

## First Strong 170

Chapter 170 - coma

“Miscellaneous things! The dog’s eyes are all smashed! Just go and go!”

Bai Shenghua himself was very flustered. He did not dare to have any disrespect to Shen Lang. He drank it against these men, so that he could be a little more stable.

“You please! Please... Yue Gongzi please!”

Originally, he did not believe that Yue Zhennan was a self-cultivator. If he is a self-cultivator, it is really impossible to talk to him. Not to mention the comprehension, that is, the original Ye Fan, the seven-segment of the extraordinary warrior, is also his enthusiasm.

But now that he recognized Shen Lang, he could not help but believe it, or said that Shen Zhennan is a self-cultivator, then he must maintain his attitude towards the self-cultivator!

He remembered some rumors that he had heard these days and had been afraid to determine whether he was the same person. But now, seeing Shen Lang and Yue Zhennan together, I have already believed the words circulating in the small circle of Pingxi in the previous period.

As for the incident happened in the Yue family last night, he still has a grudge with the Chu family. He is still unclear. It was only the Chu River that came over and made such an arrangement for him. He completely cooperated and did not dare to ask more.

Bai Qiye has become so respectful, and where do other people dare to talk nonsense? From the bodyguards to the men, they quickly opened a road, and Bai Shenghua personally led Shen Lang and Yue Zhennan to go inside.

This result makes Yue Zhennan breathe a sigh of relief, otherwise he is still a little difficult to do. However, the reminder of Shen Lang just made him very shy, but really did not adapt to the new role!

Just now he was still the role of the second son of the Yue family. He felt that Bai Qiye was a big talker with his father. He should keep a little politeness of his younger generation. I forgot that I am a self-cultivator, and the comprehension is not a superb existence in the West.

“Know why we are here?” Lifting Chu River, Yue Zhennan’s tone cooled down, no politeness before.

Bai Shenghua is a bit embarrassed: “I don’t really understand it, but I have seen this person and should be able to guess a little.”

“He smashed a friend of our brother, and the confession is here. You should be clear! Take us there!” Yue Zhennan replaced Shen Lang.

“Yes, there is such a thing, please come with me...”

Bai Shenghua also has nothing to say. The strength of Shen Lang, he personally experienced it at the beginning, and the seven-segment of the extraordinary warrior was seriously injured by him. Plus the rumors behind, then he is the first strongest in Pingxi!

Although he is a daunting party, he is actually an ordinary person with a little power and connections. It is a breeze for the self-cultivator to kill him.

“People are in the eighty-eighth room, don’t play tricks, and the defenders are also withdrawn!”

Shen Lang said coldly. He just searched for it, Zheng Yumeng was in the room of 080, it was a rest room, she was lying in bed quietly. I don’t know what the situation is, but at least I can make sure there are no other people in the room.

But outside the room, there are several people guarding.

“Are you sure? How do you know that it is in August?” Yue Zhennan couldn’t help but whispered a question, is it an unknown prophet? Can the self-cultivator do it?

Bai Shenghua has been keeping his slightest body and leading them to the elevator. He was preparing to respond to the words of Shen Lang. Suddenly he heard the words of Yue Zhennan, and when he was just asked by Yue Zhennan, it was not like knowing the specific room. This made him shocked again!

“Yes, yes.” He only dared to agree.

Someone in the elevator was watching, and saw Bai Qiye personally come over, and quickly pressed the elevator in advance, waiting for them to enter.

The three people came to the eighth floor, and Bai Shenghua took them directly to the room of 808. Before they came closer, they were squandered and let the guards at the door leave.

Then he opened the door with his room card.

“Tell what is going on.”

After opening the door, Bai Shenghua was a bit embarrassed. He wanted to go in and was afraid that the waves would be unpleasant, he would not go in, and he was afraid that Shen Lang would misunderstand him to report.

When I heard this, I quickly agreed and went inside.

This is his place, he is very familiar, knowing that the eighty-eight is a suite, the girl is resting in the bedroom, so it is convenient to follow in, and then close the door.

“At noon today, this person brought the girl to the girl. It was a coma at that time. Because the deputy mayor of the field personally accompanied him, I had to give it to this face, and I dared not ask more, so I arranged it. This room gives the girl a rest.”

“I don’t know if this is your friend, or else you will turn your face on the spot!” Bai Shenghua said a loyal discourse that he did not believe. “But although I have no intention of helping me, I am arranging people to stay here and not let others go in, this is evidence of surveillance videos!”

In the previous sentence, Shen Lang and Yue Zhennan would not believe it, but in the latter case, he can say that monitoring is a testimony, it should be true.

“You send people to guard, it is not let people leave!” Yue Zhennan directly satirized a sentence.

Bai Shenghua is so old, he speaks sleekly, and he does not let Zheng Yumeng escape. To his mouth is to keep others from entering, but it is like protection.

After the reminder of Shen Lang, Yue Zhennan adjusted his mentality, and Bai Shenghua adjusted it downstairs. He was ironically stunned and did not dare to have any dissatisfaction.

Shen Lang is based on his clues and quickly analyzed it in his mind.

When they left for the resort in the morning, let Zheng Yumeng eat breakfast, then the Yuejia people sent to the nearest international airport, and then bought a ticket back to her grandfather Zheng Yuqing.

The result was caught at noon here From time, it should be Tian Luning who arranged to watch the Yue family outside, saw Shen Lang and they went to the resort, so Chu River later found the resort.

This kind of Shen Lang can be thought of, but does not care at all. Unexpectedly, the grudges were on his head, but the other party did not even let Zheng Yu Meng let go, tracking her to the airport.

The Chu River should have arrived in the morning, and after learning that it was going to the airport, it was waiting at the scene, and then brought Zheng Yumeng back. Zheng Yumeng and Yue Zhennan, just pulled out of the seedlings last night to reach the Yuanyuan, even the ordinary returning monks are not as good as, not to mention the monks like Chuhe.

After catching it, Tian Luning was afraid of being arrested by the Yue family in order to avoid the suspicion, so he sent the person to Bai Qiye. It is safe enough here, and the face of the deputy mayor of Tada is enough.

Does Bai Shenghua have a relationship with the Chu family, and he is not interested in inquiring about it. Anyway, he does not know the identity of the other party. Naturally, he wants to clear up and avoid being trapped.

Zheng Yumeng is not sleeping at all, but is stunned by the Chu River. Then he went to the resort, in order to prevent it, just let Bai Qiye strictly guard this side.
