

First Strong 182

Chapter 182 - The remnant of the tomb of the king

Shen Lang gave Zheng Yumeng's Lingshi, a lot of bags, leaving only eighty.

Zheng Yumeng's physique is very special. After straightening out, it can be practiced in accordance with the appropriate methods. But like a powerful car with a good engine, it often consumes more fuel. It must give her a little more spiritual preparation.

And there is also a desolation of the same body, two people will promote each other, but the consumption may be doubled.

Seeing that Shen Lang is so solemn, Zheng Yumeng can only accept it, and secretly swears that he will improve his cultivation as soon as possible, hoping to come back to help the busy waves.

However, she did not understand the value of Lingshi, or else she did not dare to accept a lot of Lingshi.

I came here in the morning and found that the matter of last night and Chu Yuncheng had spread. After being awakened by Shen Lang, Yue Gang had already checked the Yue family for a day, including Yuefu Garden and Resort Villa. Case.

In the evening, I knew that Zheng Yumeng had been arrested by the Chu River, and I paid more attention to it. Now the gatekeepers and monitoring rooms of the resort are easy to leak information, all of which are the children of Yuejia personally staring.

When he learned that Zheng Yumeng had to leave, Yue Gang did not dare to neglect, saying that he would like to drive himself in person. He did not dare to let Zheng Yumeng have the slightest problem.

However, Shen Lang vetoed, he will be a conspicuous one, Yue Gang as the home of the Yue family, is the same. Moreover, he did not let Zheng Yumeng go from the nearby international airport. It was another airport that was far away from the city. It took a long time to drive.

So he asked Yue Gang to arrange two reliable children of Yuejia, take turns driving, and send Zheng Yumeng away as soon as possible. When leaving the village, Shen Lang personally used

God's knowledge to monitor all aspects, and determined that no suspicious people are paying attention.

After leaving Zheng Yumeng, they discussed with Yue Gang and Yue Baichuan about Yue Zhennan.

They are also very cautious, agree with Shen Lang's views, and this is also the worst plan to hide Yue Zhennan, even if the Chu family does not care about the face of the Yue family, at least still left a trace of blood.

Regarding Yue Zhennan, Shen Lang had another arrangement, and there was no concealment. He told them directly.

When Yue Baichuan heard that Shen Lang wanted to let Yue Zhennan hide inside the tomb of the King of the King, they were all shocked!

The Tomb of the King of the Kings is the secret of their family for hundreds of years. Only the homeowner and the core of the family can be known. This is a mysterious and sacred place for them. Hiding people inside, does it take sixty years to come out?

Safety is safe, but in the past 60 years, Yuezheng South is also over 80 years old!

But after the shock, they all woke up. The tomb of the King of the Kings can only be opened once in sixty years. Since Shen Lang can open it and send it in, of course, it can also bring people out.

If this is the case, then only Shen Lang can find Yue Zhennan!

They immediately recognized this plan, and Shen Lang let Yue Gang have the items he needed for half a year.

Although he and the Chu family declared war, it was agreed after one month, but afterwards they did not know what the situation was, and the time to avoid the limelight was more than half a year. If it's okay, of course you can put him out in advance.

Clothes quilts can be repeated, half a year, the biggest consumption is food and drinking water.

In order to avoid night long dreams, Yue Gang immediately set out to prepare for it tonight.

For Yuejia, this is not a problem at all. Calculating the needs for half a year, I immediately contacted a supermarket warehouse to deploy. Water is essential, and food can only be stored in vacuum for preservation. Temporary, can not be specially prepared, can only be biscuits, chocolate, etc., and when it is time to use instant water to soak instant noodles, it is to improve the food.

Vegetables and fruits can not be carried, and dehydration is not good. For the supply of trace elements such as vitamins and minerals, it is directly given to vitamin tablets.

These can only be done with one command. Of course, Yue Gang and Yue Baichuan will also prepare things for Yue Zhennan's cultivation. These need to go back in person.

By the time of the morning, Shen Lang and Yue Zhennan had joined the prepared trucks.

Driving is a cousin of Yuezhennan, the son of Yue Sheng, of course, this thing can not let outsiders know. Even if it is the distribution side, it is not clear what it is.

The things that Yue Gang prepared were also brought up. Shen Lang gave him an address. It was the nearest town in Phoenix Valley, let him go over there.

“Nan Ge, this time you have to prepare for a dark retreat for half a year, no power, no signal, it is too bad. How can this be over! Too sudden, or else I will prepare a simulated inflatable doll for you, when you are lonely still alright.....”

“Shut up!” The cousin's joke made Yue Zhennan not sighed with relief.

This is really a retreat, but the root cause is flight. Otherwise, who doesn't want to live at home!

When he came to the town, Shen Lang used his memory to let him continue along the road to the mountains. He went to the approximate location where he came out last time and let the parking stop.

“Unload the things, you will wait for me in the town.” Shen Lang gave a cry.

The cousin of Yue Zhennan also saw the scene where he blasted his master. He was very admired and respected by him, and he did not dare to question anything. Their two brothers quickly moved things down, and then the cousin drove the truck first.

“Lang brother, is Phoenix Valley near here?” Yue Zhennan is ready to start moving things.

He actually wants to leave his cousin. After all, he can't let Shen Lang move things. So many things don't know how much. It's not nearly possible to be on the side of the road!

At this time, Shen Lang thought about it and directly ingested all the items into the storage ring.

“...!”

Yue Zhennan could not help but be dumbfounded!

Because in the middle of the night the light is not very good, he really doubts whether the eyes are out of order. After carefully reading it, I rubbed my eyes hard and everything was gone!

Here are the two of them, don't even think about it, it's also a wave of cast spells!

“Go!”

The specifics can still be a little distance, Shen Lang took him to the Phoenix Valley quickly. After that, re-start the off-horse array and let the tomb of the king again.

Looking at the magical scene, Yue Zhennan is also excited. For the Yue family, after the death of the grandfather sixty years ago, this is the existence of the legend. They are unable to participate this year, but now he has the opportunity to come again.

This is his grandfather's dream!

Shen Lang took a charging light and took him in. He introduced him to the situation. Including several corpses inside, and the bones of his grandfather.

Because it is going to be here for a long time, in order to make the air a little better, Shen Lang let him live and practice under the entering passage. After taking out all the items, he took ten Lingshi out. A simple poly array was arranged on site!
