

First Strong 181

Chapter 181 - Arrange overnight

“Time... is after half a month, once in three days, and the upper age is twenty.”

Xie You basically said the secret, without him, mainly Shen Lang is strong enough!

If you can pull Shen Lang into Xie's foreign aid, this harvest will inevitably be much larger.

Although Shen Lang has challenged Chu Mofeng, he still holds a glimmer of hope. As long as Shen Lang is willing, there are still ways.

To make Shen Lang disappear, change his face to appear in another identity, it is not a big deal for Xie.

“Report to your home!” Shen Lang directly agreed: “If you are not afraid of Chu's opinions, I can cooperate with you. Attention, just cooperation, will not be a vassal of Xie's family. What do you ask me to do, I Can do it for you, just this cooperation.”

Xie You was silent, and then said seriously: “You disappeared from Pingxi. We will arrange another identity for you. When you go directly to Death Valley, there is no problem in cooperation. This can save your life!” As long as you disappear, your family and friends will not have anything.”

“No! I declared war in public, but I have been shrinking myself. How can I mix it later?” Shen Lang directly vetoed.

“Wake up! Nothing is lost, what are you mixing? You have unlimited potential. Don't waste your talent! What is the difference between you and Chu? Time! He has practiced for more than a few decades. After a few decades, you can become a real person, and you can fight with him!”

Shen Lang said with no anger: “A few decades later, do you still need to fight with him? Is it directly killing him?”

“Oh... you don’t want to dig into the horns, I mean, now you are fighting with Chu Mo, it is unfair. You and Chu Yuncheng, they are equal, you won, this is enough! However, Chu Mofeng is now in the realm of existence. After another 20 or 30 years, it will not die in the age of 100.”

Shen Lang sneered aloud: “By relying on your family to change your face, then I really can only rely on your home! And this has become your handle, even selling your home. I am Zhenglangtangzheng, Chu Mo Since the wind has challenged me, I will openly fight him!”

Xie You was a bit embarrassed. He is actually kind, and this is the best way to win.

“If you don’t change your status, there is only one way... We will report it to the Chu family in advance, not afraid of them, but we must avoid misunderstanding and let them know that we are just borrowing you. After Death Valley came out, it was not with Xie. Relationship, what should you do?”

“Crap! I am not saying this? You can cooperate once and you don’t have to take risks.”

“But... this will make me feel uncomfortable, just use your identity and age, but Xie can not give you shelter.” Xie You said helplessly.

Shen Lang smiled: “I don’t need someone to shelter! I can rely on myself!”

He does not need to rely on Xie’s family to shelter, and this is not a must for this dead forest. Just after listening to Xie You, I feel that there is something to gain in it.

After all, he does not have a martial art, family resources, and Zheng Man’s legacy is all. Sitting on the mountain, still have to plan ahead, this opportunity is not always there.

“Good! Then a one-time cooperation, I will talk to you about the situation you said, but can’t be... not that I can decide. After all, I am only a junior.”

Xie You is still more cautious in speaking. He can’t decide what the family decides. Otherwise, it may even provoke the waves.

Shen Lang nodded, Xie You is obviously the leader of the third generation of Xie, or else he will not know so many secrets, and there is this power of reporting, but it must be decided by the owner.

Xie You did not leave a Dora relationship, but exchanged contact with Shen Lang and then left.

After a while, there was a sound of knocking on the door.

It is Yue Zhennan and Zheng Yumeng. Their room is next to Shenlang. They all noticed Xie You's visit, so let's take a look.

"Lang brother, this Xie Gongzi, but I have been looking for you for the second time. I also helped us to talk before. Could it be that the family and the Chu family..."

When Yue Zhennan's words were not finished, they were interrupted by Shen Lang.

"Don't think too much, Xie will not turn over with the Chu family. Or, the price of turning a face must be very important. Do I have it?" Shen Lang asked.

Yuezhen Nanxun smiled and laughed. After the nest, there was an egg. If there was something wrong with it, Yue Jia was in trouble. Therefore, he still has a glimmer of hope. If the Xie family does not deal with the Chu family, the enemy of the enemy can be a friend.

With the participation of the wealthy family like Xie, at least the water can be stirred up even more.

It can be seen that they are all really worried, and Shen Lang has not concealed them: "Xie You provided some information. Chu Mofeng is a real master class, five levels higher than the Chu River."

"..." Yue Zhennan was shocked.

Because Zheng Yumeng did not see the hands of Shen Lang and Chu He, he absolutely believed him. He did not know too much about the realm of cultivation. There was not much reaction.

“Consider with your father, let’s go tomorrow!”

“Go?”

Shen Lang smiled and said: “In the identity of Chu Mofeng, it is disdain and can’t do anything to other people. But the Chu family is different. The Chu family still has a lot higher than the Chu River, two three realms. Maybe it will be secretly started. My parents are ordinary people. If you build up the reputation of Chu, you are a self-cultivator and have a close relationship with me. It is the best hostage.”

“Okay! Then I will find a place to hide.” Yue Zhennan seriously promised that he knew that he still had words to say to Zheng Yumeng, then he left.

He is not afraid of death, but if he becomes a hostage, it is not good for Shen Lang to Yue Jia. He is not a famous hero, and it is not shameful to hide it.

Seeing Shen Lang’s gaze, Zheng Yumeng showed a poor look: “I want to leave? Don’t you promise me to follow you?”

“I still underestimated the strength of the Chu family. You stayed at night, not from today’s airport by car to other airports, the fastest flight left. Chu family was originally confident in the Chu River, so Now is their vacuum period for the time being!”

Zheng Yumeng’s face is embarrassing and he wants to continue to ask for it.

Shen Lang said coldly: “You are staying with me now, it is tiring! Go back and practice well. When you are strong, you can come back when you can help me!”

Zheng Yumeng stayed a bit, yeah! Don’t say anything else, isn’t it already tired once today?

“Well... I must practice well!” Zheng Yumeng solemnly promised.

Shen Lang communicated with the bleak Yuanshen, and then remembered one thing, took out the blood crystal bracelet: “This is for you, always wear, it will help you practice.”

“Okay!” Zheng Yumeng saw Shen Lang send her a gift, which showed her attention and made her happy again, no matter whether it was baby or not.

In fact, this is for the bleak, Zheng Man legacy items, want to give her a little bad, her strength is not enough, but instead of guilty of her sin, she gave her some Lingshi, so that she does not need to save, there is Ask her grandfather what she doesn’t understand.
