

## First Strong 158

### Chapter 158 - Chu family

After a while, Xie You laughed and laughed at himself.

“Yes, I am your defeated player. It is not qualified to be friends with you. However, you will refuse, I completely expected it. This is the style of Shen Lang, if you readily agree, let I am surprised.”

Shen Lang took a sip of water and looked at the time again.

This is already an implicit order-by-customer order, but Xie You seems to have not grasped it, and still maintains the enthusiasm of actively talking.

“I am definitely not as good as you are, but I also have some advantages. If you combine it and make friends with you, you should be considered qualified. But you are right, no interest. Then let's talk about something interesting. Do you have any interest in the Chu family in Chuyuncheng?”

Xie Yu threw a condition, his eyes fixed on Shen Lang's face, trying to capture a useful piece of information from above.

The news of last night has spread a lot, and there have been a lot of variations, which may not be the same as the ones that came out at the beginning, and may not be the same as reality. Even different people have heard the version has been biased.

However, Xie You has carefully analyzed it. The specific situation does not matter. The meaning of this matter alone is the key.

According to the information of the investigation, the background of Shen Lang is very simple. It is the character from a county in Pingxi. It has only suddenly emerged in these few months. It seems that there is no such thing as a background.

If this information is correct, then his hands on Chu Yuncheng should be the reaction under the wrath, but not necessarily the careful layout of the Chu family, but also the impulse to understand the Chu family.

He kept himself a sincere smile, and no doubt he would know more than Yuejia.

“Not interested in!”

Shen Lang pointed to the door.

Xie You couldn't help but smile, and he still felt the right medicine. Although he still suspects of selling Chujia information, he believes it is worth investing. I did not expect that Shen Lang is simply not oil and salt!

So he is not good to continue to sit here, and directly went out.

This office is basically prepared for Shen Lang. Some people with identity have arranged separate lounges. By the time the game begins, they can go directly to the outside corridor and see the contest below.

After Shen Lang sent Xie You away, he cultivated himself.

From day to night, he barely had a break. First, help Zheng Yumeng disperse the foundation of cultivation, and adjust the body of pure yang. After passing on the merits, she took her to practice and pushed her to the Yuanyuan.

Later, he was seriously injured in Yuezheng, and was sent to Guiyuan. Yue Bailun's strength was still less.

Because he used Lingshi to make up for the consumption, his own vitality has not been greatly affected, but the whole process has also made him quite tired.

Now come over this super-martial hero, it is not necessary for him to be a judge, and he is not interested in the performance of these high-level super-wu people. The essence is to support the scene for Yue Jia. When people arrive, they will be fine.

In fact, because of the incident in Chuyun City last night, and the fact that I had already ruined the five extraordinary warriors, it was already a great downroar. At least no one else dared to make trouble here.

After Xie You left, Yue Zhen opened the door and looked at it. When Shen Lang was practicing, he quietly retired and continued to guard outside, not letting anyone be disturbed.

The Super Wu Heroes will be the stage where the extraordinary warriors will emerge, but they will not be the scene of your death. After all, after all, this arena is a potential vanity fair!

Whether you are looking for a big backing, or you are arrogant, the purpose of promotion is to make a name for yourself. This is not the same as the general sports competition. The high-level extraordinary warrior contest is very easy to be seriously injured!

If you want to make a name for yourself, you must step on the top of others. But at the same level, no one can guarantee that they will be able to crush others. It's not easy today, and it's not worth the disability. Even if you get the first place, you may not be able to see the disability.

Therefore, basically the competition is all up to the point, it will not be a deadly fight, showing your strength and potential is the most important. This is not a nine-segment, it must be more attractive, and potential is more important than strength!

Like Ye Jia, who has played against Shen Lang, Ye Shiguang is a nine-segment, but it is already old. Even with Lingshi, the goal is to break through. Although Ye Fan is a seven-segment, but at least 20 years old, the potential is much more than Ye Shiguang.

Because of this, the process of the game is very smooth, there is no wrangling, and even the grace, character, etc., will be one of the qualities that one person shows.

This has no gains for Shen Lang, but it is different for Yue Zhennan. Yue Zhennan is still a newcomer in the field of comprehension. Yue Baichuan's Yue Bailun brothers now focus on cultivating him. In the end, time is limited, and their experience and experience are still very limited.

Looking up at the competition in the upstairs corridor, the Yuezhen South, which has just broken through the Yuanyuan, is a very vivid demonstration class.

Yue Zhennan is also very cherished. He is very clear that Shen Lang helped him last night. It is already done right. If you still want to continue to be friends, relying on him and even the Yue family to help Shen Lang is very limited. He must accelerate his progress and cannot keep up too far.

And such specific experience is impossible to let Shen Lang teach.

One day, Shen Lang did not come out to eat, Yue Zhennan did not let other people disturb him, Chaowu hero will complete the first round of the three rounds of the knockout. The remaining two rounds will be decided tomorrow.

According to the itinerary, everyone continues to live in the resort. If you want to live in a private place, a friend's house or an urban hotel, it is also allowed. It is just a waste of time. The players almost always choose to live here. Of course, the eliminated players want to leave early is also possible. Shen Lang to stop training in the evening, but did not participate in Yuejia's dinner for other comprehensions. It is to let Yue Zhennan arrange another small private room to eat alone.

Certainly someone is arrogant and arrogant, but he will not pay attention to it. Even Xie You, who has taken the initiative to accompany his smile, will not give face, let alone other people?

Yue Zhennan is one of the 15th and 10th reports of today's various situations, focusing on Tian Luning also appeared! But I didn't look for Shen Lang, and I didn't look for Yue Family, as if nothing happened last night.

"But I don't think it's right. Tian Luning didn't come to you again. Someone must have given him confidence. Chu family is expected to come!" Yue Zhennan whispered his own analysis.

"It's already here." Shen Lang did not stop eating, simply said one sentence.

"What? Langge, you mean..." Yue Zhennan was taken aback.

He predicted that someone will arrive at the Chaowu Hero Club here tomorrow, but he did not expect that Shen Lang actually said that he had come. The "unknown prophet" of Shen Lang last night was verified.
