

## First Strong 164

Chapter 164 - Scum!

The crowds on the scene are preconceived and think that the Chu River is at least one level higher than Shen Lang. Therefore, for the wolverines who are just now, they feel that they are underestimated and underestimated. Now, if he hears his words, he fully believes that he will really let him There is nowhere to escape from the waves.

However, this time it is a super-martial hero, and it is a contestant who comes to the competition. Even if it is finished, there is still blood. Shen Lang occupies a slight advantage, how can he admit defeat?

In their hearts, they are all eager to see that they will continue to fight. The more intense they play, the better they will be.

The Yue family (including a group of local super-armed soldiers who are given a quota for the Yue family) hopes to be peaceful. This is a settlement solution, and everyone is replaced by negotiations, which is the best result.

But even if it is Yue Baichuan, I dare not speak. I know that it is impossible to be peaceful.

Xie You was hesitating. Shen Lang's performance was better than he had imagined. At this time, he was guaranteed by Xie's identity, which might give Chu River a face.

But this is not his personal ability, and he can't afford the consequences of the family. Plus, I also want to see how Shen Lang faced it. If I was threatened, I would give in and I wouldn't speak.

Just when everyone's eyes gathered on Shen Lang's face, he found that his expression had been ridiculed and stunned, and it became very gloomy!

"Chu River! Originally I was very impressed with you, thinking that I will leave you a face, but you dare to threaten me! You will pay the price!"

This is a sigh of relief.

Everyone thinks that Chu River just puts a swearword, even if the threat is nothing, even let Shen Lang anger?

What is even more funny is that the Chu River is more powerful, and the weaker actually threatens stronger.

“You don’t regret it!” Chuhe said coldly, and then he said: “The consequences of that girl will be for you! You can avoid it if you cooperate! Besides her, There are all the people in the Yue family, and your parents in the country... If you don’t cooperate, they all have to die!”

The scene was dead, and then suddenly rose!

Chuhe began to feel a bit wrong...

“Chu family is too shameless! Insidious and shameless! It is simply a scum!” Yue Zhennan roared.

This voice was heard by everyone, but no one followed suit. After all, no one dared to offend the Chu family.

Yue Baichuan sighed: “Today, so many heroes are witnesses. The lives of all the people in our Yue family can be used to threaten Mr. Shen in the eyes of Chujia Gaoren. Good prestige! Good domineering!”

The face of Chu River has changed dramatically.

He just had a secret voice on Shen Lang, and this will definitely not be overlooked, but everyone has heard it!

“Who is doing me?” He screamed and faced a group of people like Xie You and other comprehensions.

The sound can be transmitted directly into the target ear, which can not be heard by the side. It is absolutely a high-level spell that can make this sound for everyone to hear. It is not an unruly newborn calf that Pingxi can know.

He suspected that there were other people on the scene who discovered it, not to help the dark waves, but to take the opportunity to make him ugly and hit the Chu family!

Xie You and others all secretly frowned, but in order to avoid intensifying contradictions, they did not say anything, and even did not explain.

Chu Chu's careful look, they all see clearly, to make sure that these people are not as good as him, even if they have the heart to destroy, it is difficult to have this strength.

This is of course the masterpiece of Shen Lang!

When the Chu River threatened him with Zheng Yumeng, he had already fired the real fire. Directly warned that, sure enough, Chu River continued to pass the voice to threaten him.

Under the preparation, Shen Lang directly rumored him into a secret, and when the sound came to his ear, it spread again and let everyone hear it. But because of the change in the way of communication, the Chu River was concentrated in the evening, but he did not feel surprised.

Zheng Yumeng, who knows only one day, has already let Shen Lang move the real fire. When Chu He says the Yue family up and down, when he says his parents, he already has a killing!

When I heard the Chu River's voice, all the people understood that the "threat" that Shen Lang said was not the threat of "moving the truth" that was spoken orally.

Everyone was shocked, and with the abnormal voice, they talked with others about whispers, and doubted whether they were wrong.

As a result, everyone heard it. Together with the anger of Chuhe, everyone also vaguely understood that this was his secret threat to the waves, and the results were spread to everyone.

They did not dare to publicly echo the anger of Yue Zhennan, and did not dare to support the ridicule of Yue Baichuan, but the position has changed immediately.

Originally, except for the Yue family, almost all supported the Chu River, but now they all turn to support Shen Lang.

The extraordinary warriors are not very clear about the specific realm of the comprehension, but they also know that they are the masters of the Chu family. They thought that they could crush the waves. Even if they were just embarrassed, they thought he was a big idea. But people, they are threatened with hostages!

The famous Chu family, the Chu River of Chu Mofeng's son, actually caught a girl to threaten others! It is also threatened by everyone in the Yue family and using the parents of Shen Lang. Is this still the style of the giants?

This is simply the style of the evil school!

They don't come out to support the sense of justice, but the whispering has already shook his head, and his heart has been cast aside.

And like Xie You, to be honest, it is actually a bit of gloating. The Chu River burst into such a scandal, which is definitely a blow to the Chu family. Although everyone is not an enemy, but the trade-offs, the same level of family scandals, reduced reputation, equal to their reputation has risen.

Xie Youluo hesitated and decided to seize this opportunity!

At this time, the Chu family was despised by everyone Xie Jia came out to preside over justice, which is a stark contrast.

“Lord Chu River! We are not as strong as you at the place, how can you engage you? But even if I am not as good as you, I am a junior in terms of age, but I can't help but want to say a word, too much! ”

Originally, he wanted to avoid suspicion, but he thought that his strength was not as good as it could prove that he had nothing to do with him, so he generously admitted.

The strength is weaker, the generation is lower, and dare to speak out, it proves that he is fearless!

His opening, the monks who had just been squandered by the Chu River and did not dare to say anything, nodded their voices and helped others to make a bird.

“Today is called the Super Wu Hero Club. I dare not say that we are all heroes. At least we are not evil! I hope that you will only talk about it and will not really threaten people to threaten!”

Xie You’s voice is even louder. This sentence is to bring all the people of the Super Wu Hero Club together. Everyone did not dare to offend the Chu family. They could only talk or whisper, and they dared to follow the sound. And Yue family must of course be followed, which is related to their life!
