

First Strong 148

Chapter 148 - Ask me

Yue Bailun is only in the early days of the Yuan Dynasty, and it is an irreparable difference in the face of the monks in the middle of the Yuan Dynasty. Yue Baichuan was in a coma for two years. He woke up and nursed for a month. Although he was still a monk in the Yuan Dynasty, it was more important to be a secular identity. The strength was really stubborn.

In other words, the other party can see that one of the Yue family can play!

Before Yue Baichuan's assessment of Chu Yuncheng, he thought that he was in the middle of the Yuan Dynasty. He also praised the Chu family as a giant. The younger children were stronger than they were for decades, and that was the difference.

And now it seems that Chu Yuncheng should be a monk in the late Yuan Dynasty!

Tian Luning was originally inconvenient to tear his face directly with Yue Jia, so he still has been holding back, but now it is different. The posture of Chu Yuncheng, let him straighten his waist, isn't it an old weak Yuebaichuan?

"Yue Baichuan, I have given you a lot of face, but you don't put me in your eyes at all, don't put the Chu family in your eyes, I ask you what you want!"

Yue Gang's face was iron blue. Before Tian Luning's mouth was called Yue Lao, he now directly called his father's name, and he still pointed his finger at the nose!

However, he could not speak. As the owner of the Yue family, his identity and the forces he could use were hard-topped by Tian Luning, the deputy mayor. But because of the identity of the owner, let him face the strength of Chu Yuncheng, had to hold back.

endure!

Even the father can only endure, Yue Gang can only endure, this time he must first do the responsibility of the owner, suppress the father's anger. Just sinking his face and looking at his son in the past.

Seeing to crush the Yue family, Chu Yuncheng glanced around and said to the upstairs: "Isn't it still coming out? Is it necessary to let Yue Baichuan kneel down?"

"The deceit is too much!" Yue Bailun could not restrain it, and opened the hand of Yue Baichuan and marched toward Chuyun City.

Yuejia is a family with a head and a face in Pingxi. It is a weak show for Ye Family, Daxuanmen, Linghequan, etc. It is also active. It was only a month ago when it was deceived, but because of the existence of Shenlang, A proud battle.

He did not attack the Chuyun City sneak attack, but he wanted to go forward to the theory. So everyone is a self-cultivator. Chu family might not be able to deceive people like this. It's already too much to hurt Yue Zhennan's shot. Forcing his brother to kneel down!

However, he just took a step, Chu Yuncheng waved back and forth, immediately a gravity attack on his knees, let the unprepared Yue Bailun, directly fell to the ground!

"you-!"

Yue Bailun did not care if he could play, and he wanted to get up and fight back. But at this time, I saw that I was firmly suppressed by a force, as if I were carrying a thousand mountains, I had to fight with all my strength, or I would be overwhelmed at the moment.

"What do you count?" Chu Yuncheng sneaked a smile, reached out and took a shot, a strong temperament, directly rolled up the painful support of Yue Bailun, and directly fell out.

"Chu Gongzi! There is something to say, our Yue family and Chu family can have no grudges." Yue Baichuan said quietly.

Seeing that the grandson and his brother were defeated, I still don't know how the injury hurts, and that Yue Baichuan's mood is very heavy. But he must control his emotions, otherwise it is likely to be the day of the fall of the Yue family!

Chu Yuncheng did not look at him, but still spoke to himself.

“Do you want us to wait for half an hour? Yes. I have the patience to wait, but every minute I kill the Yue family, I see if you have the patience to force it!”

When this was said, Yue Gang, who was holding his son, trembled, and Yue Baichuan shivered.

In normal terms, even if the Chu family has such strength, it is not so dare to be so ruthless. But this Chuyun City is just a young man. There is no Chu's elders here. Tian Luning can't count anything in his eyes, just like he has just smashed Yue Zhennan and Yue Bailun.

Not to mention them, it is Tian Luning, and it is also a shock. He is the deputy mayor. If he makes such a big move in Pingxi, he will be greatly implicated!

But he immediately thought that Chu Yuncheng should not be true, just to force the murderer out.

“Get out!” Tian Luning sighed and said: “If you are a little bit of strength, you will seriously hurt ordinary people. Now, if you face the real strong, will you dare to show up?”

They came in for a while, and the waves were on the top. They were completely familiar with the movements in the living room.

The resentment of Hetian Jingwen is because Zheng Yumeng, they set up a bureau to let the police arrest women tickets. If this is only the second generation, Shen Lang is on the spot. Under the dark hand and intentionally fermented, it is to give Tian Luning a Mawei! As a parent, the son is bullied and the female is much more serious.

So just now, the gods sensed that Tian Luning had come, and let him wait for half an hour to talk.

However, Shen Lang's estimate of Chu Yuncheng, a young man who came to the same place, was not enough. I did not expect this to be a comprehension with weak strength, and I did not expect such a strong position.

With the strength of the Yue family, it was originally able to withstand the pressure of Tian Luning, but now Chu Yuncheng's unruly rules make the situation chaotic. If he does not come out again, the Yue family has more deaths and injuries, all because of his relationship.

Now that I feel the strength of Chu Yuncheng, I can't let him disturb the cultivation of Zheng Yumeng.

When Tian Luning finished speaking, Shen Lang had already appeared on the stairs.

As soon as he appeared, everyone's eyes gathered on his face, and the atmosphere was once again tense.

"Miscellaneous things! What have you done to Tian Jingwen? If he has three long and two short, I will make you die very badly, and will let you sit in the bottom!"

The moment I saw Shen Lang Tian Luning has laid down his official status and turned into an angry father. I have just threatened and started to work on the Yue family, and there is nothing to worry about, directly roaring threats.

Will let him find the foothold of Shen Lang so quickly, and regardless of the impact personally rushed to the Yue family, of course, not the trauma of hitting the pillar.

In addition to the trauma of the nose and knee, it is not awake. The hospital can only judge that it is a concussion and it takes time to observe. However, Chu Yuncheng did not have the means to let Tian Jingwen wake up. He also found that there was a weird ban, and it was determined that it was overcast.

"Your knees beg me."

Shen Lang's faint opening, did not look at him, his eyes fell on the face of Chu Yuncheng.

"Please ask your mother! Believe it or not, I will arrest you now! Grab your ancestors for the 18th generation!" Tian Luning is in the high position to grasp the real power, that is, the top leaders have opinions, but also implicitly, when is forced by people kneel?

Just now, Chu Yuncheng let Yue Bailun stumble, let him feel very cool and very unresolved. Now Shen Lang let him stumble, but it is to make him angry and anger, even soaring.
