contacted his son to understand the truth. At that time, Tian Jingwen was in a coma. The surname Chen was guarding at the side. After receiving the call, he was crying.

Under his exaggerated description, Tian Jingwen was severely injured and stunned by the haze, and his nose was so swollen that he was so big that he was sent to the hospital for emergency treatment!

When the baby son had an accident, Tian Luning couldn't calm down, and he asked the cause and effect. The surname Chen certainly does not say that they are entangled and mean, but only because the girl is a foreign girl, and the local is a young man.

Tian Luning immediately called the city bureau personally, let the arranger investigate and see what is going on, the Pingxi City, which is soaring and sturdy, must not allow such a mob to exist!

Because the emotions are difficult to flatten, and I am afraid that I will not say hello to some other VIPs, Tian Luning took the initiative to say this in a self-deprecating manner. By the way, please help us, saying that the perpetrators are likely to be a superb warrior and need to use the masters. help.

Someone answered at the time and felt that it was just a small matter.

There are several associations in Yuejia. In Pingxi City, I couldn't give the deputy mayor of Tian's face at all, but I couldn't know how to be sinister, and I was too old. They first thought of Shen Lang!

Yue Gang also sent information to let people know about the investigation, look at the pictures and videos that have been exposed on the network, and arrange people to go to the scene to investigate.

After the dinner ended, he had already collected a lot of treatment. By getting the hotel surveillance video, it is basically confirmed that it is Shen Lang.

On the way back, they have already negotiated. The good news is that from the point of view of monitoring, basically Tian Jingwen, they are provocative, Shen Lang is just dodging, and even no hands, no left any handle. Of course, they are very clear that Shen Lang wants to shoot, that is, ordinary people can not see the scene, let alone the camera across the distance.

The bad news is that this information, deputy mayor of Tian should have also got it, but under the injury of his son, he may not be able to calm down.

So after they returned to Yuefu Garden, they immediately came to Shenlang where they lived and wanted to discuss with him.

“Just like this?” After listening to it, Shen Lang asked a little.

Yue Gang is a bit shameful, what else to do, in the end, Tian Luning is now the deputy mayor of real power. The resources that can be used are very large. Even if Yue Baichuan still has a face, he needs Shen Lang to make a little concession.

“Tian Luning’s son, the reputation is very bad, everyone knows this. We know that he absolutely offended you, now I am afraid that he will be a little out of control.” Yue Gang carefully worded.

Shen Lang slightly sneered: “He can come to me, but it’s all right. He is out of control, hehe!”

Yue Gang secretly cold sweat, it seems that Shen Lang is not willing to bow at all, if you really want to come hard, the consequences will be more troublesome.

The Yuebaichuan brothers also exchanged their eyes.

After the last time, their Yue family was tied to the chariot of Shen Lang, and they were all devastated. They certainly hoped to handle it satisfactorily.

Now that Shen Lang is very tough, they must be prepared. After Tian Luning is in a state of rigidity, what losses will be there, or at what level of cost can be reached.

“Mr. Shen, let me say a few words.” Yue Baichuan is also very respectful of the sorrow of the life-saving grace, even if his age is smaller than his grandson.

“A Tian Luning is nothing, my old face can still let him sell a face. The most fear is... Tian Luning’s wife’s family is a self-cultivator. This is also the representative of the government who can participate in the supervision of this super-wu hero. The reason for the meeting... I don’t know how his son was hurt?”

“It doesn’t matter.” Shen Lang said faintly. “If he comes to me forgiveness, he can let him come to see me. If it does not affect the Yue family, I can’t live here.”

“No, no, we absolutely don’t have this meaning. What is your relationship with our family? What is the deputy mayor of Tian?” Yue Zhennan said quickly.

Yue Gang also busy on behalf of Yue Jia’s statement: “Yes Mr. lived here, there is no influence that does not affect, we are our own people.”

“Good. I have a friend who temporarily stays here and may leave soon.”

Shen Lang knew that he had already reported to them long ago, but he took the initiative to mention it.

“Then we will not bother, specifically about the super-wu heroes, let Zhennan chat with you.” Yue Gang and Yue Baichuan, they will leave.

With Yuezhen South left, the atmosphere eased a lot. He immediately laughed and said: “Tian Jingwen, the kid I know, very arrogant, I have long wanted to beat him, but I used to beat him, but you also let me Out of breath!

“I heard that you brought a beautiful woman back? Is it a flower-protecting shot?” Yue Zhennan showed a tacit smile and raised his thumb.

Shen Lang did not return to him, but moved his fingers. “Ready, the deputy mayor came to the door.”

“Really and fake?” Yue Zhen Nan Yi, although I have seen the extraordinary strength of Shen Lang, but “ is still amazing.
