

First Strong 155

Chapter 155 - Foreigner's protest

Shen Lang can hear almost all the whispers, Yue Baichuan they can also hear a rough.

After rushing into an office, Yue Baichuan immediately assured Shen Lang: "Sir, the news is not released by our Yue family! Without your instructions, we dare not let the news."

Last night, only Yue Jia and Chu Yun Cheng Tian Lu Ning knew that the Chu family had lost a big face, and certainly would not spread this matter. The more people know, the more they let the Chu family have no face, the more they will let Chu Yuncheng not lift their heads.

Needless to say, Tian Luning, he did not dare.

Therefore, the biggest possibility, this should be the news that the Yue family of the victory party released, in order to create momentum, let the parties of today's Chaowu heroes know that the Yue family is not so irritating, to give the host the respect.

But Yue Baichuan's clarification is very serious.

"You know... We are offended by Chu. We relied on you to turn the tide last night. Without your inspiration, we would lend us a courage and dare not spread the truth of the Chu family." Yue Gang smiled.

Shen Lang nodded: "Since it is not you, it is the other party. But what is the intention of the other party? Or ... Yuefu Garden, there are others undercover, someone deliberately put the message out to provoke!"

Yue Gang could not help but change his face.

The entire community of Yuefu Garden is home to the Yue family, which was originally very reliable. But in such a big environment, it is impossible for the children of Yuejia to be close to each other, like security guards, property cleaning, and so on.

If you want to be undercover, it is impossible to arrange it suddenly last night. It must have been arranged locally. I think that their relationship with the five sects, such as Ye Jia and Da Xuanmen, was arranged to be undercover and it is entirely possible. It may even be arranged a few years ago, a decade ago!

This time, their five martial arts families have swayed and swayed, but deep down, who is willing to watch the Yue family re-emerge? After receiving such a message, it will be normal to release the spoiler.

“It doesn’t matter. If you leak the wind, you will leak it! What about the Chu family?” What about our wind?” Shen Lang smiled faintly.

He was able to abolish Chu Yuncheng’s sword last night, and then sent it back with the spirit of the soul, so he would not be jealous of Chu’s attitude!

“Yes! I will definitely check it out. I will be more careful in all aspects later.” Yue Gang immediately whispered a word.

Shen Lang didn’t say much. This is the trivial matter of the Yue family. He was too lazy to worry about it.

At this time, the doorway remembered the sound of knocking on the door.

Yuezhen South immediately opened the door and whispered in the door.

“Let them come in!” Shen Lang’s knowledge has already been detected, and there is no need to understand and speak directly.

Yue Zhennan opened the door and led several people to come in.

All were foreigners, including those who were injured by Shen Lang the night before.

“Mr. Yue! I am here to make a serious protest to you!” A foreigner is now angry.

“Mr. Robert, what do you need to protest? Is there anything we don’t have at all?”

Yue Gang is a bit helpless. For these foreigners, living habits and eating habits are different. It is normal to have a bad reception. No matter what kind of service in the local area, it is impossible to compare with the big cities in the first line.

This foreigner named Robert said with anger: “We are not far away to participate in the Heroes’ Meeting. We are friends of the Wushu Association and we are friendly to each other! But in order to win, you are a shameless arranger, and we will play our players in advance. Wound! They can’t play now! This is too mean!”

Yue Gang is a bit wrong: “You didn’t make a mistake? Although we have some players involved in Pingxi, we don’t have one in Yuejia. And I can guarantee that we are seriously involved, and it is a great honor to participate in them. I haven’t thought about how many good places to win, and it’s impossible to arrange someone to fight you...”

“You ask him! The murderer is here!” Robert did not say that the latter few pointed to Shen Lang.

Those who could hurt them were originally thought to be the super-martials of the nine-segment. Later, they found that even the master lost, and only the self-cultivator. Yesterday they wanted to find it, but they did not see Shen Lang.

Early this morning, because Shen Lang passed it to everyone, they soon discovered it. So come up directly to protest, beat the fist, then morally, the rules come to complain!

When I first opened the door, Yue Zhennan discovered it. He went back to him and asked his father the night before, but apparently his father did not go to the heart. I just wanted to send them out. Shen Lang asked them to come in and they could only agree. Now they are all accusing the Shen Lang and can’t help but refute.

“Mr. Robert! These dogs are still your players! We bumped into them the night before, but they are indecent guests in the bar. In our city, we are not allowed to bully people by force. Especially the slap Women, in our country, are very ruthless behavior!”

“You, you... you are bloody!” After Robert’s anger, his eyes turned and he immediately said, “No matter what the reason, you admit that you hurt our players! Too despicable, in order to win the black box.” Operation! You are too shameless, I want to expose this to everyone! Cheating!”

He roared, his voice was enough to spread outside, but he was talking, suddenly found that he couldn't speak, and then found that the invisible temperament wrapped himself, and his mouth could not make a sound.

"They don't respect people, why do others need to respect them. It is the athletes who do illegal things, and they will be canceled and even jailed." Shen Lang said faintly.

After listening to Robert took a sigh of relief and found that he could talk again.

This time, he did not dare to be so mad, and said cautiously: "Mr. Dear Sir! You are talking about the rules of ordinary people. Since we are called the Super Heroes, it is out of the ordinary people's category. It's just a small matter, it's nothing."

Shen Lang glanced at the back. The four foreigners, the first black man, the fist was crushed by him. One of them had a punch with him, and the bones were broken. Nothing.

One of them was stunned with a bottle, and it should be fine now. Another one is like playing Chu Yuncheng last night, directly swollen half of the face, and now basically swollen.

"What you said seems to make sense, the strong is respected! The rules of ordinary people do not adapt to the super-wu people..."

"Correct!"

"Since the strong is the respect, you dog things, in front of me, only have to talk about it! Do you dare to scream?" Shen Lang sinks his face.

Robert was surprised and didn't expect to dig the pit and bring himself in.
