

First Strong 157

Chapter 157 - I am not interested

Shen Lang also looked at him like this, which made Yue Zhennan secretly worried.

The strength of Shen Lang is enough, it is too mad. Think about the performance of these two in the Yue family. At first, Ahu really took a life.

However, now that he has offended the Chu family, even if he can abuse the Xieyou, there is no need to offend the family.

“Lang brother, do you want to see the arrangement of the contest?”

Yue Zhennan wants to shift the attention of Shen Lang and avoid the two fights. Who wins and loses is not a good thing. But at this time, Xie You has come over here!

He was immediately discouraged, and it was impossible to walk in the dark. It was scared when he left.

“Mr. Xie.” In the face of Xie You who came over, Yue Zhennan also said hello with politeness. Not to mention the background of Xie’s family, Guang Xieyou’s personal strength can crush him.

Xie You nodded to him and smiled.

“Shen Lang, Xie You, fortunately.”

After coming over, Xie You took the initiative to extend the palm of his hand to Shen Lang.

Yue Zhennan secretly spit a sigh of relief, he was afraid that Xie You was able to hear the words of Shen Lang, come over and find trouble. Now this attitude does not seem to be playing.

For this “failed man”, Shen Lang has no good face, so he just said that he was labeled as a pig. But now that someone else is polite, he can’t say anything.

A simple handshake, and stabbed: "Sure enough, the foundation is good, recovery is good!"

Xie You's face has a hint of embarrassment, which is really too bad! Not only telling others, but also deliberately which pot does not open the pot, satirizing his face.

However, he has learned from Shen Lang, knowing that he is not an opponent. Now he has heard about Chu Yuncheng. It is not a matter of doing things. Simply and generously calmly face: "The main thing is that you are merciful, my medicine is not bad. Of course, the main face is thicker."

"..."

Reaching out his hand and not laughing at the face, voluntarily admitting that the skill is not as good as the person, being beaten by the face is still self-deprecating and thick, Xie You is so gesture, let Shen Lang not good to blame him.

"What's up?"

"Go in and talk!"

Xie You pointed out that he came out of the office. At this time, the external loudspeakers had already sounded a broadcast, suggesting that Robert and others had failed to challenge the comprehension. If they could no longer participate in the competition, they would be disqualified. Someone used to check his injuries.

Yue Zhennan immediately helped them open the door and let them go inside to talk.

Shen Lang looked at Xie You, and did not ask anything, went straight in.

After both of them entered, Yue Zhennan immediately handed two bottles of mineral water, then he first retired and closed the door.

The task that Yue Gang gave him was to meet the comprehensions of the parties and the superb warriors, and the key point was to accompany Shen Lang. So he didn't go to work, he was directly guarding outside, avoiding someone close to eavesdropping and the like.

“I heard that you played Chu Yuncheng last night?” Xie You did not say nonsense, and began to open the door in a joking tone.

Shen Lang looked at him: “What? You want to be his head? You two are not enough to fight me!”

Under Xie Youzhen, I couldn’t help but smile: “You, this person, is not only a problem of madness and jealousy. It is a bit suffocating. I have not offended you, and I have not wanted to offend you. The last time you learned, you won. Why have you been jealous of me?”

“I am not familiar with you, you give foreigners a head.” Shen Lang said politely.

“Okay... I am really unfamiliar.” Xie You shrugged his shoulders. “But for the sake of foreigners, there is a reason. Because they have something to do with our family, so...but it doesn’t matter. You hit them. Hit, I saw that they came to you first, cough! It’s not what I ordered.”

Shen Lang is undecided, he just said directly with Yue Zhennan.

The room is two of them, no one else to reconcile, the cold field is even more embarrassing, Xie You must continue to speak.

From the first sentence, it was pressed by the waves, and what he said was like explanation. This made him feel awkward. When did he encounter this? Everyone who comes here is admired by all parties, except for the predecessors who are highly respected.

“I have heard a little bit of news. I don’t know how to be specific. I don’t want to be a guest for Chu Yuncheng, but it is even more likely to be for him. Although I am familiar with him, I have not reached this level.”

Seeing that Shen Lang is still unmoved, Xie You took a deep breath and began to cut directly into the key: “What do you want to be?”

“What?” Shen Lang was a bit puzzled.

Xie You looked at him carefully. He was not confused. He had to explain: “You moved Chu Yuncheng last night and just injured several foreigners in public. These behaviors indicate that you want to control. This heroic meeting, so I want to ask, what is the result you want?”

After finishing the helplessness, I added: "I don't want to be your enemy, so first ask about it and avoid misunderstandings."

Shen Lang slightly frowns, it seems that not only the general sound of the wind is added to the vinegar, it is Xie You has a background, but also try to figure out his intentions.

"There is no special intention. Since you have inquired, you should know that Chu Yuncheng's business is due to Tian Luning's son Tian Jingwen. If you don't say it, you can think of it with your intelligence. These foreigners just happened to be hit by me. Just now they are trying to pressure me, don't blame me."

It's rare to explain it to Shen Lang. Although Xie You still has some doubts, he is also relieved. If you don't want to do things in a hero, he doesn't need to pay attention to that much.

"That's easy, we have no special purpose." Xie You smiled. "However, I personally have a purpose now."

Shen Lang opened the mineral water to drink water, did not pick him up.

Xie You sneaked can only continue to say: "This private purpose is to make friends with Shen brother. Frankly, your strength makes me impressed!"

Any time, any circle is the strength of respect!

If Xie You abused him at the time, of course he would be dismissive of him and his strength would be recognized. The performance of Xie You also shows that he is not ordinary.

Light friends are not as good as their friends, it is the best person. The average person will choose a circle of friends who are quite similar to themselves, and those who have the ambition will make better people than themselves.

Xie You is such a person.

Shen Lang bluntly returned to him: "I am not interested."

“...” Xie You once again stunned. As a young talent of Xie’s family, many people like Bajie hope to know him. He took the initiative to make friends, and he was dear to others, not to be flattered, but also happy to accept.

Shen Lang is good, and he will not give him a direct face!
