Chapter 17 - Come here

Shen Lang stopped and watched Liu Zhilong come to him very quickly.

“You can wait for you!”

Liu Zhilong took a sigh of relief. “They said that you have taken a leave today. Maybe you will come back tonight, or you may come back tomorrow morning. I have called you, but I am waiting here...”

“What?” Shen Lang interrupted his words.

“Please eat!” Liu Zhilong showed a warm smile.

Shen Lang squinted at him. How is this so fake?

Everyone is not a friend. Liu Zhilong still has to smother him on Monday morning. It is understandable that he is frustrated. It is not normal for such enthusiasm.

“Go, go, it’s too swaying, let’s go and say ok?”

Liu Zhilong was a bit embarrassed by him, and he said with a low voice: “My character can be assured, and you will never ambush people to avenge.”

Shen Lang snorted, really want to ambush people, he is not in the eye!

He is not at school and does not need to lead him out. As long as he is ambushing from outside the school in his direction, he will not be amazed.

“Let’s go! You should haven’t eaten yet. There is no dinner in the cafeteria.” Liu Zhilong also found a realistic reason to invite.

Shen Lang slightly thought about it, guessing that Liu Zhilong would like to have dinner is nothing more than two possibilities. One is that he has not been close to the rain this week, and that the boy who may be beaten down has apologized to him.

He was in the mountains one day, didn't eat at lunch, had a meal in the cafeteria, and needed to go out to find a restaurant to eat, and he refused.

Although not everyone in the county is like Dong Wenbin's living expenses of one or two thousand per week, but three to five hundred are also very common. Shen Lang is a very few people in the past week, and he is also sensible and thrifty.

Students have a certain ability to spend, of course there are many restaurants around, and there are also taxis to do business.

Shen Lang looked at Liu Zhilong waiting here. I thought it was in a nearby restaurant. I didn't expect him to call a taxi and go to the most exclusive Huayue Hotel in the county!

The Yue Palace Hotel, the Chinese restaurant of Huayue Hotel, is the highest-grade restaurant in the county. The level is not the same, and the consumption level is the highest known.

The entire Huayue is doing business for high-end guests, including foreign investment, local host banquets, and some public money meetings.

Ordinary working-class people, at most, happy occasions such as happy celebrations and birthday birthdays.

Shen Lang's father came back, or had a guest. It's also an affordable restaurant to go out for dinner. I didn't come to Yuegonglou.

Liu Zhilong is obviously not the first time to come, but also the situation of Shen Lang. From the time he got off the bus, he also introduced it without revealing the traces, so as to avoid the self-deprecation of Shen Lang.

However, he soon discovered that whether it was entering the magnificent lobby of Huayue Hotel, or entering the luxurious and quaint Moon Palace building, Shen Lang was very calm.

This made him secretly nod and it was not easy to put it out and put it in this way.

After entering the Yuegong Tower, Liu Zhilong and the client said a private room, led by the consultant, there is no other person.

Coming here, Shen Lang has overturned the previous guess.

If it is the boy, even if you apologize, you don't need to go to the Moon Palace. Just because he is not close to the rain, Liu Zhilong does not need such a grand treat.

Putting aside these two, as a high school student, there will be no other relationship, then there is one more possibility left...

Dong Wenbin is able to afford it here, and this guy also likes to show off his wealth. If Liu Zhilong revealed to him the hidden strength of Shen Lang, it is still possible to find Liu Zhilong as a lobbyist.

After Liu Zhilong came in, he arranged for Shen Lang to sit down and sent the waiter out. He said that he sat first. He went out and soon returned.

Shen Lang was a bit uncomfortable at the moment. He and Liu Zhilong were misunderstood. The two had no grudges and could give a face. But unlike Dong Wenbin, he was not interested in eating Dong Wenbin's meal, even the most upscale restaurant in the county.

But people have come, and if they go quietly now, they will be ridiculed. So he waited and watched, and wanted to see what they were going to do.

Last week's desperate practice, exhausted the energy inside the jade, in order to have a self-protection strength!

Liu Zhilong said that he will return soon. The result is that Shen Lang waited for him for twenty minutes!

Shen Lang pressed the feeling of more and more unhappy. When Liu Zhilong opened the door, he decided that he would not give Liu Zhilong and Dong Wenbin face and go directly!

“Sorry, sorry, I have kept you waiting. I have already notified the waiter to serve, and I will be fine soon.”

Liu Zhilong came in while apologizing, and he was significantly more mature than his peers.

Shen Lang has stood up, is Laozi worse for this meal?

As he turned around, he saw two people coming in with Liu Zhilong. One of them came in, stepped forward, moved the stool off the front, let the other one come to the seat, and then stepped back.

This is a young man in his early twenties, with gold-rimmed glasses, his hair combed a little bit coming in from him, his eyes staring at Shen Lang, with a trace of examination.

Shen Lang was originally prepared to go to the sleeves, but found that Dong Wenbin did not deliberately dry him for twenty minutes. Liu Zhilong was behind a person who had never seen him.

The surprise makes him not attack for a while, but to see what purpose they have.

When the man was seated, Liu Zhilong also maintained a respectful attitude alongside, and then lowered his voice to introduce it.

“This is the honorable Yue Da Ge, he is very loved, I heard that you have talents in your strength, and come over and find out.”

After a brief introduction, he faced Shen Lang again, and lowered a little voice: “If you have a big brother to help, you can also get a place to be offered to the sports school. Your achievements have no chance to go to college...”

Shen Lang’s ears listened to Liu Zhilong’s words, his eyes were on the face of this big brother, and the other side was watching him, it was the confrontation of two people.

“Pingxi Yuezhen South.”

From Liu Zhilong's demeanor, called "Yue Da Ge" has a little closer to the relationship, it is also a simple sentence, it is inconvenient to introduce the origin of this person in detail.

And this Yuezhennan himself, but a calm self introduced it, just five words, has revealed a lot of information!

Pingxi, indicating that he is not from the county, is from Pingxi City, Yuezhen South is his name.

Liu Zhilong said that his status is honorable, but he did not report a bunch of origins and titles. It just shows that he has a head. You don't need other titles to set off, people who are qualified to know, hear these words, naturally know their origins!

But for Shen Lang, you are in the south of Pingxi Yue Town, or in the north of Pingdong Yue Town, shutting me up?

Do I know you?

I want to know you?

Ha ha!
