

First Strong 153

Chapter 153 - Passenger order

Yue Bailun's situation is much better. Although it has been delayed for a lot of time, as an old monk, even in a state of coma, the body is constantly self-healing.

Only this process will be quite long. Shen Lang instilled a strength in him, helped him, and immediately woke him up.

"Yue Zhennan is no longer a problem, you don't need me to completely treat it. There is no problem in recuperation for a while." Shen Lang gave him two Lingshi.

Yue Bailun said very embarrassedly: "Mr. Shen, this is not allowed! The old man is incompetent, the Yue family has to lose your care, how can I take your benefits..."

"Okay. Go back, there will be something tomorrow." Shen Lang did not marry him.

"Yes!" Yue Bailun is no longer polite, he just felt a bit, knowing that he was unclear, although there is external force to help repair a little, but in the near future still need a good self-healing, hands-on is also unable to play any strength.

So what he needs most now is to go back to the night for self-healing. With the help of Lingshi, you can make up for the loss, of course, it will be of great benefit.

Just giving him two Lingshi, it is impossible to absorb as quickly as Shen Lang.

"Zhennan is this..." He used to watch Yue Zhennan injured. With the gap in strength, it is conceivable that he will only be hurt more than him. You can see the appearance of Yue Zhennan now. It seems that there is nothing at all, or it is still in the state of cultivation, and there is a clear gap in temperament.

"Shenlang brother has helped him to improve the breakthrough." Zheng Yumeng smiled and helped him verify.

“You are, you are actually...” Yue Bailun just suspected, after listening to it was a big surprise, Yue Zhennan’s level he is very clear, Shen Lang this is to help heal, but also to promote people to return Yuanjing, how powerful this is!

At least this is far from his reach. If he can promote people to the Yuanyuan, then it will cost resources to create a group of comprehensions. The situation of Yuejia is different.

Even if his strength is not enough, then the era of stronger ancestors can not be done!

Shen Lang is so young, the strength is estimated to be at the end of the Yuan Dynasty, and there is such a power!

He had just stunned before, and he didn’t see that Chu Yuncheng, who killed him, was killed by Shen Lang, so he was shocked.

“I didn’t create a self-cultivator. I just helped the breakthrough by my brother, Shen Lang. I created two comprehensions in succession!” Zheng Yumeng raised two fingers.

This words once again shocked Yue Bailun. So, isn’t it possible for Shen Lang to create a batch of comprehensions?

It is necessary to know that the number of comprehensions is also counted throughout the Pingxi area, and it is high above. Just like the Yue family, you also need to offer some extraordinary warriors. But he can directly create the true self, is it not the existence of God?

“More on behalf of the Yue family, thank you Mr.!” Yue Bailun deeply bowed, sincere admire.

He has realized that Shen Lang will definitely not only return to the late Yuan Dynasty, but it is really unfathomable. What kind of realm, and what means, he dare not guess.

Zheng Yumeng is the girl brought back by Shen Lang at night. What is the relationship between specific people? He can’t ask more questions.

It can make it easy for Shen Lang to become a self-cultivator. Therefore, he also respected Zheng Yumeng and then immediately retire. If Yuezhennan is not convenient, he will even bring Yuezhennan out.

“I also thank Shen Lang brother.” Zheng Yu Meng Jiao smiled and also smashed into the waves.

“Don’t call my brother!” Shen Lang said with no anger.

“Hey! You are so young, don’t call your brother, can you call your uncle?” Zheng Yumeng is a little funny.

Shen Lang glanced at it and wanted to say that you have to call the ancestors! However, no one believes in this statement, and it is hard to say.

“You are now a self-cultivator. The so-called returning monk is a monk. After that, you will practice and practice the two exercises that I teach you. Liuyang has no way to learn with your grandfather. There are contradictions. , subject to what I teach.”

“Yes!” Zheng Yumeng saw the seriousness he said, and he was also a serious and solemn salute.

“Living for one night, go back tomorrow.”

Shen Lang said that he went upstairs.

“Ah?” Zheng Yumeng did not expect that he suddenly ousted the order. “I, I came here. I still have a lot of things I don’t understand and I need to ask you!”

“I am not your master, I am not responsible for teaching you! You are not a child, how much you can learn is your own!”

Shen Langtong did not return, throwing her a word directly, went up.

It’s just Tian Luning behind Tian Jingwen. He doesn’t look at it, but now Chu’s Chu family seems to be a bit of a head. Keeping her around is cumbersome.

Zheng Yumeng was speechless for a while, would you be so cool! Where is it like a boy, too much fun?

But one day, she has been deeply impressed by Shen Lang. Grandpa always wanted to let her practice, but did not make much progress. She spent a few hours on her to “pull the seedlings” to the strength of the comprehens.

When she met such a god, and still had a relationship with her own family, she certainly would not give up.

Time is already late at night, but Yue Baichuan, Yue Gang and others can't sleep, and have been negotiating about this evening. Although Yue Baichuan expressed his position on behalf of Yue Jia, it still needs to be recognized by other people.

Things have already reached this point. If there are people who do not agree, they need to leave early and hide overseas or in a foreign land. Because the news must have been passed back to the Chu family, there will soon be movements, and some people will leave, perhaps leaving a trace of blood for the family.

When Yue Bailun came over, they were all surprised. Fortunately, he did not have a big problem.

And Yue Bailun said his situation, they all let go of their hearts, so seriously injured nursed back to health is inevitable, they are afraid of direct fall, or such a serious consequences like Yue Baichuan.

As a father, Yue Gang is still more worried about his son. When I saw my uncle coming out, I didn't see my son. I thought my son's injury was even heavier. Shen Lang was still healing for him, and he didn't ask much.

When Yue Bailun said the situation of Yue Zhennan, it was the shock of everyone in the Yue family!

Shen Lang was able to get through the meridians of Yuezhennan, which surprised them. At that time, he suspected that there was a powerful master behind him. No one else is there now, he is alone.

The treatment of Yue Zhennan's injury was directly treated, and he was promoted to the Yuanyuan. It was a god!

Yue Gang is even more happy! I thought my son was seriously injured. I didn't expect that it was not only safe, but also broke through the realm!

It's Yue Baichuan, and I'm completely impressed. For Shen Lang, the age of seventy or eighty years old, he also felt completely blind.

And Yue Bailun, I heard that Chu Yuncheng, who easily knocked him down, grabbed the slings without any help, and once again admired it.
